THE LINCOLN STAR

FIFTY-EIGHTH YEAR No. 288 LINCOLN, NEB., THURSDAY MORNING, SEPTEMBER 1, 1960 SEVEN CENTS

CONGRESS NEAR END

Brooks Is Unchanged

. . . CONDITION SERIOUS

By Betty Person

Gov. Ralph Brooks' physician reported "no significant change" Wednesday evening in the condition of the chief executive who is hospitalized at Lincoln General Hospital with a heart ailment resulting from a virus infection.

Robert Conrad, administrative assistant to the governor who relayed the report from the physician, said the governor's condition remains "serious."

The 62-year-old governor has been hospitalized since August 23.

The governor went into a "critical" stage early Tuesday morning as the result of a "congestive heart failure" —which was described as failure of a portion or a muscle in the heart to function properly, accompanied by congestion in the lung area.

He rallied somewhat from this condition after a brief period, however, and was taken off the critical list. He has remained on the serious list since that time.

Conrad visited the hospital early Wednesday evening and reported the governor was sleeping.

Mrs. Brooks, Conrad and Mrs. Evelyn O'Connor, the governor's secretary, had remained at the hospital with the governor throughout Monday night.

They also were with the governor throughout Tuesday night, though Conrad said they felt there was no particular need for them to do so. They had no plans to remain through the night Wednesday.

The governor's daughter, Mrs. Robert Regehr of Hollywood, California, arrived to visit her father.

Press Confab

Conrad said a press conference has been scheduled at 11:30 Thursday morning with the governor's physician to allow reporters to question him concerning the governor's health.

Conrad called Lt. Gov. Dwight Burney again Wednesday morning to keep him advised of the governor's condition.

In answer to queries from the press, Conrad said the question of whether the governor would be able to continue his duties would "become a medical question."

The governor has signed several officials papers since his hospitalization, and Conrad has discussed several matters of state business with him.

Beck Reviews Statutes—Page 38

LIST HABITS OF MOSQUITO

The habits and types of mosquitoes in Nebraska are explained in the last of a series of articles on the mosquito problem in the Lincoln area. See Bill Anderson's story on Page 16.

Steve and Trucker and School.

Friends Must Part For School Bells

By Gene Budig

Waverly—Steve and Trucker are the best of buddies.

In recent months, they've played games, caught fish and downed countless hotdogs as a team.

(They've even been known to get into a little boyish mischief together.)

Next Wednesday, however, this Tom Sawyer-Huck Finn relationship will be over (or at least for 9 months).

Back To School

Like thousands of other young Nebraskans, 11-year-old Steve will round up his notebook paper and pencils and head back to school.

And like thousands of other dogs, 3-month-old Trucker, a Cocker spaniel, will stay at home.

Steve, the son of Mr. and Mrs. James Spidel of Waverly, feels bad about the approaching break-up and he's sure Trucker will too.

Across The Street

But Steve finds consolation in that he lives right across the street from school, "so Trucker can be pretty close."

Patting the wide-eyed, almost understanding pooch, Steve assured: "We'll always be friends."

With that, the pair dashed off to enjoy the last few days of their summertime fun.

Part Of Foreign Aid Is Restored

$600 Million In Aid OKd For South America

Washington (Thursday) (AP) — A dispute over a sugar bill upset Congress' plans to adjourn its August session early today. The House recessed at 3:36 a.m. (EDT) until noon.

House Speaker Sam Rayburn (D-Tex) declared the recess after the Senate had passed a bill giving President Eisenhower discretionary authority, without strings, to cut the Dominican Republic's sugar quota.

The House had passed the bill in a form which Senate Republican Leader Everett M. Dirksen of Illinois had said President Eisenhower would veto.

Rather than take up the Senate bill immediately, the House quit for the night.

The Senate bill struck out restrictions which the House had voted to impose on the President's power to cut sugar quotas.

Vote 62-17

The 62-17 vote was a victory for President Eisenhower, and came after a long Senate battle.

The bill was sent to a waiting house. It was the last major issue to be settled before a final windup of the August Congress session.

The Senate bill was offered by Senate Republican Leader Everett M. Dirksen of Illinois. He had told the Senate Eisenhower would be likely to veto the bill passed by the house.

Dirksen's bill would give the President discretionary power to cut or terminate the dominican sugar quota. The house had voted such powers, but with conditions which Dirksen said would be impossible to meet.

Major Actions

Congress took these major actions, in addition to clearing away a raft of lesser bills piled up on its docket:

—The House and Senate settled their differences over more foreign aid money, agreeing to give Eisenhower another 65 million dollars — only a fraction of the funds he wanted restored from previous cuts.

—The Senate completed Congressional action on a bill conferring authority for a new 600-million-dollar aid program for Latin America, newly become a front in the cold war.

—The House passed, 171-32, a bill to increase price supports for butterfat and milk used in making butter and cheese. The measure went to the White House, where it might run into a veto.

Opponents, including Secretary of Agriculture Ezra Taft Benson, attacked the measure as political, but its advocates contended it would give dairy farmers a needed financial lift.

Kennedy Sees Veto

Sen. John F. Kennedy of Massachusetts, the Democratic presidential candidate, all but predicted a veto. And with an eye to the midwest vote, he pledged to remedy any such situation if elected Nov. 8.

Agreement by the House and Senate on the added foreign aid funds came without a floor struggle.

The Senate, which had heeded President Eisenhower's pleas in part and voted another 191 million dollars in aid money, yielded to the House and agreed to compromise on only 65 million. Senate action was by voice vote.

Earlier in the day, the House—some of whose members were in a mood to deny all increases — grudgingly gave in a bit to the Senate and to Eisenhower and approved the 65 million figure.

The House had balked at allowing a penny more, despite Eisenhower's contention that Congress cut dangerously deep in its earlier passage of the main $3,722,350,000 aid bill.

The added 65 million in aid money was written into a final $162,186,981 catch-all money bill covering funds for a variety of federal functions.

In other actions:

—The Senate and then the House passed a stopgap bill to keep in effect 3 housing programs until Congress returns for its next full session in January. Backers said they expect Eisenhower to sign it.

A broad $1,247,500,000 housing bill passed the Senate June 16, but has bogged down in the House Rules Committee.

Assistance Pay Hiked Up To 10% For 11,600

. . . State Action Effective Oct. 1

By Betty Person

The Board of Control, meeting as the Board of Public Welfare, Wednesday approved cost of living increases ranging up to 10% for those on assistance payments not now receiving the maximum allowable.

Gov. Ralph Brooks had asked the Board to make a review of the state's assistance standards to determine whether they reflected the increased cost of living and to make any appropriate administrative adjustment.

The governor asked that the adjustment be made to help "maintain a moderate but adequate standard of living for those on our public assistance rolls."

The increase, which is to be based on individual need, will become effective October 1.

$553,743 Cost

On the basis of estimated needs, Frank Woods, director of the Division of Public Welfare, told the Board the cost of the increases would be approximately $553,743 during the 9 months remaining in this biennium.

The Board pointed out that Nebraska is now receiving the maximum in federal aid for assistance and that the increase will come from state and county funds.

It marks the first cost of living increase made since December, 1958.

Approximately 11,600 persons will be affected by the increase. This represents the number of persons in the various assistance categories who are not now receiving maximum payments or who are not nursing home cases.

The number of persons affected in each of the various categories is: 8,075 on old age assistance; 533 on blind assistance; 779 receiving aid to the disabled, and 944 family units receiving aid to dependent children involving 2,229 youngsters.

Monthly

Maximum monthly allowances in the various assistance categories are: old age: $70; aid to the blind: $100; aid to the disabled: $65, and $100 for the mother and first child under aid to dependent children, $15 for each of the next 3 children, and $10 for each additional child.

The board explained that outside income governs the amount of assistance granted to those receiving aid. The law provides that recipients' total incomes may be supplemented up to the maximums allowed.

Increases granted Wednesday allow for cost of living hikes in food, sundries (personal care items) and recreation, and household supplies.

Estimated monthly increases for each of these categories is: food, $31,028; sundries and recreation, $16,235, and household supplies, $14,264.

The board said it is studying the maximum payments to determine whether they are realistic figures with the possibility of recommending to the governor that the next Legislature be requested to make adjustments.

FAIR, TORRID WEATHER SET

Fair skies are in store for most of Nebraska through Thursday.

Little temperature change is expected with the highs reaching the 90's east to near 100 west Thursday.

Isolated showers were predicted in the panhandle.

Lincoln had a high of 94 Wednesday, with the state high of 103 recorded at Valentine.

Lincoln received a total of 6.29 inches of precipitation during August, which brings the year's total to 36.65 inches.

Mercy Mission Yacht Winning Desperate Battle To Stay Afloat

Honolulu (AP)—A 136-foot motor yacht with a 4-year-old heart patient and 17 other persons aboard appeared early Thursday to be winning a battle to stay afloat in the South Pacific.

The flooded Wild Goose II messaged the Coast Guard it was "in no immediate danger," and was moving slowly toward Hawaii from a point 218 miles south of Honolulu.

A Coast Guard cutter reached the yacht early Thursday.

The cutter Matagorda began attempts to repair the yacht's damaged hull, and the cutter commander said he would accompany the stricken vessel to Honolulu if she were able to proceed under her own power and would take her under tow only as a last resort.

An air-dropped pump checked flooding of the yacht, Wild Goose II. But water remained 10 feet deep in some compartments and pressure threatened to weaken the bulkheads.

The yacht, owned by Max Wyman, Seattle lumberman, was homeward bound from Tahiti after halting a world tour for a mission of mercy. Wyman took on a 4-year-old girl at Penrhyn, in the northern Cook Islands, who was in need of emergency heart surgery. He headed back for Honolulu and Seattle.

Before the pump was dropped by a Coast Guard plane, the yacht had reported it was "impossible to patch the hole from the inside."

The Wild Goose first rawas taking on water and sinking.

At 3:52 a.m. the ship radioed the lights went out.

A 4:42 a.m. message stated the yacht was taking on water faster than it could be pumped out. All compartments were flooding.

Help Sent

The Coast Guard dispatched the cutter Matagorda and 3 planes.

Five hours after the first distress message was sent, a plane dropped an auxiliary pump. But the yacht crew was unable to start its engine.

Another pump was urgently requested.

It was dropped shortly after 8 a.m. and went into operation at 8:30.

The yacht then reported that the leaking compartment had been sealed off.

Tot Needs Surgery

Wyman had cut short his world cruise to take aboard Cecilia MacCauley, adopted daughter or Mr. and Mrs. M. MacCauley. MacCauley is resident agent on Penrhyn dioed at 3:10 a.m. that she Island for the New Zealand government. Cecilia, 23rd daughter of a Maori family, was being taken to Seattle to correct a congenital defect in her heart.

Seas were slight at the scene of the imperiled yacht, winds were light and visibility was good.

SCHOOLS BUSY OVER SUMMER

Maintenance crews have been busy preparing Lincoln public schools for returning students this fall. See Story on Page 25.

Pennsylvania Railroad Strike Halts Trains

Philadelphia (AP) — A strike against the Pennsylvania Railroad began Thursday.

Pickets representing 20,000 nonoperating employes belonging to the Transport Workers Union and the system federation began marching around the PRR's 30th Street Station at 12:01 a.m.

Major issues are job classifications and the railroads contracting with outside companies for repairs and replacements.

Directly affected are 52,000 other PRR employes from New York to St. Louis who were handed furlough slips for the strike's duration, 136,000 daily passengers and shippers who use the PRR for about 118,000,000 tons of freight a day.

Negotiations were carried on almost to the strike deadline, with TWU President Michael J. Quill and PRR Board Chairman James S. Symes on call until the final minutes.

Red Blockade

Communists have banned entry of many persons into East Berlin from West Germany. Story on Page 2.

CRASH NEAR PLATTSMOUTH KILLS WOMAN

Plattsmouth (AP) — A Plattsmouth woman was fatally injured and 6 persons were hospitalized as the result of a two-car crash on the west edge of Plattsmouth late Wednesday afternoon.

The victim was Mrs. Grace Koke, 51, of Plattsmouth.

Hospitalized are Mrs. Susan Titus, Mrs. Beverly Sutton, Mrs. Frieda Smalley and Mrs. Charles Shaffer, all of Plattsmouth, and Mrs. Donasis Lutrick and her daughter, Diana, 12, of Omaha.

Sheriff Tom Solomon said that Mrs. Titus was driving south on Highway 75 behind a truck when she started to make a left hand turn onto the Cedar Creek Road.

Albert S. Lutrick, of Omaha, was headed north. He said he didn't see the Titus car in time to stop and his car struck the car carrying the 5 women broadside.

Lutrick was the only person not injured.

The accident raised the Nebraska highway toll for the year to 168 compared to 229 on Aug. 31 of last year.

Africans Urge Congo Cooperation With U.N.

Leopoldville, The Congo, Aug. 31 (AP) — African neighbors bluntly told Premier Patrice Lumumba's government Wednesday to stop harassing the United Nations and cooperate in U.N. efforts to end the chaos within this two-month-old nation.

A Lumumba setback in the conference of independent African states coincided with a report from Elisabethville of reverses for his troops in their campaign against rebels in Kasai Province.

Albert Kalonji, the Baluba chieftain who proclaims himself president of a Mineral State in South Kasai, claimed his troops have recaptured Bakwanga, his capital, and three other towns that Lumumba's men occupied last week. Independent confirmation was lacking.

Lumumba Present

Lumumba was on hand for the windup of the 13-nation conference of independent African states.

The premier, who has attacked the U.N. off and on and spread the suspicion that its motives are imperialistic, sat quietly as the resolution calling for Congolese co-operation was read.

But he bounded back a little later with a complaint the Congo had not been consulted about U.N. moves.

The conference pointed out that the U.N. entered the Congo "at the express request of the government of the Republic of the Congo" and intended to "safeguard her independence, her unity and her territorial integrity." The U.N. was praised for "the work of peace it brings to the Congo."

In New York, Hammarskjold disclosed he has protested to Belgium for failure to get its last combat troops out of the Congo by Monday midnight as promised and announced. He said nearly 600 soldiers, some of them parachute troopers, remain.

The secretary-general accused Belgium's U.N. delegate, Walter Loridan, of giving him inaccurate information that the evacuation had in effect been completed.

A LITTLE SMALL

M.Sgt. Elmer R. White (left) of Lincoln and SM/Sgt. Robert E. Shinn of Lincoln found these scooters a bit small for transportation at Phelps-Collins Air National Guard base in Alpena, Mich. The sergeants are in summer field training at the base with the Nebraska ANG.

Going To Move?

Then notify the Circulation Department so you won't miss your paper. Be sure to give both old and new address.—Adv.

The Weather

NEBRASKA: Mostly fair Thursday with little change in temperature. High in the mid-90s east to near 100 west.

NEBRASKA PANHANDLE: Partly cloudy Thursday with isolated light showers or thunderstorms. No large temperature changes. High in the upper 90s.

KANSA: Generally fair Thursday and continued warm with highs 95-98.

A STROLLER

Police early Thursday found a barefoot, pajama-clad, 4-year-old boy roaming Lincoln streets alone at the southwest corner of 27th and R. The tot was taken to police headquarters where attempts were being made to learn his identity.

Today's Chuckle

Husband: "The bank just returned a check for $25."

Bride: "That's wonderful! What shall we buy with it this time?"

Reds Ban West German Travel To East Berlin

MAYOR WILLY BRANDT CHARGES LAW VIOLATED

Berlin (AP) — Communists commanding entry to isolated West Berlin turned back many West German visitors seeking to reach the city by road and rail Wednesday. The Reds contend they are trying to keep potential agitators away from East Berlin during West Berlin meetings of former residents of Red-ruled East Germany.

Besides those stopped, thousands of West Germans are believed to have stayed away from Berlin because of Communist threats.

A bus load of Bavarians en route to the West Berlin meeting was stopped at the border between East and West Germany.

Fifteen Willy Brandt car loads of delegates to a Baptist Church convention were halted and sent home when they tried to cross Communist territory.

Put Off Trains

The 110-mile highway from West Germany to Berlin passes through Communist East Germany.

East German police put at least 27 persons off trains en route to Berlin.

Mayor Willy Brandt's West Berlin city government denounced the blockade as an outstanding violation of law. An official statement asserted the convention of East German refugees would be held on schedule.

City officials met after Brandt conferred with chiefs of the U.S, British and French garrisons.

Dozens Turned Back

In Berlin itself, dozens of West Germans were turned back when they tried to cross into the Communist sector at the many street corners where this normally is permitted.

West Berliners and foreigners were allowed through to East Berlin. West Germans living outside West Berlin could go by subway or elevated train but they risked arrest by Communist police if found on Communist territory. Spot checks were numerous.

The Allied commandants in Berlin fired off a protest to the city's ranking Soviet officer, Maj. Gen. Nikolai F. Zakharov. They called the East German actions a flagrant violation of the right of free circulation in Berlin.

Berlin is still under the nominal rule of the United States, Britain, France and the Soviet Union. But a Soviet spokesman held that the responsible party is the East German Communist government — whose existence the West does not recovnize.

Freedom Academy Approved

Washington (AP) — The Senate Wednesday quickly approved the creation of an academy to teach tactics for use in the cold war — just as the military academies teach military science.

Passage by voice vote sent the measure to the House, where its approval this year seemed doubtful — particularly in view of the rush toward adjournment.

Anticipated opposition in the Senate failed to develop and action was speedier than expected. The only speech Wednesday before the vote was by Sen. Karl E. Mundt (R-SD), one of the bill's sponsors.

Mundt told the Senate "it takes men who know what the cold war is all about" to fight on even terms with highly trained Communists. He said creation of the academy is the way to develop such a force.

Creation of the school, to be called the "Freedom Academy," had been expected to be slowed down by members of the Senate Foreign Relations Committee. They had spoken of plans to demand that the bill be sent to their group for study, but made no motion to that effect. The measure had been approved by the Judiciary Committee.

Dairy Product Price Support Hike Gets OK

Washington (UPI) — The House passed and sent to the White House Wednesday night a bill to raise price support levels for milk and butterfat. Opponents were quick to point out actual prices generally won't be raised.

"The only excuse for this bill is that it will convince the farmer something is being done for him," complained Rep. John W. Byrnes (R-Wis.). "But it won't affect his milk check."

Byrnes accused the bill's backers of playing politics.

"If that wasn't a political speech, I never heard one," shot back Rep. Harold D. Cooley, D-N.C., chairman of the Agriculture Committee. "The bill doesn't pretend to increase the farmer's check. It just puts a new floor under his price."

There was general agreement that prices in many big dairy producing areas already are above the levels provided in the bill, $3.22 for milk used in manufactured dairy products and 59.5 cents for butterfat. Present support levels are $3.06 and 56.6 cents.

The new levels would be effective through the current marketing year, ending next March 31.

World War I Shell Kills 8-Year-Old Boy

Yatesboro, Pa. (AP) — A boy was killed and a man and his wife were injured in the explosion of a discarded World War I artillery shell in this western Pennsylvania community.

James Carasoni, 8, of Yatesboro, who was playing with the shell, was killed instantly.

William Lettie, 40, was reported in critical condition at a hospital with a fractured skull and a piece of shrapnel imbedded in his head. His wife, Mary Ann, 39, suffered minor face wounds.

Lettie, a neighbor, was working on his front walk about 25 feet away and his wife was about 40 feet away, police said.

House After Car Hits

A car took the wrong track Wednesday afternoon and crashed into the side of this house near Muny Pool. (Star Staff Photo.)

Car Jumps Curb, Smacks Into House At 227 So. 23rd

A car smacked into a house at 227 So. 23rd Wednesday afternoon, turning part of a fence and light pole guide wires into kindling.

A fence post set in cement broke the force of the impact, saving the house from major damage, neighbors observed.

Police said the car was driven by Ruth M. Salmons, 46, of Washington, D.C.

Her car left the east curb of 23rd just north of Muny Pool, police noted, jumped the west curb between a "SLOW" sign and a tree, skinned the tree's bark, went across Monroe Ave. and hit the house.

Mrs. Salmons was listed in satisfactory condition late Wednesday at a Lincoln hospital.

Lawyer Group Backs World Court Ruling

Washington (AP)—The House of Delegates of the American Bar Assn. affirmed, 114-107, its stand in favor of dropping the U. S. reservation on World Court cases.

In adhering to the World Court treaty this country reserved the right to determine for itself whether a dispute involved a domestic issue and therefore was beyond the jurisdiction of the international court.

This reservation is known as the Connally Amendment. It was sponsored by former Sen. Tom Connally (D-Tex).

The Bar Association went on record in 1947 in favor of the repeal, which is favored currently by the Eisenhower administration.

In the present meeting of the Bar Association, backers of the Connally Amendment waged a determined fight to wipe out the 1947 stand.

Col. Hornby Joins Faculty At USD

Vermillion, S.D. — Lt. Col. William E. Hornby, son of Mr. and Mrs. George E. Hornby of Valentine, Neb., has been assigned professor of military science at the University of South Dakota. He returned to the U.S. in July following a tour of duty as executive officer of the 12th cavalry in Korea.

A graduate of the University of Georgia, Col. Hornby also attended the University of Nebraska. Mrs. Hornby, the former Dolly McDonald, was born at Cedar Rapids, Neb., and was graduated from Lincoln High School. They have 3 children, Diane, 19; John, 15; and Valerie, 13.

NIXON FEELS:

Summer Session A Failure

Washington (AP)—Vice President Richard M. Nixon was described Wednesday as feeling the summer session of Congress was called for political purposes and has failed.

His press secretary, Herbert G. Klein, said Nixon is not surprised that the Democratic-dominated Congress did not produce the kind of legislative program he and President Eisenhower favored.

"The vice president has felt that Congress was called back for political purposes and it certainly is not surprising that the leaders of the Democratic Party have not produced the type of program both he and the President felt should be enacted," Klein told a news conference.

Sends Thank-You Wires

At the meeting with reporters, Klein also made public telegrams from Nixon to his Democratic presidential rival, Sen. John F. Kennedy of Massachusetts, and Senate Democratic leader Lyndon B. Johnson of Texas, the opposing vice presidential nominee.

The wires were sent in response to messages they had sent Nixon when he was hospitalized Monday with an infected knee.

In his message to Johnson, Nixon said that "one of my main regrets at being laid up is that I will miss closing the Senate and our traditional 6 a.m. meeting in your office."

Klein said he didn't want to elaborate on this.

To Kennedy, Nixon sent the following wire:

"It was most thoughtful to wire me as you did. I hope you have no similar accident. Much against my will, I am trying to do what the doctors order. I hope to be back on the campaign trail before long. Sincerely."

Canteen Will Open

Fremont — Opening nights for Fremont's Wel-Com-Inn Youth Canteen will be Thursday and Friday nights, according to Paul Larsen, director.

An American Girl, 18, Joining Bolshoi Ballet

Moscow (AP) — An 18-year-old American girl, Anastasia Stevens, is joining the Bolshoi Ballet.

Miss Stevens, known to everyone as Stacia, was hired Wednesday. She is the first American to work for the state-run ballet, considered by many circles the world's leading dance organization.

"It's only in the corps de ballet, but it's a wonderful chance," she said.

Her father, Edmund Stevens, born in Denver, came to Moscow in the '30s and studied at Moscow University. There he met and married Nina A. Bondarenko, a collective farm girl from Siberia.

Stevens went on to become a Pulitzer Prize correspondent. While he was covering the Mediterranean front in World War II, Mrs. Stevens took refuge in the United States. There she picked up a degree from Wellesley (Mass.) college and Stacia was born. All the family, including a brother who is a New York architect, are American citizens. The father now covers Moscow news for Time magazine and the Christian Science Monitor.

Red-haired Stacia started her ballet training in Rome. When her parents returned to Moscow in 1956 she became the first American pupil in the Bolshoi Ballet school. Besides teaching dancing it also gives a complete academic course.

Stacia almost flunked the first year because of the intricacies of Russian grammar. But she stayed on 4 years and graduated in June with the highest possible grades in dancing.

RAILROADS ASKS FOR FREIGHT RATE HIKE

Chicago (UPI) — The nation's major railroads Wednesday asked for a general, across-the-board increase on freight rates to meet increased railroad costs.

The boosts, if approved eventually by the Interstate Commerce Commission, would be the first general increase since Feb. 1, 1958.

Chief traffic officers of the nation's Class 1 railroads, who have been studying the problem of revenues for several weeks, said the increases sought would be the smallest that ever have been asked. They also said that the program differs from freight rate increases of the past that it does not call for percentage increases.

The railroad's announcement said that "relatively little opposition is expected" to the proposal.

The announcement said representatives of the industries' 3 territorial rate associations —East, West and South—were petitioning the ICC in Washington for permission to file a tariff.

If permission is granted, the tariff will be filed within the next few days, the announcement added.

According to one estimate, more than 100 companies make fluids and gadgets to assist a backyard chef in lighting a charcoal fire.

Roy Howard Retires As N.Y. World Editor

New York (UPI)—Roy W. Howard announced he will retire Thursday as editor of the New York World-Telegram and Sun, a post he has held for 33 years.

He will be succeeded by Lee B. Wood, executive editor. Noel S. MacNeish will continue as business manager, in which capacity he has served since 1948.

Howard, 77, will continue as president and a director of the company, but is divesting himself of all executive authority and responsibility, both editorial and business. He resigned the presidency of Scripps-Howard 7 years ago and became chairman of its executive committee, a consultative and advisory post.

Protestant Growth

Washington, D.C. (AP)—An official of the National Association of Evangelicals reports that the number of Evangelical Protestants in Colombia increased from 16,000 to 80,000 since 1956, a 400 per cent increase.

SEE THE ATLAS ICBM MISSILE DISPLAY presented by the Lincoln Air Force Base at 10th & "N" across from Gold's Food Basket, September 3-9. Attend the raising of the missile at 2:00 p.m., Sept. 3.

Milo Crop Storage Situation 'Critical'

On-Farm Space Facilities Suggested As Best Solution

If farmers do not build storage facilities for 1960 milo crop, they may lose 30 to 40 cents a hundredweight by selling immediately on the open market.

That's the milo storage situation as seen collectively by 22 representatives of state and federal agricultural agencies, feed and grain dealers, lumbermen, bankers, railroads and storage suppliers who met Wednesday to talk it over.

They were summoned to the informal discussion at the Nebraska College of Agriculture by Dean Elvin F. Frolik.

All agreed that the milo storage situation was extremely critical. Other opinions and observations on which there was general agreement were as follows:

Most elevators across the state are not able to take a single load of grain. Anyone in doubt should talk with his local elevator operator immediately.

Since government and commercial space is not available and if the individual farmer does not have storage space, he should seriously consider making space available on his farm. This may include remodeling existing buildings or putting up new storage buildings.

When considering on-farm storage, farmers should check with the local agricultural stabilization and conservation office to see if the facility will qualify for government price support programs

There may be shortages of building materials and labor to erect storage facilities in the next few weeks. Interest among farmers in building facilities has been "spotty" across the state.

The lack of interest in building on-farm storage is due in part to the price-cost squeeze that farmers are experiencing, along with the fact that 40% of Nebraska's farms are operated by tenants.

In many instances, landlords are reluctant to build permanent storage facilities on their farms. However, those who decide to do so will find credit available, providing they can raise a 20% down payment.

Robert E. Roselle, extension entomologist, said storage should be made ratproof, as the cycle of rat population is now at its peak.

Farmers have not before been faced with such a severe problem of storing milo. The Aug. 1 crop estimated was for 79 million bushels of milo and 333 million bushels of corn.

Omahan Tabbed

Fraser Wilkins, 52, of Omaha, has been selected by President Eisenhower as ambassador to the new Republic of Cyprus. He has been assigned with the foreign service in Canada, Iraq, Morocco, Palestine and India, and is a past director of Near Eastern Affairs for the State Department.

U.N. Tries To Ease Crisis In Mideast

Amman, Jordan (AP) — Pier Spinelli, special representative of the U.N. in the Middle East, flew here Wednesday to try to calm the latest Mideast crisis growing out of the bomb killing of Premier Hazza Majali.

Spinelli rushed here from Geneva on orders from Secretary General Dag Hammarskjold after King Hussein charged the assassins were linked up with "responsible people" in President Nasser's United Arab Republic.

The U.N. representative went into conference with Hussein and Bahjat El Talhouni, the chief of the royal cabinet who has assumed the premiership.

Believed To Be In Syria

The two prime suspects in Monday's bombing, which killed Majali and 10 other persons and injured about 80, are reported by officials to have escaped into the Syrian region of the U.A.R.

Investigators said the suspects were employed in the Jordon press bureau and were paid off by Jordanian political refugees in Syria.

Hussein has demanded the extradition of the suspects, and has threatened to take the case before the Arab League and the U.N. Security Council. He said the assassins "were linked up with responsible people in the United Arab Republic —mainly in Syria."

The Amman Radio kept the campaign boiling. It called President Nasser the leader of "the criminal clique" responsible for the assassinations and urged Syrians to overthrow their Egyptian rulers.

Rites Held For Ben Busboom, 70, State Ag Leader

Crete — Funeral services were held here Wednesday for Ben H. Busboom, 70, one of Nebraska's best known agricultural leaders.

One of the original incorporators of Lincoln's Productive Credit Assn., he was vice president of the group at the time of his death and had been a director since the start of the association in 1934. He was a lifetime resident of Saline County.

President of the Crete Sales Pavilion Assn., Mr. Busboom served as a member of the school board for 36 years and as secretary of Plymouth Congregational Church in Crete for 50 years.

Surviving are his wife, Elizabeth; sons, Charles and Edward, both of Crete, and Gordon of Lincoln, secretary of the Nebraska Co-operative Council; and daughters, Mrs. Dorothy Boden of Dorchester and Mrs. Evelyn Juricek of Jansen.

Cholera Outbreak

Geneva (AP) — The first outbreak of cholera in Afghanistan since 1930 has taken 9 lives, the World Health Organization reports.

PREPARING FOR FAIR

G. C. Pritchard, staff artist for the State Game Commission, is on the home stretch of 100 colored scenes he is painting on a fiberglass map of Nebraska. The exhibit at the State Fair promotes Nebraska as a tourist attraction. **(Star Photo.)**

Brock Blames Administration For 'Gloomy Farm Statistics'

Washington (UPI) — Rep. Lawrence Brock (D-Neb) said "new and gloomy department of agriculture statistics" represent "the failure of the present national administration to give the farmer a fair share in the distribution of national economic wealth."

"There is only one logical solution to this problem—return to the farmer an equal share in national economic wealth," Brock said. "Without it, we are well on the way to wrecking the national economy, despite the exaggerated claims of the climbing national gross income.

"This lopsided economy is fast dwindling the purchasing power of agriculture, which is already being felt very hard in steel, automobiles, tractors and other farm equipment, the rubber tire and chemical industries."

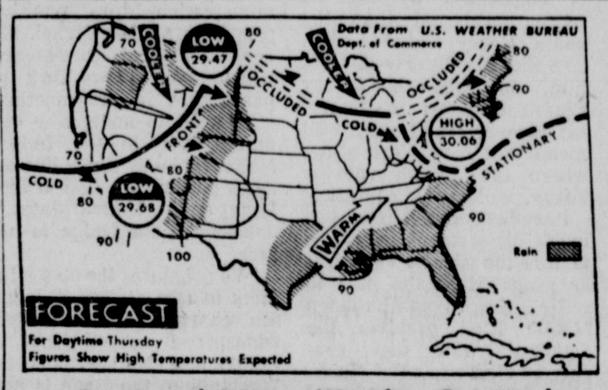

The Wakefield, Neb., lawmaker said "you just cannot cast aside a $40 billion annual agricultural purchasing market and expect the economy to go running merrily along. There are big reefs ahead. Instead of the present and future national administrations worrying too much about civil rights it might be well to concentrate on economic rights and equality for the farmer."

He said the USDA statistics showed Nebraska farmers "have been taking a real licking on realized net income over the past two years and the prospects for the year 1960 are anything but bright."

He said the statistics showed Nebraska farmers lost almost one billion dollars in net income during the past 6 years.

Monument To Pershing OKd

Washington (AP) — The Senate Wednesday passed and sent to the House legislation authorizing erection here of a statue of the late Gen. John J. Pershing, AEF commander in World War I.

Continued Warm Weather Expected

Widely scattered showers and thundershowers are expected Thursday over the southern Plains, the Gulf Coast and the Atlantic states. Some shower activity also may break out in the Rockies and the mountains of the northwest Pacific area and southwest desert. It may be cooler in the Great Lakes, the Great Plateau and the Rockies. It will be warmer in the northeast. **(AP Wirephoto Map.)**

Longtime Bank Worker Honored

DeWitt—Mary Arledge, for 40 years an employe of the DeWitt State Bank, was honored at a surprise open house.

She started work on Aug. 30, 1920 in the Farmers and Merchants Bank of DeWitt. In 1933 the bank was merged with the Home State Bank to form the DeWitt State Bank.

CATHOLIC SCHOOLS 1ST OPEN

School days are here again! Catholic students will lead the Lincoln book laden brigade back to school as they return to classes Thursday.

Opening dates of other Lincoln schools and colleges are:

Lincoln 7th Day Adventist Schools	Sept. 6
Union College	Sept. 15
Lincoln Lutheran Schools	Sept. 12
Lincoln Public Schools	Sept. 12
University of Nebraska	Sept. 19
Nebraska Wesleyan University	Sept. 14

Warning: Don't Get Hungry In Zoo

Rapid City, S.D. (UPI)—Roy Knight, Vernon, Tex., is serving a 10-day sentence in Rapid City jail because he got hungry while visiting the Hill City, S.D., zoo.

It was bad enough that he shot one of the zoo's geese for dinner, but then the fire on which he roasted it got out of control and National Forest Service officials had to put it out.

Schweitzer's Grandson On Job At Seward

Seward (AP)—The grandson of Dr. Albert Schweitzer is helping install a $40,000 Swiss-made pipe organ in the Concordia College Chapel.

The 19-year-old youth, Philip Eckert of Mannedorf, Switzerland, has passed most of the summer here virtually unnoticed.

He is helping Raul Buertin, 60, also of Mannedorf, in "voicing" the 2,500 pipes in the 14-ton organ.

Paul Rosel, head of the Concordia Music Department, said the two don't meet many people, mainly because of the language barrier.

Philip speaks German and French, but no English. Raul speaks only French.

Speaking through an interpreter, Philip said he saw his famous grandfather a year ago when he returned to Europe from French Equatorial Africa for a visit.

He is extremely proud of his grandfather, a medical missionary to a leper colony, but speaks of him cautiously.

"My reason for this is that if I speak of him too often, it might appear as if I were trying to live on his laurels and accomplishments," he said.

Truck Destroys Carriage; Baby Not Even Hurt

Milwaukee (UPI) — A 4-month-old baby escaped injury here today when the wheel of a dump truck demolished the carriage in which she was sleeping.

Kathleen Cadwell, 4 months, had been placed in the carriage by her mother and wheeled onto the sidewalk in front of the house after Mrs. Carol Cadwell had given the baby a bath.

The dump truck was driven by Glenn Goehring, of rural Omro, Wis.

Following the accident, the baby was rushed to a hospital and found to be uninjured.

A Lot To Lose

By WILLIAM O. DOBLER

Sen. Roman Hruska has attacked the position of Rep. Harold Cooley, North Carolina House Democrat, for his stand on the resolution which would give the President authority to cut the sugar quota of the Dominican Republic. Cooley is head of the House Agriculture Committee which has adopted the sugar sanctions resolution but gives the authority only if the Organization of American States acts by Oct. 15 to impose economic sanctions against the Trujillo dictatorship.

"It's simply a bad concept," said Hruska, "to tie the determination of our foreign policy to a foreign body."

Meeting Of The OAS

There is no doubt that the Omaha senator has a point in what he says but Rep. Cooley is not without foundation for his actions, either. What Hruska's reasoning fails to recognize is the delicate relationship which exists now between the United States and other countries of the American continent. Secretary of State Christian Herter has lavished praise on our position as a result of the now completed meeting of the Organization of American States.

The action taken by the OAS, Herter has said, is a clear and ringing indictment of the Cuban government under Fidel Castro. This, of course, would be an endorsement of U.S. actions in the island republic and a denunciation of Communist Russia. But according to more factual reports from the OAS meeting, this is not quite what took place there.

What Herter has said is just his interpretation of a resolution which did not point a finger at any South American country. The resolution merely condemned any form of foreign interference in the internal affairs of the South American countries. Thus, the resolution failed to mention Castro at all and was much weaker than what the United States had pushed for.

★

It can just as easily be said that the U.S. was mildly rebuffed by her neighbors to the south and that Castro won some sort of a moral victory. The OAS did condemn Trujillo dictatorship in the Dominican Republic but this is no more victory for the U.S. than it is for any other Dominican neighbor. The action on the general resolution of non-interference was far from a complete loss for the U.S. but it embodied careful distinctions that should not be distorted.

Once again, it placed most of South America in a stand strongly opposed to communism. But it did not hit directly against Cuba and for the same reason that Mexico has refused to go along with the U.S. in denunciation of Castro. This reason is that much of South America, while deploring the Red influence in Cuba, is quite sympathetic to other conditions in that country. These nations also have some reservations about the U.S. and the motives behind her friendship.

★

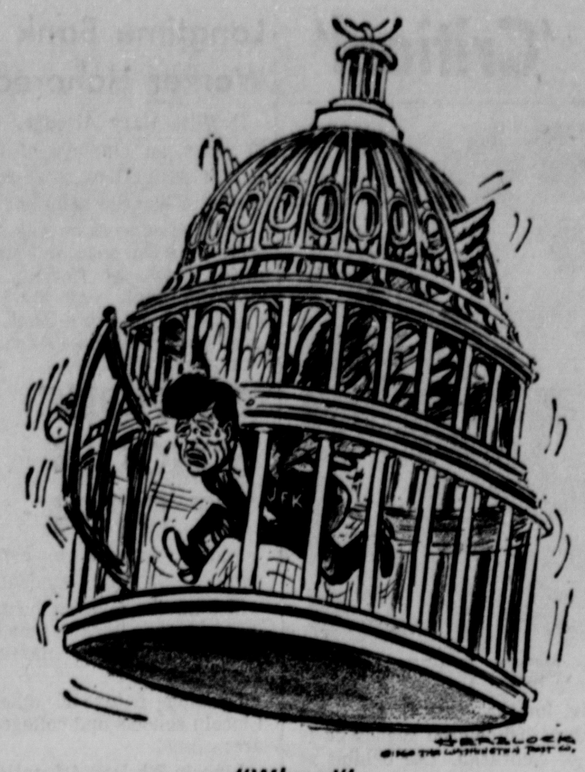

They know that Castro was given no assistance whatsoever when his movement finally reached success against a former dictator. They know that American interests in Cuba have been primarily financial and selfish for many years. They know that Cuba faced a tremendous struggle to improve her general standard of living.

All of this helps explain, perhaps, why Rep. Cooley has tied a string to the sugar sanctions resolution, even though it might be a string of questionable merit. His actions reflect the general uncertainty of the South American situation and the U.S. position there. There is a general feeling that we are out of tune with Latin American developments and attitudes.

And there is serious question as to the wisdom of strict economic sanctions against a people who have been friendly neighbors for years. While we have now reached the point where action against Trujillo is deemed advisable, we would not want to do something which would alienate the people of that country against us. Our cutting off of the Cuban sugar quota has been of no benefit whatsoever to us. In fact, its net result has been a strengthening of the Russian position in Cuba, increased Latin American bitterness toward us and higher sugar prices in the U.S.

Friendship In The Balance

We have a great deal to lose in South America and it is time that we act more in accord with the feelings of the majority of our neighbors. Sugar sanctions are strong-arm tactics and should be used with a great deal more care than we have used them. Cooley's reservations in this matter may be unusual but have some justification which Hruska ignores.

"Whew!"

No Serious Threat

There is rising concern in staid circles over the revival of the "little magazines" of the kind that bloomed extensively during the unsettled '20's. It is reported that in the neighborhood of 250 are now in circulation.

They are magazines giving expression to avant garde thinking, young authors and poets, college professors and intellectuals ranging from angry to satrical. By and large they spend their time examining the flaws in our social structure. They usually have small circulation and a high mortality rate, but when one dies another springs up.

There should not be serious concern. While much of the content is perishable and socially useless, the tendency toward self-examination is useful and a nation which can no longer tolerate more than one view has become dangerously fossilized. There is not much sensitivity in fixed conceptions and, therefore, no warnings.

It must not be forgotten that the little magazines helped Ernest Hemingway, William Faulkner and many other new great and acceptable authors to emerge.

The American approach to social balance has no rival as is so amply demonstrated by the concept of law and justice. It consists of the law and requires provable presentation of facts on both sides of the issue under wholesome limitations of the rules of evidence. But any practice of mind that refuses to receive and weigh all the evidence leads to capriciousness and unreality, which explains why such an intellectual vice is dear to dictators. Their pronouncements do not have to bear the test of critical examination. Under the superb guarantees of the American system the loss of freedom of thought only occurs in the mind of the thinker. He does it to himself by making his attitudes a one-way street.

Time For Clemency

The country is touched by the story of Edward J. McClure of Bladensburg, Maryland. He desperately wished to be a soldier, but was prevented satisfaction by an examining board which found him to be physically 4F.

Some time afterward a young fellow townsman lately inducted into the service offered to exchange names and duties with young McClure who quickly accepted. In a short time he was on his way to Bremerhaven, Germany, as a recruit.

There is no evidence that young McClure did not plunge into soldiering with spirit and effect, but identification tests caught up with him. His alter ego, George Staley, was arrested for being absent without leave, while Mr. McClure is in the hoosegow for impersonating a soldier.

There is not much excuse for Pvt. Staley. He was definitely in service and definitely AWOL. But the case of pseudo-Private McClure is another matter. Certainly an overweening desire for military service made him guilty of the offense of impersonating a soldier for which he can be given a six months prison term and a fine of $250. But from that point on the case is full of extenuating circumstances. He did not impersonate a soldier in a way that was fraudulent to the public nor detrimental to the military. His deception was for the purpose of fulfilling the duties of a soldier in the total and best meaning of the term. In some respects he is no more to be blamed than was the Revolutionary war heroine Molly Pitcher who accompanied her husband to war and wound up doing a combat soldier's work in battle. There was no deception in that instance but certainly Molly was impersonating a combat soldier.

It is to be hoped that the military court will be exceptionally lenient with its misguided young patriot and it would even be acceptable if it found some way to let the young man return to the ranks despite his disqualifying physical condition.

Victims Of Apprehension

Once again, some segment of the population is finding itself the victim of its own false fears and anxieties. At least, they are the unfounded apprehensions of the public officials elected to represent these people. The difficulty comes on the heels of an unusually wet summer which has resulted in a heavy mosquito infestation.

Around the Capitol Beach area of Lincoln and along Salt Creek, mosquitoes are breeding in record numbers. At least one small child was hospitalized with multiple bites and one man became so ill from the bites that he missed several days of work. The infestation is so bad that people can hardly step outside their homes and even well-screened houses are unable to completely cope with the situation.

A few mosquito bites generally are not too serious a situation but it is serious when things reach the proportions they have in the Salt Creek area. The bites are poisonous and a great number of them can do serious damage. It is believed, also, that the mosquitoes which breed in these marshy areas are the kind which carry the germs of sleeping sickness and even malaria.

That this is a serious health problem cannot be denied. Yet, there is nothing under the law that any existing governmental subdivision can do about it. The only alternative for the people affected is formation of a mosquito abatement district. This requires an election and the establishment of an entirely new arm of government.

It was set up this way by the state Legislature which seems to have a mania for tying knots in anything which has the slightest association with governnment. Mosquitoes could be easily and economically controlled by counties, either individually or collectively. But fearing any such extra authority, the Legislature sets up an alternative cure which will cost twice as much and makes a laudable objective twice as hard if not impossible to achieve.

One wonders sometimes where the Legislature finds the nerve even to call its session into order. If the affected part of Lincoln wants to proceed at this time under the state law and form a control district, it should be encouraged to do so. But for the future, the city and county should make an effort to have the cumbersome state law changed and jurisdiction in this area given to existing county governments.

Lodge's Choice Estranged Zionists

WASHINGTON — Vice President Nixon, who has played it extremely smart so far in this campaign, pulled his first blooper last week. He told the Zionist organization of America that he would send Henry Cabot Lodge, his vice-presidential running mate, to the Middle East to settle problems between Israel and the Arab states—if elected.

This may have sounded like a master stroke to some people, but there is nobody in American diplomacy who is considered by Zionists more anti-Israel than the same Henry Cabot Lodge. The Zionists bitterly distrust him, and Nixon has every reason to know it. Hence, his blooper could very well mean that New York state, where the Jewish vote is heavy, will go Democratic.

Paradoxically, Nixon has made all sorts of overtures to woo the Zionist vote. Yet he proposed as the man to settle the dynamite-laden Middle East problem the diplomat who was considered Nasser's chief champion during the Suez-Israel crisis of 1956.

France, England and Israel, it will be recalled, had sent troops into Suez in 1956 as a result of Nasser's seizure of the Suez Canal. Prime Minister Ben-Gurion, whose ships had been blocked from passing through Suez, hesitated about pulling out his troops without concrete guarantees for future Suez transit

☆ ☆ ☆

At this point Ambassador Lodge was the man who fought him hardest in the UN, even favored punitive measures against Israel. In one private White House conference it was Sen. Lyndon Johnson of Texas who clashed personally with Lodge. Johnson, now Democratic candidate for vice president, had gone to the White House during the Suez crisis to urge that the administration drop punitive proposals against Israel. Eisenhower had summoned Lodge from New York to participate in the meeting.

"I want to know why our ambassador to the United Nations sounds more like an Arab spokesman than a diplomat of the United States," Johnson asked Lodge to his face.

"You ignore the basic facts in this dispute," Johnson charged. "Contrary to widespread assumptions in the United Nations and in Washington, the issue is not originally the result of Israel's invasion of Egypt. The issue was raised by Egypt's long-standing insistence on maintaining a state of war with Israel, and implementing it by both guerrilla raids and a double blockade in the Suez Canal and the Strait of Tiran.

DORIS FLEESON

Nixon Will Miss Deep South Parley

WASHINGTON — Reports that Jackson, Miss., was preparing to give Vice-President Richard M. Nixon a hero's welcome coincided with the news that the vice-president will spend two weeks in Walter Reed hospital with a knee infection. The Jackson appearance is within the delineated time and may, therefore, be a casualty of the infection which has laid Nixon low.

Northern Republicans privately are saying that this is just as well. They hope that in the hospital interlude Nixon will give sober second thought to the question of whether a Mississippi hero can also endear himself to New York, California and the other great states where presidential elections are won and lost.

In such areas Mississippi has become a symbol of all that large voting blocs, not merely Negroes, regard as wrong with the South's attitudes — political, social and cultural. It owes this status in large part to colorful extremists who have personalized for the public outside the South what it complains about generally.

☆ ☆ ☆

Other southern states have had their Bilbos, Rankins and Eastlands but they have given the country a respite, sometimes of very long duration, from the raucous outcries with which such spokesmen make themselves national cartoons. In late years the Mississippi supply has seemed inexhaustible.

There is much that is unfair in the picture. Bilbo was succeeded by the very able and much-loved former judge, Senator John C. Stennis, an ornament to the Washington scene. Rep. Frank E. Smith of Mississippi is a writer of ability and personal charm who works quietly at his job. Recent governors have been rational men.

Perhaps it is not germane, but the last two Miss Americas have been Mississippians and this year's Miss Mississippi is given a good chance also to carry off that crown.

But the Emmett Till lynching and the vulgar violence of that state's segregationists build the old image of the state whose per capita income is the lowest in the nation. Why Republican National Chairman Thruston Morton decided to hold the regional conference of southern Republican leaders there was already bothering some northerners even before the question of Nixon's travels became moot.

☆ ☆ ☆

The doubters would welcome southern electoral votes, of course: they only do not want segregationist, states-rights cheers for Nixon to nullify the big state image of him as a liberal which he and they are trying so hard to create. They are aware also, and regard it as potentially damaging, that Nixon is the beneficiary of anti-Catholic sentiment in the South.

It was possible for the sincerely doubtful as well as the bigots to say that they could not support Al Smith because he was a wet and associated with Tammany Hall. They could complain of his lack of formal education and his East Side accent.

Such excuses are absent in the case of Senator John F. Kennedy who is, besides, a genuine war hero, always an added attraction to the South.

JOSEPH G. MOLNER, M. D.

To Your Good Health

"Dear Dr. Molner: In order to curb his weight, my son has been taking a drug off and on for over a year. Are there any bad effects from this? His doctor prescribed the drug. — N.H."

Similar letters are becoming rather frequent, not only about the drug you mentioned, but other medicines.

In your son's case, the drug is intended to curb the appetite, and its record, so far as safety is concerned, is pretty good.

Dr. Molner

It ought to be used—the manufacturer gives this advice, too — in conjunction with a low-calorie diet. You can't "take a pill" and expect it to do all the work of reducing!

Since your son's doctor prescribed the drug, he will be watching for signs that it is doing any mischief. I presume, of course, that your son continues to consult him at reasonable intervals. The fact that a doctor prescribes a medication does not mean that it is going to be safe indefinitely. Any drug — and this is a rule to keep in mind —that is powerful enough to do good may be powerful enough to be harmful if over-used.

So your son, and anyone else taking medicine on a long-term basis, would do well to ask the doctor how often a checkup is advisable, and whether there are any particular signs that the patient can watch for. (Sometimes there are; sometimes there aren't, the latter being true because in some cases there are signs that the doctor can recognize although they won't be apparent to the patient until after too much damage has occurred.)

In your son's case, so long as he sees his doctor at sensible intervals, there's no cause to worry.

However, there are other "reducing drugs" which are not as safe, and require close watching.

As to my basic attitude on use of drugs to reduce—either by curbing the appetite, which is the least risky way, or using the drugs which distort the metabolism —I'm chronically against them.

Drugs are a poor excuse for weight reduction because you can't keep on using any of them indefinitely. They "carry" you as long as you keep using them, and that's all.

Carry a baby all the time and he never learns to walk.

Let drugs "carry" you while you reduce, and you never learn to eat properly and to exercise properly. Both of these are necessary to keep your weight correct.

☆ ☆ ☆

"Dear Dr. Molner: For 10 years I have suffered from what skin doctors say is neuro-dermatitis. The itching is bad. I have had all kinds of lotions, even X-ray treatments, but I still have the trouble. — M. N. S."

The most important thing I know about neuro-dermatitis is that it usually appears in tense, nervous individuals. Your own understanding of this, and your effort to help yourself, may be the most important factor of all. Mild sedation, tranquilizers, and patient's own effort to avoid becoming wrought up over trifles are usually the most successful treatment. If you are a tense individual, you can't help that. But you can make a persistent, long-term effort not to let small worries upset you. Learn to say, of any upsetting incident, "Well, that's something I CAN ignore. So I will."

☆ ☆ ☆

W. P.: Whether you use soap or a detergent, thorough rinsing of the dishes is necessary. Traces of either can be bothering you. With thorough rinsing in hot water, I don't think it matters much whether you wipe the dishes or drain them.

☆ ☆ ☆

"Dear Dr. Molner: Does angina pectoris show in a cardiogram? — R. K."

No, not as such, because angina is a symptom — a pain. The cause may or may not show in an electrocardiogram. Some such patients who have had coronary (heart) attacks can expect the results to show up in the cardiograms. In other cases, a cardiogram taken after specified exercise may show changes which are significant, even though an ordinary cardiogram will not indicate the situation. This is a rather technical answer, but it's a rather technical question.

☆ ☆ ☆

MRS. G. C. Q.: The disease you inquire about is evidently "cat scratch fever." It isn't very common. In any event, teach children to be gentle with pets! Including cats.

Dr. Molner welcomes all reader mail, but regrets that due to the tremendous volume received daily, he is unable to answer individual letters. Reader's questions are incorporated in his column whenever possible.

Copyright, 1960, Field Enterprises, Inc.

Your Four Cents Worth

Brevity in letters is requested, but length in itself will have no bearing on publication. Writers are advised that needless detail and repetitious matter will be edited out of letters. Too frequent contributions from one person on the same subject may be rejected. All letters must be accompanied by writer's true name, but may be submitted for publication under a pen name or initials. However, letters will be printed under a pen name or initials only at the editor's discretion.

Those Joneses

Lincoln, Neb.

How can L. K. Emry say he has a larger than average family? Here in North Lincoln a lot of families have four children, which he has. Some even have five. Doesn't he realize that the more wages one draws, the more Uncle Sam will take from it one way or another?

Perhaps if he didn't go around trying to find trouble for others, their own lives would be smoother. We reap just what we sow.

Many men make far less than Mr. Emry and they aren't complaining of hard times. A person should live on his own wage level and not try to keep up with the Joneses.

READER

Tempting Melons

Lincoln, Neb.

Boys have been copping watermelons ever since the first seed was planted. I am sure that a 50-cent watermelon is very tempting for boys of all ages.

I am sure, too, that the fathers or mothers would have been more than glad to pay for what the boys had done. Being a mother and grandmother, I know what kids will do, as I was a kid, too.

I have a "No Peddlers" sign up, but they still knock on my door. Does that give me the right to go out and kill someone, saying I was not aiming, at all?

I am sure that no one will steal any more watermelons out of that patch.

O. M. B.

☆ ☆ ☆

Solid Structures

Lincoln, Neb.

City Hall floors and City Hall stairways appear to have survived the severest test of their long career. When the 300 milk producers converged on the Council chamber on Monday, August 22, to protest the passage of a $45 milk inspection fee, all standing space was jam-packed, and still not a tremor or squeak out of the floors or stairways.

Obviously there was nothing phony about our early builders. They really designed and built these public structures to carry all stresses and strains.

LEO N. BARTUNEK

☆ ☆ ☆

Liquor Traffic

Anselmo, Neb.

Is America growing weaker? Do we have more enemies? Why are we not improving in education, in science, etc.? Why do we have more juvenile delinquency?

We have our most deadly enemy right among us, but seem to encourage it. We spend over $9 billion a year for liquor, more than 22 gallons per capita. We promised to keep liquor away from teenagers, but the liquor traffic can thrive and prosper only insofar as it makes drinkers of our youth. So we present glowing pictures of liquor as bringing pleasure and happiness, but nothing of the misery and shame it causes, the highway deaths, the alcoholics and criminals. We try to improve our schools, but liquor deadens the brains of our most gifted students and likewise our officials.

Why do we not speak out against this, our worst enemy? Because we are afraid it would hurt our business. We all worship money. Perhaps we should forget communism for a few minutes, and think of our own sins.

M. S. DAILY

☆ ☆ ☆

Promises

Lincoln, Neb.

The letter in The Star on August 23 on the religious issue, signed "Kennedy Fan," was excellent. "Helen," in the August 16 Star, is exactly right, too. I am 14 years old and am getting tired of parents who do not let their children read the truth, for once.

The Democratic platform is the same as it always has been, to build up America. Eisenhower is no president at all. He might have kept the people out of war but he could have built up the country at the same time. He could have had higher prices for farmers, for one thing.

Nixon has been close to the President and has not done anything to better America. He is like Eisenhower who promised 100 per cent parity for farmers; it took him 7½ years to get it down to 65 per cent. That is eactly what Nixon is doing — promising a lot and giving little.

Kennedy has promised a lot and already has some of it through the Senate Roosevelt promised the people a better life and gave it to them. Truman did, too. Eisenhower promised just as much as Kennedy, and Eisenhower has done nothing.

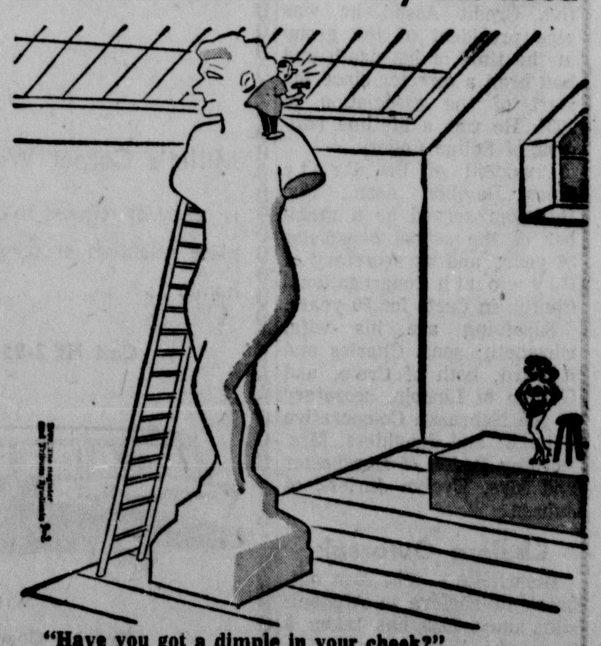

The GOP is in a tight spot and they know it and now they are yelling about it. Nixon said, "Benson will go down in history as the nation's most efficient secretary of agriculture. What has Benson done for agriculture? He has a good idea but it has taken him three years even to start thinking about the farmers.

In the August 22 Star was an editorial about Hruska, Curtis and the way they voted against the minimum wage bill, which is what most of the Republicans will do, including Nixon. We need Kennedy.

I enjoyed the letter in the August 29 Star from Pat Murphy. He's right — Kennedy will be elected.

"Have you got a dimple in your cheek?"

Atlas Rolls Into Lincoln For Display

By Louise Holbert

An Atlas missile, standing 90 feet high, is a pretty impressive sight.

It still looks impressive, broken into sections, loaded on 5 trucks, the way a Strategic Air Command Atlas missile entered Lincoln Wednesday afternoon, complete with a police escort.

However, Lincolnites will get a chance to see the huge missile standing its full 90 feet, in the auto parking lot on the corner of 10th and N.

The missile will be raised to a horizintal position hydraulically Saturday, Sept. 2nd, in a public ceremony attended by local governmental and Air Force Officials.

It will be on display until September 9th.

The missile is in Lincoln on tour with the U.S. Air Force Orientation Group, based at Wright Patterson Air Force Base in Toledo, Ohio.

The convoy, headed by Lt. Richard Conway, is touring midwestern Atlas missile sites and SAC support bases.

Coming to Lincoln from Forbes Air Force Base in Wichita, Kan., the convoy will visit Schilling A. F. B. in Salina, Kan., and Dyess Air Force Base in Abilene, Tex. before completing its tour.

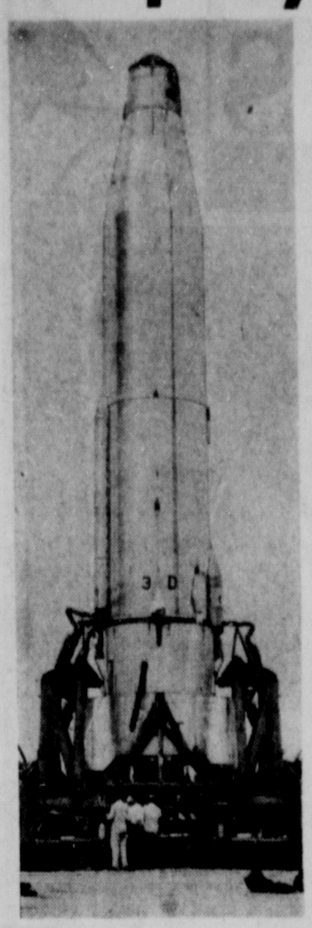

Display

The mission of this orentation group is to display various Air Force aircraft throughout the country.

The Atlas is 16 feet in diameter, and an operational model weighs 195,000 pounds.

It travels at a speed of 16,000 nautical, and 17,250 statute mile per hour, and carries a nuclear warhead payload.

THE MONSTER MISSILE

A section of an Atlas missile (left) as it entered Lincoln. The Atlas is also shown in a raised position. (Star Staff Photo.)

Don't Want Sign

Bentwaters, England (UPI) —A spokesman at the local U.S. Air Force Base said British officials have been asked to remove a "dead end" sign on the road leading to the base.

Bear Hunters In Manhattan

New York (AP) — Manhattan hadn't been much of a place for bear-hunting for quite a spell — until Wednesday.

Now a lot of folks are scouring the canyons around W. 71st St. looking for a cute little 30-pound honey bear who apparently got tired of apartment life.

The half-year-old youngster fell or jumped out of a fourth-floor apartment window Wednesday morning, picked itself up and quickly scrambled away through backyards on the block.

The bear was the pet of Robert Ray, 17, who said the animal hadn't given him a bit of trouble since purchased in March.

Goodyear Soil Winners Told

Akron, Ohio (AP) — The Goodyear Tire & Rubber Co. Wednesday announced the Nebraska winners of a nationwide soil conservation program, two districts and 4 individuals.

In eastern Nebraska, the outstanding district was the Sarpy Soil Conservation District, and the individuals were Milton H. Fricke and Lester J. Lutz, both of Papillion.

In western Nebraska, the Scotts Bluff Soil Conservation District was named as outstanding, and B. F. Roberts of Bayard and Dale W. Staman of Scottsbluff were named.

They will receive plaques and trips to Goodyear farms in Arizona.

Second Degree Charges Filed In Melon Raid

Trenton (AP) — County Attorney Jack H. Hendrix filed a second degree murder charge Wednesday against Mrs. Sue Hixon of Palisade.

She is charged in the fatal shooting last Saturday night of Jerry Carey, 17, of Palisade, one of 3 youths who were raiding a melon patch.

Hendrix quoted Mrs. Hixon as saying she fired but did not aim at the boys.

The county attorney said the filing of charges Wednesday followed ballistics tests and a lie detector test given Mrs. Hixon in Lincoln.

He said the sheriff had taken Mrs. Hixon into custody.

Father, Son Hurt In Accident, Leave Bryan Memorial

Harvey Schroeder, 35, of 1001 No. 70th, and his 1½-year-old son, Steven, were released from Bryan Memorial Hospital Wednesday.

They were hospitalized Saturday after their car, forced over a curb on 48th between Garland and Leighton, struck a light pole.

Nixon's Knee Said Better

Washington (AP) — Vice President Richard M. Nixon was reported responding favorably to antibiotic treatment of an infected left knee.

Doctors at Walter Reed Army Hospital where the vice president is a patient said there is less swelling, redness and pain in the knee Nixon bumped on a car door at Greensboro, N.C., Aug. 17.

Herbert G. Klein, Nixon's press secretary, said the Republican presidential candidate is in excellent spirits and worked on campaign staff matters.

Stan Delaplane's POSTCARD

Since I was invited to a world premiere of "Let's Make Love," I took my teenage child along.

This brainy jelly tot can give you the age, fighting weight and picture credits of any given star or startlet—people I never heard of.

Like:

"Cory McCory, she was the girl who was in the first part of 'Desert Passion'—remember? The one who died for love only it was a mistake? She is 22 and loves to help her mother make biscuits in their cozy kitchen. She dates but is not in love. Because she is waiting for 'Mr. Right' to come along."

It is like carrying a walking library of a screen magazine with you and is invaluable to a working journalist. Matter of fact, she gets this all from screen magazines which she has read faithfully since she graduated from comic books.

In our scatter books are things you pile on top of the kitchen stepladder so you can reach something up in the cupboard.

☆ ☆ ☆

There was an elegant and stylish party going on and I told her: "Move around, jelly tot. Get me the names of all the obscure people and we will show Louella and Hedda a thing or two."

"I just met Monty!" she said breathlessly. She had a glazed look in her eye. We used to take her temperature when she looked like that.

"Monty who?"

"Montgomery Clift! I call him Monty! Oh! Look and tell me if my slip is showing."

"Never mind the wardrobe, jelly tot. Who is the lady with the backless dress and the rope of pearls?"

"I don't know," she said. "I just talked to Tex. Oh!"

"Tex who?"

"I don't know. He just said, 'Call me Tex.' He's a stand-in for Clark Gable! Hold my purse while I go fix my slip. I'm so confused!"

Well, when the help goes to pieces on you, things are desperate.

"Look," I said, "circulate. Let that photographic mind of yours go to work. Grab off the people that other journalists—the ones who do not absorb Photoplay from cover to cover—will not know."

"Oh!" she said wildly. "I've been talking to Tony!"

"Tony who?" I said, getting out my notebook.

"Tony Randall! You've got to help me!"

I put away my notebook. "Brace yourself, jelly tot. Mr. Randall is one of the stars of the show. I have all those names. Your job is to get the fringe starlets whom you know so well from these years of studying the fan magazines. Why should I help you? With what?"

"How can I tell the girls at school. I mean they won't BELIEVE it. Tony! Monty!"

☆ ☆ ☆

The roving waitress came by with the plate of hors d'oeuvres. My roving reporter managed to push in two stuffed eggs—she can eat under the most trying circumstances.

"I could say, 'While I was talking to Monty, a funny thing happened.' How would that be?"

"It is a throwaway line," I agreed. "What funny thing happened?"

"Nothing really happened. I was just thinking how I could tell the girls at school—only kind of casual. They won't believe it anyway."

"Why don't you say, 'I was talking to Monty and double-crossed my father'," I said bitterly. "Do you realize while you moon around, your parent is being scooped as we say in journalism?"

"He said, 'Call me Tony'," she said. She looked quite ill.

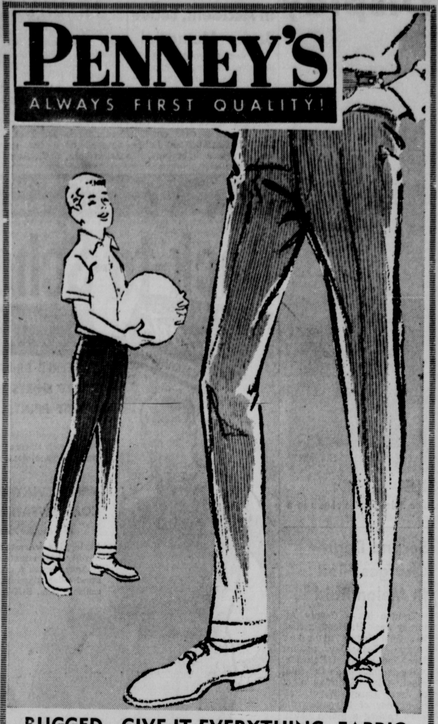

We never did get the names of the girls who love to make biscuits and are waiting for 'Mr. Right.' My informant, Miss Wrong, was too busy working up her lines for the next school session.

She sat at dinner about two tables from Mr. Clark Gable. Oh! If we live to be a hundred, we will never get over that!

Missile Is Named For Pershing

The 100th anniversary of the birth of John J. Pershing will be marked on Sept. 13 by a ceremony at the Army Ordinance Guided Missile School in Huntaville, Ala.

There the first students are learning how to handle the new Pershing ballistic missile which is to replace the Redstone in the artillery of the Field Army.

The Pershing is a solid-propellant, 2-stage inertially guided weapon with a selective range of hundreds of miles. The new weapon bridges a span of military history that began for Pershing when dashing cavalry troopers were the Army's shooters and scooters, the school reports.

CARMICHAEL

MOSQUITO ELIMINATION TIPS GIVEN

If you'd like to decimate the mosquito population around your home, here are some tips from the experts:

1. Drain or dispose of tin cans, old automobile tires, stopped-up rain gutters and any empty containers that hold water.
2. Spray street drains and catch basins or other areas that cannot be drained.
3. Change bird bath water at least once a week.
4. Connect house cooler drains with a sewer, or spray the drainage area with DDT.
5. Use insect repellants.

'Bristling' Kennedy Wants Wage-Hour Debate

Washington (UPI) — Democratic presidential candidate John F. Kennedy, bristling at Congress' rejection of his pre-election legislative proposals, Wednesday challenged his Republican opponent to a campaign debate on the minimum wage issue.

He said Congress was unable to put through any form of wage-hour measure because most house members of a conference committee were unwilling to compromise.

Speaking on the Senate floor, Kennedy also said his plan to provide medical care for the aged through Social Security failed because President Eisenhower threatened to veto such a measure.

'Can Chew Us Up'

He said the short session has shown that a president with sufficieint congressional strength to sustain his vetoes can "chew us up" and "make mincemeat" of the legislative process.

Democrats, including Sen. Wayne Morse (D-Ore) quickly rushed to Kennedy's support on the minimum wage matter. But Senate Republican Leader Everett M. Dirksen (Ill.) said Kennedy had failed to take into account "the sound program" supported by the GOP.

Dirksen, who took part in the conference, said there never was an agreement on definitions contained in the wage proposals.

Kennedy said although he was disappointed in the failure of his proposal to increase the minimum wage to $1.25, he thought it would be better to take nothing at all this year and renew the fight in 1961.

Speakers Differ

Sen. Spessard L. Holland (D-Fla.) said he wanted the record to show that the conference deadlock was not a partisan issue. But Kennedy immediately shot back his opinion that it was a real "party matter."

The conferees were unable to agree on a compromise between Kennedy's proposal and a house-passed measure that would have lifted the minimum to $1.15 and extended coverage to about 1.4 million more workers. Kennedy wanted about 4 million new employes to be covered.

In a parallel development, AFL-CIO President George Meany made public a letter thanking Kennedy for his "devoted efforts" on behalf of changes in the wage-hour law.

Labor To Help

Meany promised that his big labor group would help make the collapse of Kennedy's proposals an issue in the election campaign. He also reaffirmed the AFL-CIO's promise to support the senator's White House bid.

Kennedy did not mention Vice President Richard M. Nixon by name. But he made it clear that wage-hour legislation was one of the things he wanted to thresh out before the voters this fall.

Before making the Senate speech, Kennedy predicted that his race with Nixon will be "tough and hard" despite a public opinion poll showing he has erased the vice president's earlier lead in the same poll.

Pierre Salinger, Kennedy's press secretary, said the Democratic nominee has maintained all along that he and Nixon will have a hard fight. The poll had placed Nixon 6 points ahead two weeks ago.

Kennedy starts his major personal campaigning Friday, when he takes off on a tour carrying him through 17 states in 18 days.

16-19-Year-Old's Drivers Licenses Expire Thursday

The driver's licenses of all drivers between 16 and 19 expire Thursday.

Ralph Saathoff, county license bureau chief, said the law allows a 60-day renewal period for the teenage probationary licenses, which cost $1.50. The licenses are good for one year.

A driver who has now reached 20 but has a probationary license may apply for a regular license, which now costs $1.

All regular driver's licenses (for persons 20 and over) do not expire until Sept. 1, 1961.

Lancaster County's License bureau is located in the basement of the County Courthouse.

Still Their King

Perth, Australia (UPI) — Yugoslav immigrants cheered and shouted "God bless the king" as their former monarch King Peter arrived from Singapore for an Australian tour.

Salt-Wahoo, Conservation Districts Agree On Status

The Salt-Wahoo Watershed District and the soil and water conservation districts of Lancaster, Seward and Butler Counties have reached an agreement regarding the relationships between the new watershed district and the existing soil conservation districts, according to Robert Crosby of Lincoln, general counsel for Salt-Wahoo.

Crosby gave the following highlights of the agreement:

—The watershed district will co-sponsor the Upper Salt Pilot and Oak-Middle Creek Watershed projects, now being carried on by the soil conservation districts.

—The watershed district will provide necessary funds for acquiring land easements on which dams will be built.

—The watershed district will pledge itself to assist with the maintenance of the dams.

Ready For Approval

Crosby said the agreement will be presented for approval by the boards of directors of the 4 groups involved as soon as possible.

Prior to formation of the watershed district no local agency had power of taxation for funds nor power of eminent doman for land acquisition.

Kenneth Weaver of Raymond, president of the Salt-Wahoo Watershed District's soil conservation committee, presided over the meeting.

Top Man To U.N.

Bucharest (UPI) — The official Romanian news agency Agerpress reported that Gheorghe Gheorghiu-dej, first secretary of the Romanian Communist Party, will lead his country's delegation to the forthcoming United Nations disarmament session.

Liquor Hearings Sept. 14 For 4

The Nebraska Liquor Control Commission has set 4 hearings for Sept. 4 on the possible suspension or revocation of licenses.

Cited were the following, including carges:

Alfons F. and Veronica C. Pawoll of Omaha, Class C liquor; selling beer to a minor, accepting merchandising credit for more than 30 days, and failure to file a retailer's monthly report of credit for June.

Edward E. Lawrence of Lincoln, retail beer; extending credit in the sale of beer.

Joe Costello of Omaha, Class C liquor; selling beer to a minor.

Ivan Wedergren of West Point, retail beer; having premises open for business Aug. 10 while not having filed a retailer's monthly report of credit for March.

A hearing previously set for Sept. 6 for James and Julia Skoda of Bellevue, holders of a retail package liquor license, was cancelled. The commission said the licensees pleaded guilty to charges of selling beer to a minor.

Cheryl Leaves For Atlantic City

. . . Competition Gets Under Way On Monday

Shelton (AP) — Eighteen-year-old Cheryl Ann Jaeke, who turned to music when rheumatic fever forced her as a child to give up dancing, was enroute Wednesday to Atlantic, City, N.J., to compete for the title of Miss America, Sept. 5-10.

Blonde blue-eyed Cheryl, the reigning Miss Nebraska, is 5 feet 3½ inches tall and weighs 110 pounds. Her measurements are 34-23-33. She is the daughter of Dr. and Mrs. A. A. Jaeke of Shelton. Dr. Jaeke is a dentist.

Cheryl has just completed her freshman year at Cottey College, Nevada, Mo., and plans to enter the University of Nebraska this fall to major in psychology. Her talent offering at the Miss America pageant will be singing.

She already has won 3 scholarships. She won the Betty Crocker State Homemaker of Tomorrow Contest in 1959; a University of Nebraska Regents' scholarship; and the Nebraska State PEO scholarship. She also received a $1,000 Nebraska Pepsi-Cola Bottlers scholarship.

Miss Nebraska is being chaperoned on her trip by Mrs. Forrest A. Ritchie of Grand Island, mother of the 1957 Miss America — the former Sharon Kay Ritchie, who is now married to Don Cherry, a television singer and performer.

Cheryl Jaeke, center, Miss Nebraska of 1960, talks with her mother, at right, and her chaperone, Mrs. Forrest Ritchie of Grand Island, about her exciting week ahead during competition for the Miss America title at Atlantic City, N.J. **(Photo Special to The Star.)**

Depot Personnel Given Wage Hike

Hastings — The office of industrial relations, Department of the Navy, announced a new wage schedule for the U.S. Naval Ammunition Depot at Hastings. The new schedule will result in pay increases for all ungraded personnel of the depot, and will become effective Sept. 18.

The new second step rates will result in an increase of 5 cents per hour for laborers and helpers, and 7 cents per hour for the bench mark trades such as electrician, pipefitter and machinist.

Buffalo Bill's Niece Favored Ranch Sale In '41

North Platte (AP)—The death of Buffalo Bill Cody's niece, Mary Jester Allen, in Cody, Wyo., recently brought home to North Platte residents the realization of the long job they are now completing.

In May of 1941, Mrs. Allen, who was the director of the Buffalo Bill Museum, wrote friends in North Platte ". . . but I personally would also like to see a committee, a state one, secure the old Scout's Rest Ranch as a memorial to the last of the Great Scouts."

This summer, 19 years later, the state of Nebraska agreed to secure the old ranch buildings near North Platte for renovation and conversion into a state park. Scout's Rest Ranch is located just off Highway 30 near the city limits of North Platte and was the great old scout's home for over 30 years.

It was at the ranch that the political figures of this country and royalty from Europe were entertained. It was here that he wintered his world famous Wild West Show.

A committee in North Platte is now attempting to raise $37,500 through public subscriptions, to match funds from the state for the purchase of a 25-acre plot on which is located the old ranch house with its 19 rooms, the huge old barn with its uniquely carved gunstock rafters, the old wine cellar and other outbuildings.

The setting for the ranch is covered with huge old trees, the Sandhills may be seen in the background, and Scout Creek flows through the center of the ranch.

Nebraska News

Omaha's Safety Record Is Cited

Chicago (AP) — The National Safety Council lists Omaha as one of the cities with the best safe driving records for the first 7 months of the year.

Omaha had one death for each 10,000 registered vehicles which ranked it 3rd among cities in the 200,000 to 350,000 population class. Wichita, Kan., was first with .6 deaths per 10,000 registered vehicles and Grand Rapids, Mich., second with .7.

Teacherage For Wilcox Rejected

Wilcox (AP) — Patrons of the Wilcox School district have voted down a proposal to acquire a housing unit for teachers at the Wilcox consolidated school.

A 3 mill tax levy had been proposed to build, buy or rent a teacherage due to a housing shortage here. The vote at a special meeting called by Roger Wendell, chairman of District R-2, was 22 for the proposal and 59 against it.

PALAZZO

New elegance for your home
exclusive in Lincolnland at Millers

Palazzo—the result of two years of painstaking research in Italy among the fabled antiques of Florence and Rome. They have been studied, refined, adapted for a new era of elegant homes.

The collector's art comes alive with new meaning in Palazzo. It's Drexel's most dramatic collection ever, designed for today's more elegant homes. Here are new-world interpretations of old-world beauty, each piece distressed and antiqued with such luxurious details as antiqued brass rings, scrolls and crests from old Italian designs.

Visit Lovely room settings, Auditorium, fourth floor.

See Beautiful O Street Windows.

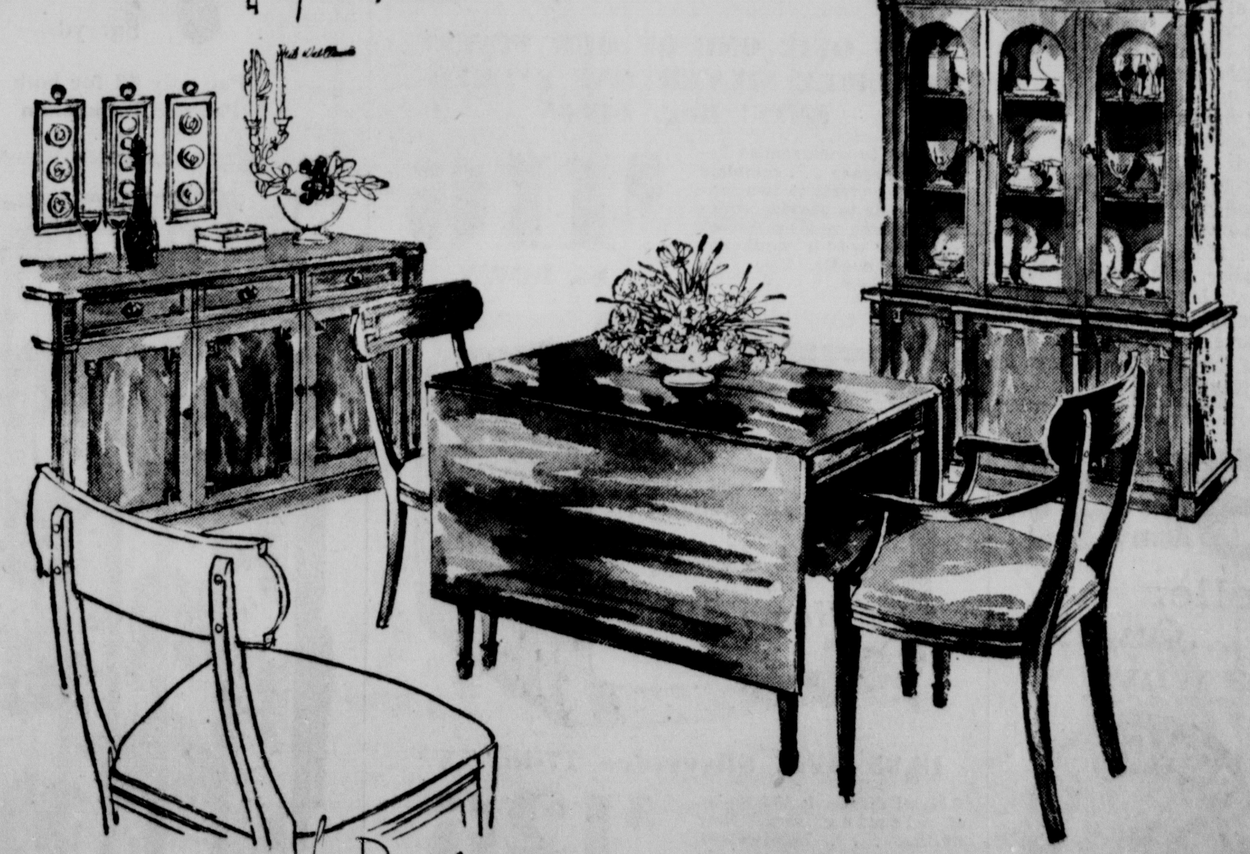

Today through Friday—see Palazzo in the new Strauss Palazzo Trend 700, 5920 Margo Drive. Open House 5 to 9 p.m. Saturday and Sunday, 2 to 9 p.m.

Dining is a prideful pleasure with Palazzo

The richness of mello antique cherry in the Palazzo furniture collection by Drexel floods every room with beauty. What a joy to dine in such elegance. There's fine detailing on each piece—authentic design of antique brass hardware. Notice the graceful arches of the stately china cabinet—old world elegance specially suited to your contemporary way of living.

Bookcase in Palazzo white or Terra Cotta	369.50
Buffet, Terra Cotta finish	329.50
Round Table with leaves	219.50

Gov. Daniel Refuses To Intercede In Anti-Segregation Court Order

Houston, Tex. (AP) — Texas Gov. Price Daniel Wednesday dashed what Houston school officials called their last hope to stave off integration of first graders when the new school term opens next week.

"The state has no authority to interpose in a lawsuit of this nature," Daniel said of the federal court order to integrate the first grade Sept. 7.

He said interposition had failed in Virginia and was involving Louisiana in federal court injunction suits.

Three Negro families tried to enroll their children in two white Houston schools but were turned back under a school system rule that all children of the same family must attend the same school. The Negro families all have other children attending Negro schools.

The Houston school integration case is one of 3 scheduled to come before the U.S. Supreme Court Thursday. Houston, the state of Delaware and Louisiana Gov. Jimmie Davis — in behalf of New Orleans schools — are asking the high court to delay federal court integration orders.

Classes begin Thursday at Knoxville, Tenn., with 28 Negro first graders enrolled in 8 formerly white schools. School Supt. Thomas N. Johnston said there were no incidents when the Negroes registered Wednesday.

Knoxville's grade-a-year plan, similar to one now entering the 4th year in Nashville, Tenn., has federal court approval. It includes a liberal transfer policy allowing any pupils to transfer to another school if they find they are in a school with a majority of a different race.

New Orleans schools have won a delay, until the second term begins Nov. 14, in a first grade integration order. Gov. Davis is appealing a 3-judge federal ruling outlawing his seizure of the city's public schools in an attempt to prevent integration.

The Dollarway School at Pine Bluff, Ark., apparently will have one Negro first grader when the white school opens Tuesday. The U.S. Court of Appeals in St. Louis ordered 6-year-old Delores Jean York assigned to Dollarway.

Indian Youths Stage Sit-In At Segregated High School

Dunn, N.C. (UPI) — Seven determined Indian youngsters, protesting their daily 70-mile round trip to segregated schools, brushed aside refusals to register them at Dunn's all-white high school and staged a stoic classroom sit-in.

Teachers nervously continued classes when the neatly dressed Indian children took the seats denied them by the school board, but officials called police. The children abandoned their effort only after the father of one pupil and the brother of another were arrested on trespass charges.

There was no violence despite some scattered catcalling and war whooping by white children.

The two men arrested were James A. Chance, 35, father of one of the pupils, and Claude E. Groves, 17, brother of another. They were released under $100 bond each.

Nine Indians had gone to the Dunn high school Tuesday when it opened for the 1960-61 term and asked to be registered. They were refused since the Harnett County school board had twice denied their applications for assignment to the school.

For several years the Indians have had to go to East Carolina Indian school in Sampson county, 35 miles away.

The parents of the Indian children had asked for a separate building to be constructed here so that the children would not have to make the long trip to school. However, the school board said there were not enough Indian students to warrant a separate building.

North Carolina has separate schools for Indians, white and Negroes although a limited number of Negroes have been admitted to white schools in 7 counties.

No Decision Yet On Whited Death Inquest

Dep. County Atty. William Blue said Wednesday he has not yet decided whether there will be an inquest or charges filed in the traffic death of a 42-year-old Omaha woman near Bennet Tuesday.

Mrs. Alma Whited was fatally injured in the accident when the car driven by her husband, Richard, was involved in a right-angle collision with a car driven by Roland Luebke, 19, of Walton. The accident occurred at a county road intersection.

THEY'LL HAVE TO BUY TOWELS

Portsmouth, England (AP) — Local residents announced they have formed a vigilantes committee to stop naked teen-agers of both sexes from running through the streets after midnight dips in the English channel.

Allan Knight, leader of the vigilantes, said "there are about 40 teen-agers and added: "They were swimming in the nude. They run around the streets to dry themselves."

Joe Munday, a 67-year-old ex-sailor, said the nude teenagers' language was particularly disturbing adding: "I never heard anything like it in the 30 years I was in the Navy."

State, Federal Gas Tax Payment Is Disclosed

Nebraska motorists paid $87,585,000 in state and federal gasoline and other automotive levies last year, it was disclosed Thursday.

C. Russell Lockwood, executive secretary of the Nebraska Petroleum Council, said the "biggest bite" was placed on the motorist in the form of the gasoline tax.

Nebraska took in $37,932,000 from this source in 1959, he said, and the federal government realized $15,765,000.

The rest of the revenue came from a variety of levies, including registration fees, taxes on new cars, parts and accessories, imposts on lubricating oil and other sales and excise taxes, Lockwood said.

7c State Tax

Nebraska has a 7-cent tax per gallon on gasoline, and the federal government has a 4-cent levy.

Nationally, the state and federal governments took in more than $9.5 billion last year from special taxes imposed on the motorist, Lockwood noted. Some $1.6 billion of the federal tax revenue alone was directed to nonhighway spending, he said.

"The already staggering size of the motorist's tax burden makes it imperative that gasoline taxes go no higher," Lockwood declared.

"The fourth cent of the current federal levy is slated to expire next June 30 and it is essential that it do so. The motorist is hit hard enough already," he said.

Bargain Rates

Union, S.C. (AP) — Guy H. Wilburn, a Union merchant, paid for his marriage license with a bunch of old wooden, drygoods boxes. Years ago, he gave the boxes to the late Probate Judge W. W. Johnson. In return, Judge Johnson sent Wilburn a note which read: "I won't charge you a fee when you get ready to apply for your wedding license." Wilburn kept the note and later held the judge to his bargain.

Governor Warns: 'Use Your Head' On The Road Labor Day

"Use your head, don't lose it, as you celebrate the coming Labor Day weekend," was the warning issued by the Governor's Office Wednesday in a statement from Gov. Ralph Brooks.

"Last year, during the Labor Day weekend, there were no traffic deaths on Nebraska's highways," the governor's statement continued, though it noted that there were two traffic deaths on city streets.

One of these occurred in Lincoln, the other in Omaha.

"As a result, Nebraska had one of the better records in comparison with other states," the statement continued.

It has been demonstrated over the nation that the traffic death toll on holiday weekends is about 30% over that of normal weekends. This occurs because people try to get there and back in too big a hurry, which involves speeding and indiscriminate passing.

"In spite of the fact that Safety Patrol personnel will forego the holiday in an effort to make our highways safe, it is still up to the motorist to do his part," Gov. Brooks' statement concluded.

In order to dramatize the tragic effects of traffic fatalities on what should be a carefree holiday, the governor also urged all news media in the state to provide an up to the minute report on traffic deaths from 6 p.m. Friday to midnight Monday.

Cites Cooperation

A final report on the "grim scoreboard" was requested by the governor who cited the excellent cooperation he has received from the state's newspapers, radio and television stations in his ceaseless efforts to reduce highway traffic fatalities.

He said the up to the minute reports would provide "an even more effective means in your (news media) cooperative effort."

Gov. Brooks also paid tribute to the "excellent fashion in which all news media dramatized the 1959 campaign to 'Drive Death Away on Labor Day,' " which drew nationwide attention and resulted in one of the lowest fatality scores in the country.

School Reorganization Plan Set For September 7 Hearing

A proposal for the reorganization of parts of two school districts in Lancaster County and one in Seward County will be presented at a public hearing at 2 p.m., Sept. 7 in the Seward County Courthouse.

If the proposal is approved, 240 acres of land in Lancaster County will become part of the Milford school district in Seward County and 400 acres in the Seward school district will be annexed to Lancaster County's Malcolm school district. district.

In petitions signed by school voters the following changes were requested:

—Annexation of 160 acres from District 38 in Lancaster County to Milford School District 5.

—Annexation of 80 acres in District 101 in Lancaster County to Milford School District 5.

—Annexation of 400 acres of the Seward School District to District 148 at Malcolm in Lancaster County.

According to Lancaster County School Superintendent Glenn Turner, both the rural Lancaster districts are located on the Lancaster-Seward County line.

Voters in the two districts requested the change because it would be closer for the youngsters to attend school in Milford.

The students affected in the Seward-Malcolm switch live closer to Malcolm than Seward, thus making it more convenient to attend school at Malcolm.

Construction Pace Still Behind 1959

By Bill Anderson

Lincoln's construction activity during August reached $1,672,952 to continue the 1960 building pace at some $1.7 million behind last year.

The 8-month total was $10,151,041 as compared with $11,892,159 for the same period last year, according to the city building inspector's office.

But 1959 was the 2nd highest year on record in Lincoln construction. It included the $1.8 million permit for construction of the new Gateway Shopping Center.

The 1960 August total was $435,937 ahead of last August's total of $1,237,015.

Residential starts for August included 98 single-family; 5 duplex (10); and one apartment building (4 units) for a total of 112.

A total of 244 permits were issued. Fees collected were $3,566, bringing total fees for the year to $21,128.

Residential permits through August total 631, 9 behind the comparable period last year.

A total of 1,318 building permits, residential and nonresidential have been issued this year.

May was the month of most activity so far this year. Construction activity during that month totaled $1,795,867.

The August total was some $220,000 over July's.

J. Edgar Hoover Will Get Full Pay When He Retires

Washington (UPI) — The House agreed with the Senate that FBI Director J. Edgar Hoover should be paid his full salary whenever he retires.

The 65-year-old Hoover, who has headed the FBI for 30 years, now earns $22,000 a year. He has given no indication that he will retire.

The House accepted without debate a Senate amendment to give Hoover full retirement pay. The amendment was tacked on to a House bill raising salaries of policemen and firemen in the District of Columbia. It now goes to the White House.

Well Done!

London (UPI) — Safecrackers who tried unsuccessfully last night to open a three-quarter ton New Zealand-manufactured safe with acetylene torches left a note reading: "Well made, New Zealand".

Crosbys To Rome

London (UPI) — Bing Crosby and his wife, actress Kathy Grant, arrived from New York en route to the Olympic Games in Rome.

Executives Not Neurotic, Says Chicago Executive

Chicago (UPI)—Despite the anxieties they face, "executives are not likely to be neurotics," an executive said.

E. B. Conley, president of a Chicago executive recruiting firm, addressed a meeting of the Medical Society Executives Association.

"In most cases," Conley said, "when one finds a neurotic executive, one finds that he has been promoted into the job from a semi—or non-executive position, rather than being carefully selected for it."

500 WILL PARTICIPATE IN 4-H SONG CONTESTS

More than 500 Four-H boys and girls from all corners of Nebraska will participate in the 30th annual 4-H song group contests Saturday at the Nebraska State Fair.

Climaxing a full day of song contests will be a massed chorus, open to all participants, according to Mrs. Dorothea Holstein, associate state 4-H club leader at the University of Nebraska.

The chorus will sing 4 selections beginning at 4 p.m. Saturday in the Open Air Auditorium at the Nebraska State Fair. Selections will include the Heigh-ho! Come to the Fair, 4-H Chorale, One World and Stodola Pumpa.

In addition to the mass chorus selections, 6 numbers selected from the song contests Saturday will be included in the program, Mrs. Holstein points out.

Gene Dybdahl, director of the Ag College Chorus, will conduct the mass choral numbers. Mrs. Ramona Deitemeyer, Lincoln, former Mrs. America, will emcee the program. John Orr, associate state leader of 4-H and Young Men and Women, is in charge of the mass chorus program.

The song contests proper will be held all day Saturday at the University High School in downtown Lincoln. The boys and girls will be divided into trios, quartets, sextettes and larger groups which will include octets and choruses. Listeners will hear all types of music—fun songs, folk songs, sacred songs, patriotic and popular songs.

A companion event, the 4-H music identification contest, will be held at 8 and 10 a.m. Saturday in University High School.

Moslems believe that one prayer in the Great Mosque in Delhi, India, is worth 25 uttered in lesser houses of worship. The Great Mosque contains relics of Mohammed, including hair from his beard.

Historical Society's Basement Is 'Nebraska's Attic'

By Karen Kenney

Ever see an 1870 basket woven of twisted grass fibers?

Or how about a framed family tree made of different colored hair?

Do you know what a 1925 electric Lionel train set — complete with original box — looks like?

We have just the place to look—

These, and countless more, can be found in the storage rooms of the Nebraska State Historical Society.

State's 'Attic'

"I like to think of these rooms as a part of 'Nebraska's attic'," renders Gus Kivett, museum director.

"Almost everything here is the product of many attics throughout Nebraska.

The storage rooms, generally accessable only to museum personnel, holds the items which come into the museum from two sources:

—From families who find articles in attics or basements, or who offer cherished family heirlooms.

—From people who spend their life collecting specific items, and who finally donate them to the museum.

Obtaining historically valuable pieces is not a problem to the museum, although they are not allotted funds for the outright purchasing of such items.

"We receive plenty of material from donors," Kivett expounded. "In some areas we get too much, but in others we can still use even more donations.

"Getting the articles is not the problem — it is storing what we have that brings complications.

Bulky Problems

"Bulky items, such as furniture, buggys or large tools, are historically important to Nebraska, but cannot be stored in profuse numbers," he asserted.

Because of this, Kivett noted, toys are a great help and always a welcome addition to the museum's collection.

He explained that toys are a miniature of what the adults were using as household articles during the same period.

Reasonable Replicas

"It stands to reason that the small "cob-burning" stove the daughter played with is a pretty authentic replica of what Mama cooked the daily meals on," he offered.

Kivett also explained that donated articles not having a direct bearing on Nebraska's history or people are sent on to other institutions with the permission of the donor.

"The over-all purpose of this museum is to tell the story of Nebraska. It would be selfish of us to keep things which would not further this purpose and perhaps hinder the progress of another group."

Work Load

Most of the work done by the museum staff consists of keeping records and cataloguing materials brought into the storerooms.

"Everything we accept for preservation or display is catalogued to record the donor, the gift and the category. This keeps all materials at the staffs' fingertips when needed for a display.

"Our displays are often seasonal or time events. Most of the display-work ideas are original with the staff," he added

Even with new exhibits being displayed each month, it is impossible to use everything in storage. Kivett explained that only about a fourth of the material can be used at once.

And, as already pointed out, the material with which to make up the new displays is varied and profuse.

Although the museum receives quite a sufficient number of womens' clothing, they are usually short on mens' wear — with the exception of military uniforms.

He attributed this to the fact that women keep their gowns longer, often for sentimental reasons, and men usually wear out their clothing.

He stressed that although requests come from many sources, the museum can't loan items for use by plays, programs or other occasions.

Duty To Donor

"Our first duty is to our donor, and all of our items are here to be preserved. We can, however, lend items strictly for display purposes."

One of the main reasons clothing cannot be lent for wearing, Kivett hinted, is that a woman's waist just isn't as willowy as their great-grandmother's seemed to be.

Other items stored in the lower levels of the Historical Society range anywhere from archeological findings and sod house furnishings to toy menageries, sets of coin-silver tableware and intricate music boxes.

Many of the items were brought from the East and from Europe by covered wagon when Nebraska was being settled. Other pieces of interest were handmade, usually because of necessity, by the pioneer families themselves.

Any item, evenly remotely connected with the history of our state, is bound to be catalogued and shelved in the Historical Society storage rooms at some time.

And if you're still interested in that 1925 electric train, no doubt it will be included with the hundreds of other toys in one of the Christmas displays this December.

Clearing At Banks Dip $1.8 Million

Lincoln bank clearings during August showed a decrease of more than $1.8 million below July, with a total of $39,370,375.22.

Bank officials called the decrease a "seasonal one" and pointed to the $3.8 million gain in July over the previous month, which put August clearings over the June total.

Total bank clearings to date in 1960 totaled $341,925,124.25 for the 8 months through Aug. 31. This compares with $411,742,989.15 for the same period in August, 1959, before the merger of the Continental National and First National banks.

Comparative figures show:

August, 1960	$39,370,375.22
July, 1960	$41,183,036.47
August, 1959	$50,593,835.00

HERE IN LINCOLN

Loses Cash—Alvin J. Marshall of 1543 O told police he lost a $100 bill somewhere in the city early Wednesday morning.

Roper & Sons Mort.—Adv.

Schultz To Speak — Edwin Schultz, secretary-treasurer of the Nebraska State Fair Board, will speak at the Thursday noon meeting of the Lincoln Optimist Club.

Hodgman-Splain Mort.—Ad.

Gas Stolen—About 100 gallons of gas was reported stolen from the Austin Excavating Co. at 8th and Van Dorn, police said. The gas was valued at $26.50.

Roberts Mortuary.—Adv.

Hallam — USA" — Charles Sayre of Consumer's Public Power District will show a film, "Hallam—USA" on the Atomic Plant at Hallam at the Thursday noon meeting of the Sertoma Club.

Wadlow's Mortuary.—Adv.

$40,000 Listed As Debts In Bankruptcy

Larry Allen Samuelson of 4200 O filed a bankruptcy petition in U.S. District Court listing $40,077.61 in unsecured debts.

His assets were listed as $255.

The schedule of unsecured debts included 4 North Dakota court judgments against Samuelson.

Didn't Want To Pay!

Centralia, Ill. (UPI)—Police investigating complaints that gas had spread through the neighborhood found Ricky Delaney, 6, had, with screw driver and pliers, nearly dismantled the gas meter on the side of an apartment building.

Wanta Swap? We Doubt It

Seattle, Wash. (UPI)—A Malayan delegate to the Fifth World Forestry Congress offered a solution when American foresters complained about damage to young trees caused by deer nibbling at the foliage.

"We should be happy to send you a couple of tigers," said Oxford-educated Peter Andrew Durgnat, a conservator attached to the forestry department at Kuala Lumpur.

Teachers Get Too Many Community Chores–Dr. Otto

Omaha (AP) — A widely known school administration expert declared Wednesday it is "high time the teachers were left alone to do the job assigned to the schools."

Maybe the reason Johnny can't read or write is that his teacher is too busy with community chores, Dr. Henry J. Otto told Omaha school teachers. Dr. Otto, 59, is a member of the University of Texas faculty, and a specialist in the field of elementary administration and curriculum.

In addition to teaching the R's, Dr. Otto said, the average teacher has become a target for "well meaning patrons" who see the schools as a clearing house for community projects.

School patrons must realize "they can't have their cake and eat it," he said. "They dump too many community chores on the schools and then complain because their child isn't learning to read or write."

Jail Trusty Walks Away From Detail

A city jail trusty walked away from a car and truck washing detail at city garage, 9th and Q, about 9 p.m. Wednesday.

Police identified the escapee as Melvin G. Groene, 21, a laborer who gave his address as Rt. 1, Ceresco.

He was serving a 5-day jail sentence for disturbing the peace, imposed earlier Wednesday by Municipal Judge Richard O. Johnson. Groene was also fined $25 and costs.

He had been jailed by police at 1:15 a.m. Wednesday after Detectives Ed Kringel and Arthur Aksamit arrested him at 48th and Adams.

Police had booked Groene on an open count.

Powers' Wife Visits Official

Washington (UPI) — The wife of U2 pilot Francis Gary Powers conferred with State department officials here Wednesday and then denied she feels the department could do more for her husband.

Damp-eyed Mrs. Barbara Powers, 25, met with John M. McSweeney, State Department Soviet affairs director.

She did not tell reporters the nature of the talk. But she did say statements attributed to her that the State Department has not done enough for her husband are "not quite correct."

"It is more that I would like to see the State Department in a position where it could do more," she said.

Membership in 4-H Clubs on the Nationalist Chinese island of Formosa has reached 60,000 — with marked increases in farm production.

A big splash on the retail scene is being made this year by women's bathing suits. It is estimated that close to 13,000,000 will be sold in 1960—an increase of nearly 100% in the last 10 years. And more and more of the fair sex follow the ad pages in their daily newspapers—readership studies show that of all the sections of the newspaper, advertising ranks first with women.

Watch Mosquito—He Keeps Returning

(Editor's Note: This is the last in a series of 4 articles on the mosquito problem in the Lincoln area.)

By Bill Anderson

You slap at them, curse them, kill them, put repellants on your body to keep them away—but they keep coming back.

A mosquito is an insect of many facets—he can be a dangerous disease carrier—but like many other forms of life, he cannot be placed in one class.

There are 3 main types in Nebraska.

William Rapp, mosquito expert with the State Dept. of Health (Sanitation Division) and University of Nebraska entomology graduate student Norman Braasch identify them:

—**Aedes Vexans**, most common in Nebraska, is known as the "flood water" mosquito. The female lays its eggs on mud to hatch after rain covers them. In her lifetime, she'll deposit from 50-150 eggs. They hatch in 10 or 11 days after they're covered.

—**Culex Tarsalis**, breeding in stagnant pools and on the edge of slow-moving water, has been known to transmit sleeping sickness. The female may lay from 100-400 eggs at a time and may repeat this 5 or 6 times before her death. Eggs usually hatch in from 10-14 days.

The above two species total about 80% of the Nebraska mosquito population, Rapp estimates.

Then there's the Culex Pipiens that spawns in sewers, catch basins, lily and yard ponds and water filled tin cans. He is known to hibernate in cellars during the winter.

The Anopheles, making up less than 1% of the total, can be a transmitter of malaria.

Other facts about the mosquito:

—the female drinks blood, the male sips nectar from plants.

—the female will usually live over winter; the male normally dies.

—mosquitoes have been known to travel up to 20 miles from their breeding grounds.

"It takes a long time to control mosquitoes," Rapp says. "The most effective method is to combine source reduction (drainage of breeding areas) with spraying."

This is what Mrs. Clifford Kempston wants.

She hopes to see an abatement district set up in Lincoln to drain and spray the many breeding areas that are found in the west and north of the city and beyond.

It involves petitioning, public hearings, public education, an election and the setting of a mill levy.

Mrs. Kempston faces a momentous task.

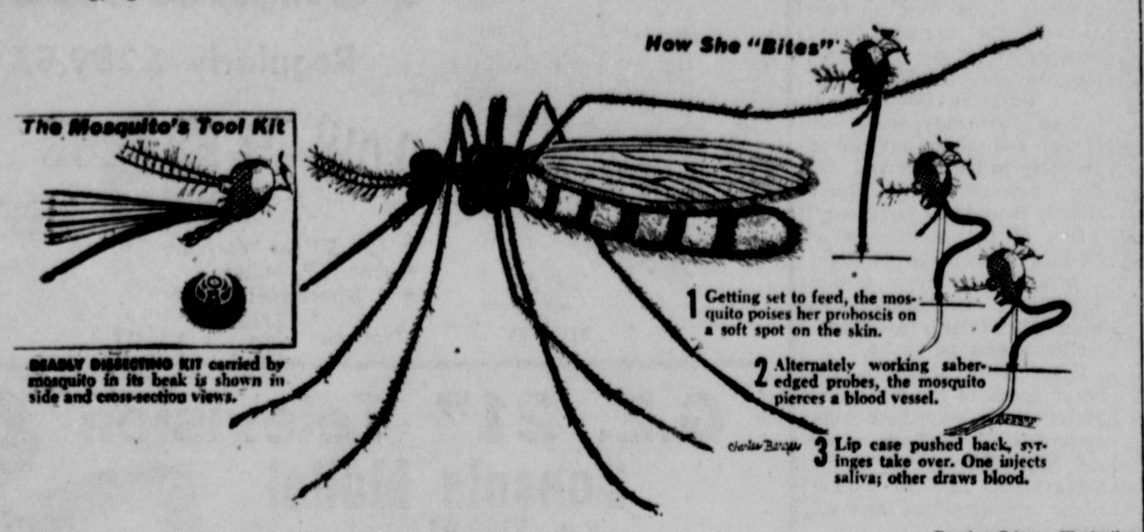

"But we'll keep trying," she says.

Oil, Gas Severance Tax Revenue Is Up

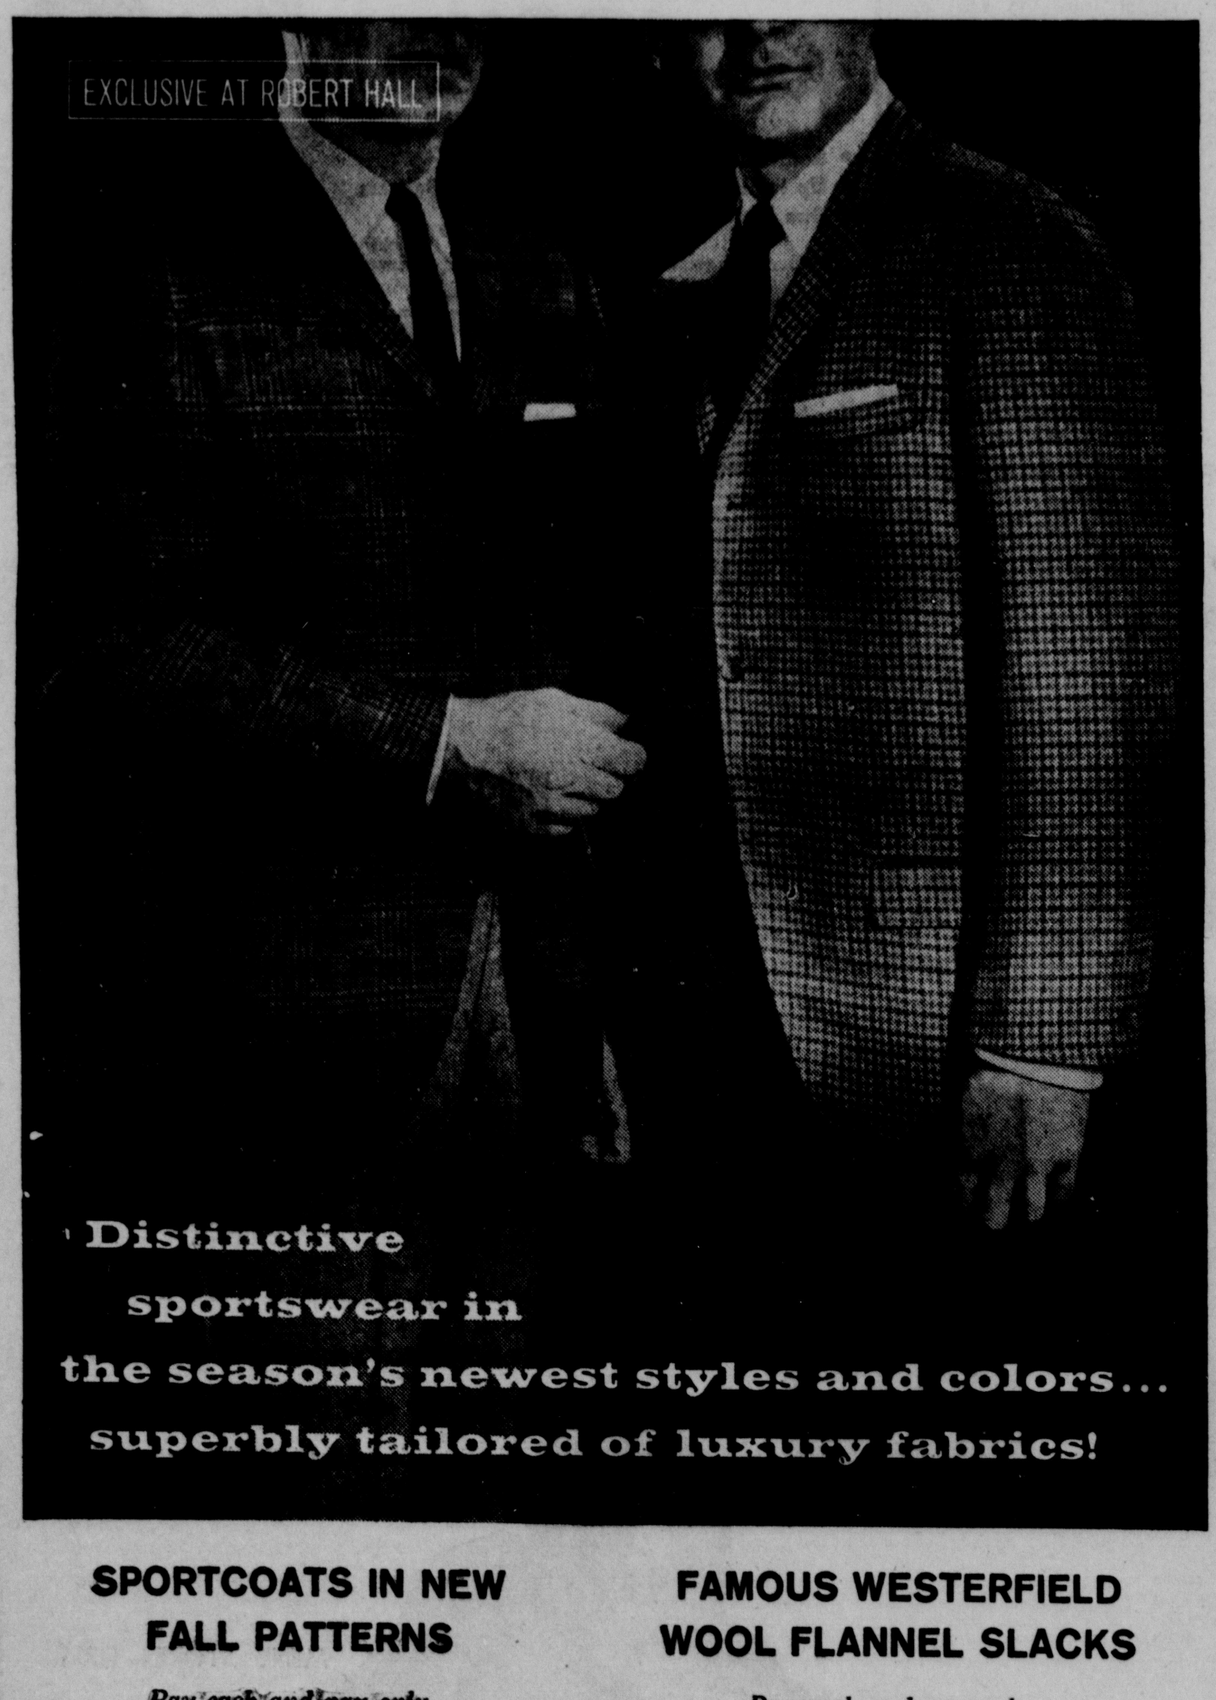

Severance tax revenue from production of oil and natural gas totaled $119,412 for July, the Department of Agriculture reported Wednesday.

A total of $114,274 was collected in July, 1959.

June's collection was $110,157.

C'mon kids . . . don't miss the fun! Kids' special days at the Fair are Saturday, September 3rd and Tuesday, September 6th. Pick up your free grandstand tickets for these days at any of Gold's Children's Departments. Nebraska State Fair, September 3-8.

Elks Name 2 Winners Of Grants

Sherrill Geistlinger, daughter of Mr. and Mrs. Paul Geistlinger of 621 So. 30th, and Gary Dean Kubert, son of Mr. and Mrs. Fred Kubert of 1335 So. 50th, were announced as the Elks scholarship winners by Glen V. Burnett, Exalted Ruler of Lincoln Elks Lodge 80.

Miss Geistlinger

Each will receive his first year's tuition at the University of Nebraska.

Gary Kubert

Sherrill, who majored in Arts and Sciences while in high school, plans to enroll in Teachers College at the University, majoring in physical education. She has received several trophies for tennis and swimming.

Gary, a mathematics and science major in high school, plans to enroll in the Engineering College. His other interests include instrumental music and dramatics.

Play Equipment New Addition To Lake Ogallala

Ogallala (AP) — Newest improvement at Lake Ogallala in southwestern Nebraska has been the addition of playground equipment on the recreation area, the Nebraska Game Commission announced.

The equipment complements the picnic, water, and other facilities already present around the lake. Three new fireplaces have also been added, and several hundred Chinese elm, Hansen's rose, and cottonwood trees have been planted.

The Game Commission controls all the perimeter land on Lake Ogallala. Camp sites are available, and fishing, hunting, and boating are allowed. Utilization of the area is up considerably over last year, the commission said, and people interviewed by area manager Ralph Craig have expressed a general "thanks" for the facilities and elbow room found there.

Liquor Revenue Total Increases

The State Liquor Commission reported Wednesday that liquor revenue from Jan. 1 to Sept. 1 amounted to $2,134,656, a $351,176 increase over the same period last year.

Total revenue for July was $303,017. August revenue was $249,606.

Largest chunks of the August revenue came from spirituous liquors, $136,021; beer, $92,444; fortified wine, $19,094, and light wine, $1,078.

Weather Ahead

..Nebraska temperatures for the next 5 days will average 4 to 8 degrees above normal in the west to 8 to 10 degrees above normal in the east. Cooler in the west over week end, otherwise continued warm with only minor day to day changes. Normal highs are around 85; normal lows are 53 west to 57 east. Rainfall will average below normal with .10 to .30 inch in the east occurring as scattered showers or thunderstorms toward end of period.

Judge Promises Clampdown In Strife-Torn Jacksonville

Jacksonville, Fla. (UPI) — A city court judge who has sentenced 100 persons for taking part in racial incidents warned Wednesday he planned to clamp down even harder on "hoodlums" carrying firearms.

Judge John Santora ordered two white men to pay $75 fines or spend 20 days in jail for allegedly threatening a Negro postal employe with a shotgun.

The Negro, Albert Jackson Jr., accused Joseph Evans Babb, 25, and Douglas L. Swilley, 26, of pointing a shotgun at him after pulling up behind his car. Babb said he told Swilley to get out the weapon when Jackson came running up to the truck.

"We didn't know what he (Jackson) was going to do," said Babb.

'Break Up Hoodlums'

Santora, in handing down the sentences, said "I'm going to break up these hoodlums carrying shotguns."

City police have blamed gangs, mostly of Negores, roaming the streets at night for vandalism which has prolonged racial strife that started here last Saturday. The outbreaks have gradually diminished, and Tuesday night was the port city's calmest in a half-week.

A few arrests were reported early Wednesday but lawlessness appeared confined to vandalism in Negro districts.

Police said a Negro man, James Robinson, 35, reported he was cut on the arm by two white men who jumped from a car and attacked him Tuesday night.

Santora, who had promised "stern" punishment for any one caught taking part in the racial flare-ups, also gave suspended $25 fines to a white NAACP "sit-down" leader and a young segregationist whose differences over the race issue led to a jailhouse fight.

Police tabbed the NAACP member, Florida State University sociology student Richard F. Parker, 25, as the "kingpin" in the original uprising last Saturday. Parker received the stiffest of Santora's penalties, 90 days in jail, earlier this week.

He and Merrill Adrian Imus, 21-year-old construction worker, were found guilty of fighting in a jail cell. But the suspension of the fines meant that neither Parker nor Imus received any additional punishment for their parts in the racial strife.

The NAACP early this week called off the "sit-ins" at downtown stores temporarily, and advocated an economic boycott by Negroes in the main business area. The boycott has not worked noticeably well. A number of Negroes continued to patronize downtown stores.

Police also disclosed that the only fatality of the racial violence, a Negro ex-convict, was shot in the head shortly before his car smashed into a power pole while fleeing police.

Three service station attendants armed with pistols fired at the victim's car, stolen earlier from a used car lot, as it sped by them. The white men were questioned by officers early Tuesday and released without charges being filed.

Recruiting Of Spies Denied By Brother

Monterey Park, Calif. (UPI) — A Soviet newspaper Wednesday charged that Richard Lane of Los Angeles recruited two Soviet youths for an American spy network several years ago. A younger brother called the charge ridiculous.

But David Lane, 17, said the family would have no detailed comment at this time. He said his brother is on a lengthy motor trip to the middle west and Canada and "probably hasn't heard the news yet."

Komsomolskaya Pravda charged that Richard Lane recruited Vyacheslav Repnikov and Rostislav Ribkin, about 25, for spy work when he attended the World Youth Festival in Moscow 3 years ago. The two young Russians were arrested Tuesday.

Lane, an Eagle Scout with aspirations for a career in the diplomatic service, was quoted at the time as saying he accepted the festival invitation because it was "the cheapest way to see Europe and get behind the iron curtain."

Lane was one of the young Americans who defied a U.S. State Department ban and made a trip to Communist China after the festival.

BOGUS $20 BILL IS PASSED AT LINCOLN STORE

Police say a counterfeit $20 bill passed at a local store will be turned over to the Omaha Secret Service office.

An official of Miller and Paine department store said the bill was taken in sometime Monday. He noted the bill appeared counterfeit and notified police.

This was the first report of a counterfeit bill turning up in Lincoln in many months.

Advertisers who want the added impact of color in their ads will find 985 newspapers offering ROP in one color of more. The combined circulation of these newspapers is 46,982,711, or over 80% of total U.S. daily circulation.

JC's Back Industrial Amendment

. . . Lincoln Members To Spearhead State-Wide Effort

The Lincoln Junior Chamber of Commerce will spearhead a state-wide effort among Jaycee chapters throughout the state to promote a favorable vote on the proposed Industrial Development Amendment to Nebraska's constitution.

In announcing plans for the project, Lincoln Jaycee President Donn Davis said, "We plan to make this the No. 1 Jaycee project for this fall. I know of nothing more important to Lincoln or Nebraska."

"The Lincoln Jaycees feel that passage of the proposed amendment is essential to Nebraska's industrial and business future. It will be an economic disaster to this state if the amendment is defeated, for then everyone would believe that Nebraskans don't want new business," he said.

The proposed amendment, which comes before the voters at the Nov. 8 election, would authorize legislation permitting cities to issue revenue bonds to raise money for the purchase and development of land for industrial sites.

Davis said the Lincoln Jaycees will conduct an intensive campaign in Lancaster County to acquaint voters with the merits of the amendment and to encourage voting on election day.

He said they will urge other chapters throughout the state to conduct similar campaigns in their own localities.

Tentative plans calls for organization of a speakers bureau, distribution of literature, a house-to-house doorbell-ringing drive and campaigning at the polls on election day.

About half the population of Surinam in South America is made up of Indonesians and Hindustani.

Congo Civilians Accused As Attackers Of Yankees

Leopoldville, Congo (AP) — The Congo Army commander said Wednesday a number of Congolese civilians have been arrested on charges of starting the panic that resulted in a mob attack on 8 U.S. airmen and two Canadians Saturday.

Gen. Victor Lundula said those arrested will face military trial.

The Americans and Canadians were beaten with clubs and gun butts when they landed at Stanleyville with equipment for the U.N. They were rescued by Ethiopians of the U.N. force. The men were hospitalized but were being flown to Tripoli.

Lundula in his report said rumors and fake orders to Congolese soldiers contributed to the incident. He did not explain who gave the false orders.

He gave this account:

An honor guard had been sent to the Stanleyville airport for the arrival of Congo Premier Patrice Lumumba. Shortly before the American plane arrive a civilian spread a rumor that Belgian parachutists were lying in wait for Lumumba.

About that time, the Army officers at the airport received an urgent message from U.N. Headquarters in Stanleyville.

The Congolese officers hurried to U.N. Headquarters and "learned with stupefaction" that they were supposed to have given orders to Congolese soldiers to surround the headquarters and carry out a search. A number of U.N. officials already had been taken out of the office by the soldiers.

The officers reassured U.N. officials and hurried back to the airport where they found civilians mixed with the honor guard in "indescribable disorder."

Incited by the rumors about Belgian parachutists, Lundula said, "at the moment when the door of the American plane opened, civilians, police and soldiers . . . attacked the imaginary Belgian parachutists who really were Canadian officers."

Lundula, throughout his report, apparently was under the misapprehension that all the injured men were Canadians.

Mrs. Aung San Is Envoy

Katmandu, Nepal (AP) — Mrs. Aung San of Burma has presented her credentials as the first woman ambassador to this Himalayan kingdom. She is the widow of the patriot U Aung San, wartime resistance leader and premier of Burma's first postwar government who was assassinated in 1947.

Demo, GOP Chairmen Sign 'Fair Campaign Practices' Code

Washington(UPI) — The Democratic and Republican national chairman signed the fair campaign practices code Wednesday and received a report that scurrilous religious propaganda is appearing "all over the country."

Charles P. Taft, chairman of the Fair Campaign Practices Committee Inc., answered questions about the religious material after Sens. Henry M. Jackson (D-Wash) and Thruston B. Morton (R-Ky), the two chairmen, signed the committee's code.

All 3 participants in the signing ceremony stressed that objectionable campaign materials usually are what Taft described as "the underground kind of stuff," entirely unrelated to the national committees or to any regular party organization.

The code calls for a discussion of the issues "in the best American tradition."

Jackson commented that both political platforms disavow "bigotry" and said there is a heavy responsibility on both parties this year.

Morton noted that Vice President Richard M. Nixon, the Republican presidential nominee, has ordered GOP campaign workers not to mention religion in the campaign against Sen. John F. Kennedy, Mass., the Democratic nominee who is a Catholic.

The news conference discussion of the religious question lent a serious note to the sign-up ceremony which, in the past, has had some of the irony of two fighters just before answering the opening bell.

Taft noted the Fair Campaign Practices Committee this year brought together a group of religious leaders representing various shades of Protestant, Catholic and Jewish opinion for a frank discussion.

"We do not say there should be no discussion of religion," Taft said, but it should be discussed "only if it is relevant to an issue in the campaign."

Taft said the fair campaign group is becoming more and more convinced that "offensive" campaign materials —including the kind of religious materials which have been publicized in recent days—"is almost certain to backfire" against the candidate in whose support they are circulated.

Both Jackson, who said the differences between the parties should not be clouded by "campaigning that comes from the sewers," and Morton, who disavowed "bigotry and mudslinging," urged their subordinate campaign affiliates and candidates to sign the code.

Some 1,200 candidates—excluding the presidential and vice presidential standard bearers—will be asked to sign it.

Permit Change Asked For Grand Island TV

Washington (AP) — Electron Corp. of Dallas, Tex., asked the Communications Commission for authority to assign its permit for proposed Channel 11 KGIN-TV at Grand Island, Neb., to Cornhusker Television Corp. for $2,500.

Cornhusker said it proposed to operate the Grand Island outlet as a satellite to its Lincoln, Neb., station, KOLN-TV.

Omaha Bar Honored

Washington (AP) — The Omana Bar Assn. won an honorable mention from the American Bar Association Wednesday in competition involving improved performance of local courts.

Work Will Start On Norfolk Plant

Norfolk—Construction work on the new $345,000 Roehr Products Co. plant at Norfolk will begin immediately, according to Lyell Wilson, consulting engineer.

The Roehr Co., which makes disposable hypodermic needles, expects to employ 300 to 400 persons.

The general contract was awarded jointly to Beckenhauer Brothers and Hespe Construction Co. of Norfolk; joint electrical contract to Elkhorn Electric and Krueger-Ihle; plumbing to Herb Charlston and the well contract to the Salmon Well Co., Wakefield.

300-Year Repair Job

Trimley, England (UPI) — Church officials said that reconstruction of the tower of St. Mary's Church has been completed. It was destroyed 300 years ago by Oliver Cromwell's cannons.

Lake's Name Would Honor Sen. Butler

Washington (AP)— The Interior Department announced Wednesday it has recommended enactment of a bill to name a Reclamation Bureau reservoir now under construction "Hugh Butler Lake" in honor of the late Republican senator from Nebraska.

Butler served in the Senate from 1946 to the time of his death, July 1, 1954.

The reservoir in south-central Nebraska will be created by a 120-foot-high earth fill dam on Red Willow Creek, a tributary of the Republican River.

The reservoir will be in the same area in which Butler spent his early years. It will be a feature of the Frenchman-Cambridge Division of the Missouri River Basin Project and is expected to be finished in the fall of 1962.

Lincoln Schools Readied By Maintenance Crews During Summer Months

By Louise Holbert

School buildings never get a vacation.

When the students moved out the first of June, the maintenance crews moved right in.

The sounds of voices and footsteps resounding in the halls were gone, but the sounds of hammers and saws prevailed.

The Lincoln Public School's maintenance crews were hard at work all summer.

Do Anything

A pretty self-sufficient group, it includes men who are plumbers, electricians, painters and varnishers, grounds upkeepers . . . they can do anything that has to be done to ready and repair the schools for the following year.

The aims of the maintenance department are to:

—promote health and safety.
—provide operating economies.
—prevent time loss.
—preserve property values.
—retard deterioration.
—prevent obsolescence.
—develop community pride.

The maintenance department employs 67 men on a year-around basis, while the 208 school custodians work with them in the summer. R. J. Bauer is head of the maintenance department of the Lincoln Public Schools.

35 Men

All plumbing, heating, and ventilation work was done by 9 crews consisting of 35 men.

They were busy this summer removing old radiation (heating) and replacing it with new material, cleaning steam boilers and installing 79 new ones, repairing plumbing equipment, air controls and numerous other renovations.

Floor finishing crews used 113 gallons of gym finish, 41 gallons of floor seal and 25 gallons of wax to complete their jobs.

A total of 2,723,548 square feet of floor space was repaired, cleaned, waxed and polished.

Refinishing of wood furniture and desks required 98 gallons of varnish and 8 gallons of wood stain. A crew of 8 women prepared the furniture to be refinished by washing it and removing gum.

Extensive outside painting was done during the summer at Northeast High School, and Whittier Jr. High.

Interior painting was accomplished at Lincoln High, Holmes, Whittier, Northeast and Park Schools.

A total of 310 acres is the responsibility of the grounds upkeep crew. All summer they mowed grass and weeds, replaced gravel in parking lots and playgrounds.

They watered vegetation, utilizing 1,500 feet of garden hose and 40 sprinklers and repaired fences, athletic equipment and flagpoles.

The carpentry crew remodeled portions of the interiors of Northeast, Millard Lefler. Clinton and Whittier, replaced catwalks, fire escapes, and sidewalks. The cabinet makers built cabinets for Clinton, and Southeast.

Roof Repair

Roofers repaired the roofs and skylights at Lincoln High, Clinton, Everett, Garfield and Irving.

1,331 window panes of all sizes at approximately $2 per window were replaced, requiring one ton of glazing compound to complete the job.

Schools that received heavy vandalism during the summer include Holmes, Park, Huntington, Havelock and Hawthorne.

The maintenance department's budget for the purchase of materials and equipment only, for the 1960-61 fiscal year, is $185,000. Of this sum, $83,989 has already been spent.

$18,842 Used

For grounds improvement, the department is allowed $19,775, and $18,842 has already been utilized.

This is not the whole story. Much of the work of the crews has been left unmentioned, but it is readily seen that they have accomplished much.

Maintainence director Bauer commented, "Education is important, but maintainence is important too."

In the nearly-completed kitchen at Clinton School . . . carpenter Marion F. Griffitts (foreground) works while head custodian, George A. Litsey checks over the blueprints. (Star Photo.)

Dad's Truck Kills Girl, 4

Omaha (AP) — A 4-year-old girl died Wednesday in an Omaha hospital where she was taken after being run over by her father's pickup truck.

She was Judy Cadwallader. Her parents, Mr. and Mrs. William Cadwallader, live on a farm near Millard.

The father told sheriff's deputies his daughter was standing by a corncrib as he was backing into the crib. He said the next thing he knew, he felt a thump.

The highlight of the annual Galway Oyster Festival in Ireland comes when the mayor of the city, wearing his scarlet robes of office, opens and eats the first oyster of the season on Clarenbridge Pier.

FROM OUR READY-FOR-FUN KITCHEN

SEAFOOD KABOBS

SHRIMP SUEY

A lobster tail is a lobster tail. A shrimp is a shrimp, and a scallop is a scallop—unless they are combined for one of the most delectable kabobs you can imagine.

Most of us had done the kabobs with lamb, beef or pork — We think that you will enjoy our Seafood Kabob because of its actual simplicity and because it is different—and certainly will command respect and applause.

Equally good is our Shrimp Suey—a very fitting dish for a buffet supper—and pre-game or post-game snack as well as for a luncheon—or dinner for guests. But your family may not want to wait for guests—have it any time.

SEAFOOD KABOBS

⅓ cup salad oil
3 tablespoons lemon juice
1 clove garlic, halved
½ teaspoon salt
2 tablespoons chili sauce
1 tablespoon soy sauce
1 pound large shrimp
½ pound sea scallops
2 rock lobster tails

Combine oil with lemon juice, garlic, salt, chili and soy sauces; let stand. Shell and devein shrimp. Halve scallops. Cut away undershells of rock lobster tails with kitchen scissors; then carefully insert fingers between shell and raw rock lobster tail meat and work out meat from shell. Cut each lobster tail into 3 sections. Arrange seafoods on skewers, alternating varieties. Place skewers in shallow dish and pour marinade over them; let stand ½ to 3 hours. Remove skewers from marinade and broil until done, about 5 minutes on each side. Serve with buttered rice that has been tossed with diced pimiento. Makes 6 servings.

SHRIMP SUEY

1 pound shrimp, fresh or frozen
¼ cup butter or margarine.
3 onions, sliced.
1 cup sliced celery
1 sliced seeded green pepper.
1 No. 2 can bean sprouts
1½ tablespoons cornstarch
¾ cup cold water
2 tablespoons soy sauce
1 cup rice, cooked according to directions on package
Salt and pepper to taste

Shell and devein shrimp, but do not cook. Melt butter or margarine in frying pan and saute onion, celery and green pepper until soft. Drain bean sprouts and add liquid to sauteed vegetables. Dissolve cornstarch in cold water and soy sauce and add to sauce, stirring until mixture thickens. Season with salt and pepper. Add drained bean sprouts and raw shrimp, let come to a boil, and cook until shrimp are pink, approximately 5 minutes. Serve immediately with hot rice. Makes 4 servings.

"Peachy" Ideas

You can make a good peach cobbler or dumpling, but for something a little more unusual try these three recipes. One is for Quick Spiced Peaches to be served as a meat accompaniment. The other two are desserts. Peachy Topsie Turvies is an easy upside down peach cake. The other dessert is the famous Peach Melba. For this, the peach slices are uncooked but the sauce is cooked. It is a combination of currant jelly and fresh or frozen raspberries. It is a dessert you nearly always find on the menu of first-class restaurants.

PEACHY TOPSIE TURVIES

⅓ cup light corn syrup
2 tablespoons margarine or butter
¼ cup brown sugar
2 tablespoons lemon juice
6 maraschino cherries
3 large freestone peaches
1 package cupcake mix or enough batter for a one-layer cake
whipped cream

Combine corn syrup, margarine or butter and brown sugar. Bring to a boil and boil one minute. Add lemon juice. Divide equally into 6 well-greased, individual (10 oz.) baking dishes. Place maraschino cherry in center of each dish. Peel and halve peaches. Place a peach half cut side down over each cherry. Prepare mix according to package directions. Pour batter over peaches, dividing equally among 6 dishes. Bake in moderate oven (350 F.) for 30 to 40 minutes or until cake tests done. Remove from oven; cool to lukewarm. Turn out into individual serving dishes. Serve with whipped cream. Makes 6 servings.

PEACH MELBA

1 quart vanilla ice cream
4 to 6 fresh peaches
1 recipe Melba Sauce

Spoon ice cream into dessert dishes. Peel and slice peaches. Arrange peach slices around ice cream. Pour Melba Sauce over ice cream and peaches. Makes 6 to 8 servings.

MELBA SAUCE

1 cup canned or frozen raspberries or strawberries, or 1 pint fresh berries
2 teaspoons corn starch
1 tablespoon water
½ cup light corn syrup
½ cup currant jelly

Combine berries, corn starch, water, corn syrup and jelly in a small saucepan. Mix thoroughly. Cook over medium heat, stirring constantly, until mixture comes to a full boil. Boil 1 to 2 minutes or until somewhat thickened and transparent. Remove from heat. Cool; chill. Press through a strainer or sieve. Makes 1¾ cups.

QUICK SPICED PEACHES

1¼ cups water
½ cup light or dark corn syrup
½ cup vinegar
1 tablespoon mixed pickling spices
4 freestone peaches

Combine water, corn syrup, vinegar and spices. Bring to a boil and boil 10 minutes. Peel and halve peaches. Add peach halves to syrup and simmer gently 5 minutes or until fork tender. Remove from heat. Chill thoroughly before serving. Prepare well in advance as flavor improves on standing. Use drained spiced peaches as a meat accompaniment. Save spiced syrup and use to baste baked ham or luncheon meats.

Perfect construction and balance give them not only the whisper-weight but the stamina of a ballerina's slipper.

Shoe Salon—street floor

Family Features

Dear Abby—

Abigail Van Buren

DEAR ABBY: You have just set women's rights back 50 years! Your answer to "EMILY" advising her to "obey" her husband and not wear shorts in public was about as narrow-minded as any answer I've ever read from you.

Since when do women let their husbands tell them how to dress? Emily said she wore shorts before she was married and her husband didn't object, but as soon as they were married he put his foot down. Why the change of heart?

AGNES

DEAR AGNES: A man feels a "pride of ownership" in his wife that he didn't feel toward a girlfriend. Giving up wearing shorts in public is a small sacrifice for a wife who really cares for her husband.

☆ ☆ ☆

DEAR ABBY: Your answer to Emily in regard to her wearing shorts in public was a good one. A man who would allow his wife to display herself in public isn't much of a husband. I think most men feel the same but haven't the nerve to lay down the law. Thanks, Abby, for letting people know that one husband doesn't want his wife wearing shorts in public, and also for agreeing with him.

ANOTHER HUSBAND

DEAR ABBY: My daughter is going to have her 15th birthday party and she has invited six girls. Do you know of any games they could play after dinner?

MRS. D. D. S.

DEAR MRS. S.: Invite six boys.

☆ ☆ ☆

DEAR ABBY: I recently moved to a small town where everybody knows everybody else's business. I have told everyone that I am a widow because I have two children, but actually, I have never been married.

Recently a man I used to know found out where I was and came here and moved into my house. I have been telling everyone he is my brother. I detest this man because I am trying to live right and forget the past, but he says if I don't let him stay he will tell everyone about my past. What must I do?

SCARED

DEAR SCARED: Throw him out even if you have to call the police to help you. It would be better to have your past revealed than to allow such a bum to live with you.

☆ ☆ ☆

CONFIDENTIAL TO "DESPERATE . . . PLEASE HELP:" There is no reason to feel guilty. Under the circumstances, anything goes.

If you have a problem, write to Abigail Van Buren in care of this paper. She will be glad to answer your letter. For a personal reply, enclose a self-addressed envelope.

Opening lead — five of hearts.

The finesse is one of the most valuable weapons in declarer's arsenal of plays, but it is a useless instrument unless there is also available a means of leading from the correct hand to take the desired finesse.

This question of entries can be a bothersome one in some hands, and many a contract is defeated solely because of the lack of sufficient communication with dummy.

For example, in this hand, if declarer had the privilege of leading from dummy at will, he could take successful finesses in spades, diamonds, and clubs, and wind up making eleven tricks.

But having no ready entry to dummy, and having received a heart lead which does not help him a bit, South must do the best he can to overcome the shortage of entries to dummy. He knows from the bidding that all finesses will work, but he apparently lacks the means of leading from dummy through East's kings.

With proper play, however, South makes the contract. At trick two he leads the jack of spades, overtaking with dummy's queen. (Note that declarer does not make the mistake of leading the ace of spades first, which would cut off a vital entry to dummy.)

East is forced to win the queen with the king, and makes the best return of a heart. South must be careful to trump high in order to preserve the 5-2 as entries to dummy's 8-7.

Declarer then crosses to dummy with a trump and takes, let's say, a diamond finesse. After the queen wins, declarer again enters dummy with a trump and takes the club finesse. As a result, South wins ten tricks, losing all together, a spade, a diamond, and a club.

The key plays occur at trick two. Not only must South avoid the error of leading the spade ace, but he must also be sure to overtake the jack with the queen. If he does not do this, East can defeat him by refusing to win the jack.

Town Talk

—Whenever a holiday week end looms up on the horizon it just naturally follows that there will be guests — and the Labor Day week end is no exception to the rule.

Our first arrival is Miss Margo Hunt of New York City who flies in this evening for a Thursday-to-Tuesday stay as the guest of her parents, Mr. and Mrs. E. M. Hunt.

And, on Saturday, Mrs. Elizabeth Danielson will plane in from Chicago to be the week end guest of her aunt, Mrs. E. H. Dierks, and her cousin, Miss Ruth Louise Dierks.

* * *

—There also are homecomers to mention this morning—Mr. and Mrs. Ervin Rucklos and their daughter, Fredericka, have returned from Pelican Lake, Minn., where they spent several days as the guests of Mr. and Mrs. A. L. Minier.

—An energetic Junior League president is Mrs. J. Taylor Greer who doesn't believe in putting off until October what may be done — or at least started — in September.

Anyway, although the Junior League year officially begins in October, Mrs. Greer is having a coffee meeting of the members of the board this morning at her home.

* * *

—When we were discussing prenuptial courtesies for Miss Clay Shirley (she is to marry Dr. Dale Capek on Sept. 10) yesterday we also had planned to mention the bridal attendants. Since we skipped it Wednesday, we'll tell you this morning that Miss Shirley has chosen Miss Charlotte Anderson of Oklahoma City as her maid of honor and only attendant —and that serving Dr. Capek as best man will be his brother, Dr. Richard Capek of Pueblo, Colo.

Destination: Hawaii

On board the SS Matsonia, and ready to set sail for Hawaii was Miss Lee Rausten, (left), daughter of Dr. and Mrs. David Rausten of Lincoln, who left San Francisco last Friday for a two years stay in Honolulu. Miss Rausten has accepted an instructorship at the University of Hawaii.

Miss Rausten is a graduate of the University of Nebraska, and attended the University of Colorado where she is a member of Sigma Delta Tau sorority.

And if the young lady with Miss Rausten seems familiar to you don't think your eyes are playing tricks—Wishing Miss Rausten bon voyage is Mrs. Phillip Gibbs of San Francisco—the former Dolores Theis of Lincoln.

Former Coed, Fiancee

MISS MARGARET ANGELA HOLBERT

Of particular interest to town and campus circles this morning is the announcement made by Mr. and Mrs. Robert F. Holbert of the engagement and approaching marriage of their daughter, Margaret Angela, to Harold Johnson, son of Mr. and Mrs. Earl Johnson.

The wedding is planned for Friday, Dec. 16, and the ceremony will be solemnized at the First Methodist Church.

Miss Holbert was graduated in June from the University of Nebraska where she is a member of Delta Gamma sorority, Phi Upsilon Omicron and Omicron Nu, home economics honorary. She was named Nebraska Sweetheart in 1959.

Mr. Johnson is a senior at the University of Nebraska, College of Business Administration, and a member of Beta Theta Pi fraternity.

Bookmark Club

Miss Berta Dean will be hostess at her home Thursday evening to the members of the Bookmark Club. The program will begin at 7:30 o'clock when Miss Dean will review the book, "The Cord of Steel," by Thomas Costain.

NEWS OF SUBURBIA

EASTBOROUGH

The address book with its many changes is the first item to mention this morning.

Saying farewell to their neighbors along Eastborough Lane Saturday, Aug. 20, were Mr. and Mrs. Donald E. Bell and their children, Kenneth and Katherine. The family, who resided at 612 Eastborough Lane, is now getting settled in Gretna.

Last Friday was moving day for Lt. and Mrs. Clifford D. Cork. They are now getting settled in their quarters at 4244 Hamilton Dr., at the Lincoln Air Force Base, after residing at 7200 Eastborough Lane.

Also moving to quarters at the Lincoln Air Force Base recently were Lt. and Mrs. Richard L. Foster and Tracy. Formerly residing at 619 Northborough Lane, their new address is 3271 Hughes.

Then we heard that Mr. and Mrs. Richard L. Beem are planning to move to Omaha the middle part of September. They will move from 300 W. Rio Rd. to 8528 Templeton St. in Omaha.

Also should mention this morning that little Kevan Smay, son of Mr. and Mrs. Kenneth A. Smay, celebrated his second birthday anniversary on Monday, Aug. 29. However, the real celebration for him was a family dinner at his home Tuesday evening. The guests included his parents, his grandparents, Mr. and Mrs. Edward Juilfs of Sterling and Mr. and Mrs. Kenneth M. Smay of Cook, and his brothers, Stephen, Michael, and Bryan.

MEADOW LANE

A page in the birthday book reads that Kathy Stephenson, daughter of Mr. and Mrs. Dale Stephenson, celebrated her fourth birthday anniversary on Monday, Aug. 22. Joining in the festivities at a party were Ronda, Rita, and Randy Schlegel, Cathy and Janet Wells, Christy and Marty Michael, Johnny Skinner, Ronny Whiteman, Mona and Glenna Christopher, and of course, Dana Stephenson.

On Saturday evening's social calendar in suburbia was a dinner and bridge party given by Lt. and Mrs. Robert Hippler at their home. Seated at the card tables for the evening of bridge were Lt. and Mrs. Bud Kenefick, Capt. and Mrs. Derrol Dennis, and Capt. and Mrs. Bob Erickson.

Now for the changes in the Meadow Lane address book—a change in assignment for Lt. Vincent J. Kovacich now finds he and his family living in Wichita, Kan. Formerly residing at 1330 Lancaster Lane, their mail is being forwarded to Box 494 at McConnell Air Force Base.

Another change in assignment finds Lt. Allan J. Backas stationed in the Azores while his wife and three children, Bill, Lory, and Alaine, are living with Mrs. Backas's parents at 735 W. Long Ave. in DuBois, Pa. Mrs. Backas and the children plan to join Lt. Backas the first part of the year.

The family moved from the Lincoln address, 430 Steinway Rd., last week.

And there are several homes on Colony Lane that are now being occupied by new residents in the suburb.

Moving Tuesday into the home at 1111 Colony Lane were Mr. and Mrs. Marion A. Callies and their son, Bill. They formerly lived at 2431 So. 31st.

Another change of address is noted this morning for Mr. and Mrs. Robert L. Knuth and their children, Cynthia and David. They moved Saturday from the Eastborough address, 332 Prestwick Rd., into a new home in Meadow Lane at 1100 Colony Lane.

Understand that some additional newcomers are Lt. and Mrs. James Maurer and their daughters, 14-month-old Cheryl and Karen, who is six weeks old. Formerly residing at 2022 No. Cotner, the Maurer family moved Sunday into the home at 1009 Colony Lane.

The fourth new family on Colony Lane is Mr. and Mrs. Carl W. Strom and their children, Sue Anne, who is seven years old, six-year-old Carolyn, and Wally, who is six months old. They moved last week from 4547 Randolph to 1017 Colony Lane.

The welcome mat is out this morning for Mr. and Mrs. Louis A. Swiger and their young sons, five-year-old Michael and Kurt, who is two years old. They moved the middle part of August from their former address, 3470 No. 53rd, to a new home at 1420 W. Avon Lane.

The Famous

Officers Wives Golf Winners

The happy ending of a busy season came on Wednesday afternoon for the golfing members of the Lincoln Air Force Base Officers Wives Club who met for luncheon at the Inter-Com Club.

Receiving their hard-earned tropies are (from the left) Mrs. R. S. Patterson, winner of the ringer tournament of 18 holes; Mrs. Robert Gaines, champion, 18 holes; Mrs. Harold Hampton, 9-hole ringer winner and named the Most Improved Player; Mrs. Stanley States, runner-up for the first flight; and Mrs. G. Linscheid, first flight winner.

Brides

The wedding of Miss Jeralyn Braasch and her fiance, John Pittman, Jr., will take place on Saturday, Oct. 15. Plans are being made for the 7:30 o'clock ceremony which will be solemnized at the First Evangelical United Brethren Church.

Also now busy making plans for an October wedding is Miss Jeanne Johnson. Miss Johnson and her fiance, Lt. William E. Kimbrough, III, USMC, who is stationed at Quantico, Va., have chosen Saturday, Oct. 22, for their wedding date.

An Alpha Xi Delta at the University of Nebraska, Miss Johnson is the daughter of Mr. and Mrs. Richard Seckinger.

Planning an early November wedding is Miss Karen Lindner. This autumn bride-to-be will marry Richard Flanigan on Saturday, Nov. 5.

To Hear Speaker

A talk by Hugh McKenna of Omaha will highlight the meeting of the Republican Business Women's Club next Thursday evening following a 6 o'clock dinner at the YWCA.

The invocation will be given by Mrs. Ralph Hill, assistant vice chairman of the state Republican women's activities.

Miss Norma Carpenter is in charge of arrangements for the evening assisted by Mrs. Elsie Fullerton and Miss Emily Krisl.

During the Nebraska State Fair, representatives of all Republican Women's Clubs in the state will serve as hostesses at the Republican booth

Mothers Club Officers Meet

Meeting for an informal coffee hour Wednesday morning at the home of Mrs. Robert Frickel were the officers of the Pershing Mothers Club, who made plans for the group's activities during the coming year.

From the left are Mrs. Tom Novak, vice president; Mrs. Mirl Rupe, treasurer; Mrs. Frickel, president; and Mrs. Lyle Emery, secretary.

The following chairmen of the club have been appointed: Mrs. Don Doerr, ways and means; Mrs. William Hohenstein, social; Mrs. Harvey Schulenberg, nursery; Mrs. Ted Marshall, courtesy; Mrs. George Young, bulletin; Mrs. Edwin Scott, garden; and Mrs. Chester Gausman, reading.

Marriage Announced

Mr and Mrs. Floyd Harley this morning are announcing the marriage of their daughter, Norma Jean, to Warren D. Dolberg, son of Mr. and Mrs. P. H. Dolberg, on Sunday, Aug. 14.

The ceremony was solemnized at the First Evangelical Lutheran Church in Glendale, Calif.

Attending the couple were Mr. and Mrs. Gary Gerlach of Glendale.

Mr. and Mrs. Dolberg are residing in Lincoln at 745 Sumner, following a honeymoon trip in California.

Madam Chairman

LAFB Officers Wives Club, 370th squadron, 10 o'clock coffee at the Officers Club.

AFTERNOON

League of Women Voters, 12:45 o'clock board meeting at the home of Mrs. H. P. Gaylor, 2020 Morningside Dr.

Jane Jefferson Democratic Women's Club, noon luncheon and meeting at the YWCA.

LAFB Officers Wives Club, 343rd squadron, 1 o'clock luncheon at Congress Inn; 424th squadron, 2 o'clock tea at the Officers Club.

Navy and Marine Officers Wives Club, 12:30 o'clock luncheon at the Inter-Com Club.

EVENING

Bookmark Club, 7:30 o'clock at the home of Miss Berta Dean.

Joint Membership Drive Planned

. . . By New State Chamber, Associated Industries

A joint state-wide membership campaign by Associated Industries and the newly-organized Nebraska State Chamber of Commerce will be held this fall, R. S. Dickinson, president of Associated Industries of Nebraska, announced.

The Nebraska State Chamber of Commerce recently filed Articles of Incorporation in Lincoln. The original Board of Directors is a group of 39 top Nebraska businessmen representing some 30 communities in the State. Charles E. Chace, managing director of Associated Industries of Nebraska, is resident agent for the organization.

Dickinson, in announcing the one drive campaign, stated that it is planned to follow organizational policies used in several other states to more effectively serve as a state-wide "Voice of Business" without the resultant overhead cost increases that would come about if two separate organizations were serving along similar lines of interest. While the two organizations will have a common financing arrangement, common membership, headquarters, executive leadership & staff, each will have separate boards of directors, officers, separate committees and councils and non-duplicating programs of work.

The membership campaign will kick-off in early September and will continue throughout the entire state until November 6th.

George Schaefer, president of the F. D. Kees Manufacturing Company of Beatrice is General Chairman of the state-wide drive.

Division chairmen:

Western Division—Q. T. Wiles, president of Good-All Mfg. Co. at Ogallala.
Central Division—P. E. W. Goodwin, general manager of Rockwell Mfg., Kearney.
Easter Division—J. C. Kerrigan, president, Fremont Foundry & Machine, Fremont.

—Nixon . . . Kennedy—

Debates To Begin Sept. 26

. . . On TV-Radio

By James Devlin

New York (AP) — History's first face-to-face television and radio debates between major party nominees for president of the United States will start Sept. 26 under arrangements made Wednesday.

Vice President Richard M. Nixon, the Republican candidate, and Sen. John F. Kennedy, his Democratic opponent, will make a series of 3 and possibly 4, joint appearances on the air.

The other certain dates are Oct. 13 and Oct. 21. Tentative consideration is being given to another joint appearance Oct. 8.

Each program in the series will be carried on all television and radio networks, without sponsorship. The candidates will speak from network studios, without studio audiences.

The unprecedented series is expected to attract some of the largest audiences in broadcasting annuals.

Plans Worked Out

Arrangements were worked out by representatives of Nixon and Kennedy and of the major networks—NBC, CBS, ABC and Mutual.

The candidates will discuss domestic policy in their Sept. 26 debate, from 7:30 to 8:30 p.m. (CST). The program will originate in Chicago.

They will debate foreign policy on Oct. 21, from 8 to 9 p.m. (CST), in a program originating in New York.

The format of the Oct. 13 program will be that of a news panel discussion, in which the candidates would reply to questions asked by newsmen. The time, or place of origin, has not been determined.

The Oct. 8 program, if held, would be in the same panel format.

The way for the joint appearances was cleared through legislation exempting broadcasters from giving equal time to minor party candidates in the present campaign.

Free Time Donated

The broadcasters had expressed a willingness to donate free time to the major candidates if they were not required to do the same for splinter party nominees.

The legislation was adopted by Congress at its summer session and signed last Thurshower.

Nixon entered Walter Reed Army Medical Center in Washington last Monday for treatment of a knee infection. Aides said he was expected to leave the hospital in two weeks, which would be well ahead of the Sept. 26 starting date of the TV-radio series.

The invitation for Nixon and Kennedy to join in a "great debate" on the air came originally from Robert W. Sarnoff, board chairman of the Natiinal Broadcasting Co., after the national conventions in July. The other networks followed up with similar offers.

Kennedy said in reply to Sarnoff on July 28 that "I wholeheartedly accept" the invitation.

Nixon said the next day he was willing on condition the debates be "completely without notes, no text of any kind" so the candidates could show what they know, "not what their advisers know."

Kennedy said these ground rules were satisfactory to him.

Then the job of arranging mutually satisfactory dates got under way.

Annual State Soil Meet In October At North Platte

North Platte (AP) — Nebraska Chapters of the Soil Conservation Society of America will hold their annual meeting in North Platte Oct. 14 and 15.

The meeting is expected to attract between 150 and 200 persons.

Lorenz Bredemeier, Soil Conservation range conservationist here, said the society is "not government connected; it's an independent society." He said its purpose is to "foster and promote the art and science of conservation of soil, water and other natural resources."

The program will include a trip to the North Platte Experiment station.

Just say 'Charge It' at Wards.

'Melvin Miller Week'—All In Fun—Gets Underway In California For Guy From Peoria

Los Angeles (AP) — Peoria's Melvin Miller arrived at International Airport Wednesday night to a reception befitting a presidential campaigner.

A crowd of about 300 — including many of Melvin's Marine Corps buddies—were on hand when the husky Illinois factory foreman stepped from his jet airliner.

"Why all the fuss? I'm just an ordinary guy," said Melvin as photographers, reporters and others swarmed about him.

"You're the man of the hour," said Capt. Joe Gestson—who is now awaiting a pending promotion to Major. Gestson, a crewcut Marine whacky, chance long-distance telephone call from Laguna Beach, Calif., to Peoria hatched the saga of Melvin Miller.

"I'm Joe — the guy who called you a year ago from the Sandpiper Bar," said Gerson, a crewcut Marine infantryman who loves practical jokes involving telephones.

He and Melvin had never met in person.

"So you're the guy—put're there," said Melvin, warmly shaking hands with the Marine.

Melvin, dressed in a conservative business suit, and Gestson, casually attired in sweater and slacks, then posed for pictures with 3 beauties including Mamie Van Doren, the blonde actress, who climbed aboard the Melvin Miller bandwagon to plug her current movie. She gave Melvin a big kiss.

Cold Champagn

Another of the cuties, Cindy Martin, handed Mel a cold bottle of champagne.

At this point, the airport gathering was reinforced by the arrival of some 40 Melvin Miller fans from the Sandpiper Bar in Laguna, some of them sober. It was in the Sandpiper last Labor Day that Gestson quite by accident, made his now historic telephone call to Melvin in Peoria.

Spotting the bottle of champagne under Melvin's arm, co-owner Bascom Shoaf of the Sandpiper muscled through the throng and asked our hero hoepfully:

★ ★ ★

'Mel Doesn't Drink' News Like Grenade

Laguna Beach, Calif. (AP) — "Mel doesn't drink," stern-faced barkeep Grant Maxwell announced Wednesday to a crowded Sandpiper Bar busy with "welcome Melvin Miller" preparations.

The news hit the favorite Marine Corps watering hole like an atomic grenade.

"Oh, no, not that," said Chuck Kalbak, local subdivider and man-about-town.

Bascom Shoaf, co-owner with Maxwell of the 'Piper, stopped lettering a sign: "For he's a jolly good Melvin."

"Why, everyone drinks," Shoaf said in disbelief.

Several Marine jet pilots stopped a dart game and stared at Maxwell behind the bar.

Eric Englund, local dentist, delicately set down his afternoon martini on the bar and stared blankly at the mirror.

'It's True'

"It's true," said Maxwell, clearly a man with dire tidings. He had just heard an Associated Press report from Peoria picturing Melvin as a teetotaler and church elder.

Melvin is the 40-year-old Peoria tractor factory foreman who is getting a free week in this southern California resort because of a chance long distance telephone call with a Marine.

"What about all the cocktail parties we have planned for Good Ol' Mel?" said Englund.

"Don't panic me," said Maxwell, whose longtime job of serving Marines has produced an air of authority in times of crisis.

"We'll just give him plain orange juice," said Maxwell.

"You mean that stuff you mix with vodka in the screwdrivers?" asked a leatherneck from the dartboard.

"Yea, that's the stuff," Maxwell said. But somehow a cloud had drifted in from the beach.

"Is it true you don't drink?"

'Give It Way'

"That's right — just a beer now and then," Melvin said. "I'm going to give this bottle of champagne away."

Barkeep Shoaf moved back into the crowd as if stunned, while reporters, photographers and well wishers clustered about Mel. Many wore T-shirts emlazoned "Melvin Miller Week."

The group set sail in a bus-led motorcade for Laguna, where Melvin faced a reception at the Sandpiper before checking in to his ocean front suite at a big hotel.

When Melvin left Chicago for the climax of the gag he said:

"I'm just going along with the gag."

His arrival marked the punchline of a gag that had its inception in a Marine hangout called the Sandpiper, at Laguna Beach, about a year ago.

Gestson had forgotten where he left his car. Another Marine suggested "try Peoria." Pulling a name out of the air, Getson put in a call for "Melvin Miller" in Peoria, Ill.

The operator contacted Melvin Miller, a home-loving church elder and Caterpillar tractor co. foreman. Miller didn't know where the Marine's car was but he took the ribbing good-naturedly.

Miller got other phone calls from Gestson as the joke continued. Pretty soon it swelled into a drive to raise funds to bring Miller to Laguna Beach.

Slightly Dazed

Slightly dazed by it all, Miller agreed to go.

A busy, 7-day schedule is planned for Good Ol' Mel. It includes civic dinners, luncheon with Jayne Mansfield, the "Melvin Miller Stakes" at a race track, bull fights in Tijuana, Mexico, a tour of Los Angeles and an appearance on a television show.

Other events on his agenda include a full-dress review of Marines at El Toro Marine Air Station and a visit to the Los Angeles Coliseum where Mel will toss out the first ball for the Dodgers-San Francisco baseball game.

Back home in Peoria, Mel's wife of 19 years said she isn't worried about Mel being carried away by it all.

"Mel doesn't drink and he has a pretty level head," she said. "I'm sure there isn't anything to worry about."

WIREPHOTO

MELVIN MILLER GREETED . . . Melvin Miller is hoisted to the shoulders of Marine Capt. Joe Gestson (left and Bascom Shoaf, co-owner of the Sandpiper Bar, where the practical joke began.

The fact that Madrid is the highest capital in Europe led to the popular Spanish expression: "From the provinces to Madrid and from Madrid to the sky."

People spent more time with print media during the final quarter of 1959 than during the same period in 1958, and less time with TV or radio, according to a Sindlinger & Co. report. In a comparison of per capita time spent, the report shows newspaper reading up 17.3%, with TV viewing down 20.8% and radio listening down 7.9%.

4-H LIVESTOCK ENTRIES IN NOW TOTAL OVER 1,091

More than 1,091 4-H livestock entries have been received for the Nebraska State Fair, according to Wes Antes, State 4-H club leader at the University of Nebraska.

A breakdown of total entries shows 471 beef entries, 261 dairy entries, 160 sheep entries, 166 swine entries and 133 horses. An increase in entries over last year was registered in the sheep and horse divisions.

All exhibits, Antes said, except horses, must be in place by 8 a.m. Saturday. The 4-H Light Horse Show will be held at 9:30 a.m. Sept. 8, at the State Fair coliseum.

The largest number of tropical disturbances (hurricanes) recorded in the Gulf of Mexico-Atlantic Ocean area in one season was 21.

House Investigators Slap Ag Storage Policy

Washington (AP)—House investigators accused the Agriculture Department Wednesday of needlessly spending millions of government dollars by ignoring federally-owned facilities for storing surplus grain.

In a report highly critical of the department's multi-billion dollar grain storage program, the House intergovernmental relations subcommittee said too much stress is put on storing grain in commercial warehouses.

Under Secretary of Agriculture True D. Morse, commenting on the report, said in a statement that the findings of the committee indicate largely differences of opinion on matters of judgment and procedure.

He said the report shows no material weakness in the operation of government farm programs.

Waited Too Long

The subcommittee, headed by Rep. L. H. Fountain (D-NC), accused the department of waiting too long to put through its 19% reduction in storage rates paid to commercial warehousemen. The cut went into effect July 1.

Prior to this, the report said, storage rates paid to "commercial warehousemen have been double the cost of storing grain government bins."

Morse said the report is contrary to recommendations of a House-Senate conference committee on this year's agricultural appropriations bill. He said that committee said it did not favor construction of more government-owned storage facilities.

In addition to the report on grain storage, the subcommittee issued a companion report appraising the government's price support and production adjustment activities.

Future Scarcity?

This report called the farm surplus problem "costly and aggravating." But it said surpluses consist of a relatively small percentage of the crops involved. And, noting the nation's constantly mounting population and the dwindling supply of good cropland, it said "there is no assurance that today's surplus problem may not become a problem of scarcity in the future."

Morse said the report seeks to "defend and justify many of the obsolete and discredited program policies which are responsible for the difficulties in agriculture today, but which the subcommittee majority seems to prefer."

The undersecretary said committee criticism of inadequacy of crop controls reflects a weakness in the farm laws themselves and not in administrative action.

Hospital Releases Airman Badly Burned On July 17

A.2c Barton Noll, a Lincoln Air Force Base medical aide, was discharged from Veterans Hospital Wednesday.

Noll, 19, became a "human torch," according to witnesses, the evening of July 17 at the A&W Root Beer stand at 941 No. 48th.

The airman suffered 1st and 2nd degree burns of the upper body, neck, arms and hands, plus minor burns of his face and head, when gasoline which he was priming his car's engine caught fire after spraying on his clothes.

Youth Held In Attacks At Schuyler

Schuyler (AP) — Jerry Louis Nemnick, 15, of Longmont, Colo., was held in the Colfax County jail Wednesday pending a decision of Colfax and Platte County officials on the filing of charges in connection with two attacks on women Tuesday.

Platte County Attorney C. Thomas White and Safety Patrolman Harold Moon said Nemnick admitted in a statement assaulting a teen-age Columbus girl Tuesday morning after threatening her with a knife, and threatening a Schuyler housewife a short time later.

Police said he apparently entered the Columbus home and surprised the girl when she came in from the yard. At Schuyler he fled when the woman screamed. The officers said apparently robbery was the motive in both cases.

Jet Plane Aloft Testing Atlas Guidance System

One of the 9 Omaha Atlas missile sites is undergoing equipment testing — one of the final stages before the missile itself is installed — with the help of a jet plane masquerading as a missile.

At the Atlas site near Mead, a mechanical monster developed by General Electric is testing out its tracking abilitv by use of a C-131 based at Offutt Air Force Base.

The plane, packed with testing equipment and controls, is sent on its course by the GE equipment — a radio-command guidance system.

When the tests are complete, the tracking system will be certified as ready to track and guide the Atlas missile which will be installed at the Mead site.

4 to 6 Weeks

Sam Peach, GE official supervising the checkout of the equipment, said that the testing should be completed in from 4 to 6 weeks. He added that the checkout was the final big hurdle to be achieved before the missile could be installed on the launching pad.

The tracking system is tested by sending radio signals from the Mead base tracker to guide the airborne "slave plane" which is simulating a missile.

The plane carries recording equipment which retains the data sent to it and also the responses which the plane made. After the plane lands, engineers can check the records to see if the equipment is performing its most important duty.

If the plane were really an Atlas, equipped with a nuclear warhead, one faulty mechanism in the tracker could endanger the area.

Ike Okays Roesch For Postmastership

Washington (UPI) — President Eisenhower sent to the Senate the following nominations for postmaster: Nebraska—Wilber H. Roesch, Falls City.

Administrative Assistant To Board Of Control Resigns

The Board of Control announced Wednesday that Richard C. Reische has submitted his resignation as administrative assistant to the board, effective Sept. 16.

Reische

Board Member Mrs. Ethel Kirwin said the board accepted Reische's resignation with "deep regret," and added they were "extremely sorry" the state could not maintain a salary scale which would prevent private industry from taking away men of Reische's stature.

Reische, who has served as top aide to the board for the past 3 years, will become credit manager for Pegler and Co. of Lincoln, wholesale grocer and fixtures firm.

He held a similar position with a Beatrice wholesale firm prior to his service with the board.

In his letter of resignation, Reische said his position of administrative assistant had been a "rewarding experience" and thanked the board for its cooperation.

"It has been a source of pride to know that the policies and decisions made by the Board of Control have been motivated by the highest principles and to realize the deep concern the Board has shown for those unfortunate persons committed to their care," he said.

Board members said they had no one in mind at this time for replacing Reische.

French Nobleman's Son Getting Good Look At Nebraska Poultry, Livestock Industries

By Glenn Kreuscher
Farm Editor

Nebraska's livestock and poultry feed industries are getting a close appraisal from the son of a French Count.

He is E. De Thieulloy, a feed mill official from Vannas, France.

In a Lincoln visit Wednesday Thieulloy compared feeding livestock on a 40-acre French farm with the expansive operations he had visited in Nebraska.

Average Operation

The average French livestock operation was described as having 10 to 20 dairy cows and from 20 to 80 hogs, with poultry one of the leading industries.

Thieulloy estimated that 85% of the feed manufactured by his mill is used by poultrymen.

French law does not permit the feed manufacturers to include hormone additives in feed. They can use antibiotics.

Pelleting of feed has become very popular and much of the content is similar to American feeds except very little corn is fed to their cattle and hogs.

Imports

Among the imports used by French feed mills are milo, soybeans and cottonseed meal, fish meal and distillers' by-products.

Integration of the poultry industry has not reached French farms. Thieulloy described his firm as having a packing plant for poultry but the French farmer retained his independence in making decisions regarding the feeding and care of his poultry.

There has been a reluctance by the French to accept poultry or livestock that has been commercially fed, a condition which is fast changing, Thieulloy said.

Nebraska's efficient farming and the friendliness of the people he has met in the state were rewarded with kind remarks by Thieulloy.

His tour of the state is being sponsored by the O. A. Cooper Co., of Humboldt, Beatrice and Cozad.

Thieulloy Examines A Volume On Beef. (Star Photo.)

Carter Lake Boundaries Fight Warms

Des Moines (AP) — The argument over which state should have the town of Carter Lake — Iowa or Nebraska — went through another round Wednesday before the Iowa Boundary Commission set up by the state Legislature.

The commission heard extensive appeals in favor of Iowa retaining title to the town and not to surrender to Nebraska's claim.

Carter Lake lies along the Missouri River between Council Bluffs and Omaha. Meanderings of the river over the years had placed some boundaries in doubt but the stream has been stabilized and Army Engineers say it won't wander anymore.

Not To Yield

DeVere Watson of Council Bluffs, former state senator and now city attorney for Carter Lake, asked the commission not to yield to any claims by a similar Nebraska boundary committee. He said it would deprive town residents "of their citizenship in as great a state as Iowa."

State Sen. Frank Hoxie (R-Shenandoah), chairman of the Iowa commission, said Carter Lake people want to remain Iowans by an overwhelming majority.

Carter Lake residents will be able to air their views at a public hearing which the commission scheduled for Sept. 17.

Khrushchev Praises Japanese Exhibit

Moscow (AP)—Premier Nikita S. Khrushchev visited the Japanese industrial exhibition in Moscow's Sokolniki Park and said it is better than the American exhibit in the same park last year.

Escorted by Japanese Ambassador Suemitsu Kadawaki, Khruschev spent 90 minutes touring the impressive exhibition of Japan's industrial prowess.

He displayed special interest in Japanese textile machinery and printing machines.

Welfare Board OKs 8 Darby Fund Applications

The State Board of Public Welfare Wednesday approved 8 more applications for scholarship grants from the Katie Darby Fund for Nebraska youths.

Total amount of the requests granted Wednesday was $3,191.

This brings to approximately 25 the number of requests granted since the Board broadened the policy last month of administering the funds.

Original Bequest

The late Miss Darby left an original bequest of $129,585 to be administered by state public welfare officials to assist needy and worthy Nebraska youths in obtaining additional education.

Originally the board restricted the grants to youngsters who were wards of the state, but the policy was broadened July 19 to include those youngsters who were not necessarily on assistance rolls, but whose families could not help them obtain education beyond high school.

The bequest was made on the basis that it would include vocational training as well as higher education.

10 Year Limit

The fund was established on the basis that it be spent in 10 years. With 3 years remaining, there is approximately $95,000 in the fund.

Members of the Fund Committee are the 3 members of the Board of Control, the director of the Division of Public Welfare, and the chief of the Nebraska Office of Child Welfare.

Governor Succession Law 'Hazy'--Beck

By United Press International

Governor Brooks will have to declare himself disabled and unable to run the state government if Lt. Gov. Dwight Burney is to take over as acting governor during Brooks' illness, according to Atty. Gen. C. S. Beck.

Beck, who called present statutes on the subject "vague" and called for revisions, said he also interpreted the law to mean the governor alone could declare himself able again and resume his duties.

The problem included partisan overtones because Brooks is a Democrat and Burney is a Republican. If Brooks were to declare himself disabled because of the congestive heart failure which has kept him hospitalized for more than a week, he would have to turn the administration over to the opposition party.

Signed Papers

Brooks' Administrative Assistant, Robert B. Conrad, said the governor had conducted some state business and had signed official papers from his hospital bed.

This is not without precedent, even during Brooks' term. During his two previous periods of hospitalization—once while he was recovering from a mild stroke and once during prostate gland surgery — Brooks retained his office.

Beck said that when Charles W. Bryan was governor of Nebraska, he directed the state government from his bed for two months.

Burney 'Ready'

Burney, who has remained at his home in Hartington, said he was ready to go to Lincoln any time and offered to help any way he could. He has been kept up to date on Brooks' condition by Conrad.

Burney said he was not clear on the proper procedures for succession in the case of disability. He thought if no action were taken by the governor, a citizen could request a hearing before the attorney general.

But Beck said there were no provisions for such a hearing.

'Hazy, Marginal'

The attorney general said the statutes were so hazy that he was certain he would be called in if the question arises. "But," he said, "We don't have much to go on. It's one of those marginal things."

Beck said the Legislature should consider changes. He suggested a commission be appointed to certify the disability of the governor. The commission, he said, should include a Supreme Court justice, a physician and a constitutional officer.

Republican National Committeeman Donald Ross of Omaha said Wednesday he thinks "Most Nebraskans feel the lieutenant governor should be asked now to assume the duties of the governor until Mr. Brooks regains his health."

He added that "Republicans and Democrats alike hope the governor's disability will be very short and that he will make a speedy recovery."

Burney said he did not want to press the governor on the subject because he did not want it to look as if he wanted to take over for partisan motives. Furthermore, he said, "A person never wants to take advantage of another while he is down, not unless he was pretty sure the other person was thoroughly out of the picture."

Friday Graveside Rites Set For Miss Eva Annette King

Lincoln Star Special

Wichita, Kan—Grave side services will be held at 3 p.m. Friday at Wyuka Cemetery in Lincoln for Eva Annette King, 69, of Wichita, prominent Nebraska educator and elementary school principal.

Funeral services will be held at 3 p.m. Thursday at the Byrd-Snodgrass Funeral Home in Wichita.

A native of Dunbar, Neb., Miss King was a graduate of Syracuse High School and the University of Iowa and had taken postgraduate work at the University of Nebraska.

Served As Principal

She served as principal of elementary schools at Adams, York, Kimball, Holdrege, Norfolk and University Place, moving to Kansas in 1935.

She had been an elementary school supervisor in the Kansas schools and for two years served as director of elementary education for Sedgwick County. She had also served on the faculty of Friends University in Wichita.

She was past president of the Kansas Assn. for Childhood Education, a member of the planning commission of Kansas State Teachers Assn., and was a member of PEO, Zonta International, Business and Professional Women's Club, and the Eastern Star of Douglas, Neb.

Surviving are two sisters, Mrs. Lucile Baber of North Kansas City, Mo., and Mrs. Lena Stevenson of Lebanon, Ore.; one nephew, and two nieces.

Massive Cuban Work Stoppage Set For Friday

... Public Demonstration Planned Against San Jose Declaration

By Harold K. Milks

Havana (AP) — The left wing directors of Cuban labor called Wednesday for a massive work stoppage Friday to swell the public demonstration against the San Jose declaration.

Prime Minister Fidel Castro Tuesday called for a giant rally to answer the San Jose conference of the Organization of American States (OAS) which condemned Cuba's acceptance of Soviet rocket support against any U.S. intervention.

Jesus Soto of the 1½-million member Cuban Confederation of Labor sent out orders for the work stoppage.

In Havana, normal work will stop at noon Friday to give the unionists time to change into their workers' militia uniforms and assemble at Civic Plaza to hear Castro.

Castro is expected to flail again at what he calls the "dollar loyalty" of other Latin American nations who went along with the United States at San Jose.

Castro charges that the United States bought their support with lumps of Cuba's sugar quota and promises of a giant Latin American aid program.

He has predicted that the Latin American reaction will lead to a rebellion against the "Yankee empire."

Castro may use the rally as a forum for some new declaration or action of his own, such as withdrawal from the OAS. Cuban Foreign Minister Raul Roa walked out of the San Jose conference.

The stage has been set for some such action by Castro's accusations that "agents of Yankee imperialism" plotted to shoot down Roa's Cubana airlines plane that was to return him from the conference Tuesday.

The presidential palace said the plot was circumvented by Roa's flying home ahead of schedule in a Costa Rican plane. Roa's Cubana plane was used to fly 15 Cuban newsmen back to Havana.

The Cuban government has given no details of the alleged plot to shoot down Roa.

In Washington, White House press Secretary James C. Hagerty said of Castro's charge: "It's one of the most ridiculous that I have heard emanating from Cuba and, of course, it is completely untrue."

Young Soviets, Adrift For 7 Weeks in Pacific, Will Become Sailors

Moscow (AP) — Three young Russian servicemen rescued by an American warship after 7 starving weeks adrift on the stormy Pacific Ocean have decided on a sailor's life and entered a nautical school in Leningrad, Tass said Wednesday.

The trio — Anatoly Kryuchkovsky, Askhat Ziganshin and Filipp Poplavsky — were reported in perfect physical condition by doctors at the school

The 3 entered school after a month in a sanitarium and several weeks' vacation.

They said they hoped to return to the Pacific, where they received their baptism as seamen.

A fourth survivor of the ordeal, Ivan Fedotov, has entered a river transport school in Blagoveshchinsk in eastern Russia, Tass said.

The quartet's landing craft tore loose from its moorings during a storm off their base in the Russian Kuriles last January, and they drifted helplessly until sighted by the U.S. aircraft carrier Kearsarge During their weeks at sea they were reduced to eating boot leather.

Big Order From Chiang

Taipei, Formosa (AP) — Nationalist China has signed an agreement for purchase of $14,200,000 worth of U.S. agricultural commodities.

Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add three. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key number left to right. Then read the message the letters under the checked figures gives you. —MASS. TEAM ADVANCES—

Hastings Club Defeated, 4-1

. . . NEW ORLEANS LEGION WINS

By Larry Novicki

Hastings, Neb. — Four unearned runs in the last of the 8th inning gave New Orleans a 4-1 win over Hastings Wednesday night in the American Legion Little World Series here.

Pittsfield, Mass., won Wednesday night's earlier game, 9-5 over Billings, Mont., with the aid of 11 bases on balls.

A record Duncan Field crowd of 6,417 sat in on the proceedings and went away unhappy when 4 Hastings errors accounted for all the New Orleans runs.

Taylor Walet singled for New Orleans with one out in the 8th and moved to second when Jim Hunt's throw from left field went awry.

Walet scored when Louis Priche got on via another miscue.

Two walks loaded the sacks. Dick Roniger fouled out, but catcher Joe McMahon lined a single to center plating two runs.

Hastings center-fielder Bob Bennett booted the ball, sending McMahon to 3rd. Bennett threw to Larry Uhrmacher at 3rd but the ball got through and McMahon was safe at 3rd and 3 more runs crossed.

Hastings missed several golden opportunities. The Nebraska champs left 14 stranded.

Hastings picked up its run in the top of the 7th when a bit of strategy on the part of New Orleans coach Kevin Trawer didn't pan out.

With two out and Dennis Barker perched on second, Trawer chose to give Hastings slugger Al Curtis a free pass.

Hastings boss Earl Applebee then called for the double steal and it worked. Mike Melnick drilled a sharp grounder to the left side and New Orleans Chuck Gray bobbled the ball, scoring Barker.

Hastings outhit the lads from Dixie 6-4, but 6 errors shattered the Nebraskans' hopes. It was the first loss for the home-town heroes in the tourney.

This afternoon at 2 p.m., Billings plays Brooklawn, N.J., with the loser being eliminated.

Tonight at 6, Hastings faces Miami, Fla., a team it walloped 8-0 in the first round.

Pittsfield and New Orleans tangle in the winner's bracket at 8:30.

Hastings ace Sam Hoagland will face the Foridians.

For Billings, the first game loss was only its 8th in 60 games this season.

90-Degree Scorcher Greets Cornhuskers On Photo Day

. . . TWO-A-DAY PRACTICE SESSIONS START TODAY

By Don Bryant

Boiling 90-degree heat greeted the University of Nebraska Cornhuskers Wednesday afternoon as they gathered for Photographers' Day, the initial 1960 football session.

While the shutterbugs sent the Huskers through their paces, Coach Bill Jennings mopped his brow and said:

"We may have to slow things down a little bit if this heat keeps up."

With the weatherman predicting 98 for Thursday — practice routine—the slow—opening of the two-a-day down could come early.

"It isn't so much a case of calling off practices, as it is easing off the temp," Jennings explained. "The one thing we want to guard against is fatiguing the boys and inviting injuries."

The Huskers are slated to work behind closed doors at 9:15 a.m., and 4 p.m.

Jennings said a "good, stiff two-hour workout" is planned this morning, with the usual fare on tap—pass defense, offensive polishing, line defense, agility drills.

"We won't have any full-speed team contact, but we'll be doing some head-butting in group work," Bill said.

Jennings had expected 58 players to report Wednesday, but Jim Burd and Ed Richards were A.W.O.L.

Burd, a sophomore right guard from North Tonawanda, N.Y., is still expected to report, Jennings said.

However, nothing is known about Richards, a sophomore from Grand Island since he hasn't contacted the coaching staff all summer.

Unless Burd or Richards make an appearance, Jennings will have 56 Huskers in tow this morning.

Several position experiments are on tap for the early going, according to the initial lineups.

Key changes are the shift of Soph Quarterback John Faiman of Omaha from quarterback to right halfback, a move designed to get some size and speed at that spot.

Transfer of sophomore Bill Macdonald of Edina, Minn., from left end to left guard, is another shift which should add some size and quickness to the interior line.

Other changes from earlier positions charts: Pete Williams from left guard to left end; Paul Fuehrer from right guard to left tackle; Dwain Carlson from left guard to right guard; Jed Rood from right guard to right tackle; Larry Tomlinson from left end to right end; and Fred Fisher from right halfback to left halfback.

The opening day lineups:

Left ends — Dick McDaniel, Port Arthur, Tex., Jim Huge, Holdrege; John Bond, Missouri Valley, Ia.; Larry Donovan, Scottsbluff; Pete Williams, Dayton, Ohio.

Left tackles—George Haney, East Point, Ga.; Dick Krause, Augusta, Ga.; Leon Janovy, David City; Monte Kiffin, Lexington; Paul Fuehrer, Long Island, N.Y.

Left guards—John Ponseigo, Chicago, Ill.; Al Fisher, Princton, Minn.; Bill Macdonald, Edina, Minn.; Darrell Cooper, Fort Worth, Tex.; Joe Gacusana, Lincoln.

Centers—Don Fricke, Hastings; Mick Tingelhoff, Lexington; Bob Kitchen, Omaha; Ron Eissler, Omaha; Ron Michka, Omaha; R. J. Hamsa, Ord.

Right guards—Dick Kosier, Watertown, S.D.; Gary Toogood, Reno, Nev.; Tyrone Robertson, Toledo, Ohio; Jim Burd, North Tonawanda, N.Y.; Dwain Carlson, Fullerton.

Right tackles—Roland McDole, Toledo, Ohio; Bob Jones, West Point; Archie Cobb, Mobile, Ala.; Al Wellman, DeSmet, S.D.; Jed Rood, Columbus, Ohio; Ron Borer, Toledo, Ohio.

Right ends—Pat Salerno, Omaha; Don Purcell, Omaha; Bill Comstock, Scottsbluff; Mic Drum Fremont; Larry Tomlinson, O'Neill.

Quarterbacks—Ron Meade, Canby, Minn.; Pat Fischer, Omaha; Dennis Claridge, Robbinsdale, Minn.; Ernie Bonistall, Williamsville, N.Y.; Jim Little, Grand Island.

Left halfbacks—Gene Ward, Glenwood, Ia.; Pat Clare, Sioux City, Ia.; Bernie Clay, Quincy, Ill.; Bennie Dillard, Mt. Pleasant, Tex.; Fred Fisher, Kansas City, Mo.

Right halfbacks—Clay White, Toledo, Ohio; Warren Powers, Kansas City, Mo.; Gary Warden, Fremont; John Faiman, Omaha; Dennis Steuwe, Hamburg, Minn.

Fullbacks—Noel Martin, Clay Center, Kan.; Bill Thornton, Toledo, Ohio; Dallas Dyer, Lexington; Steve Olsen, Sioux City, Ia.; Brice Young, Sargent.

Nieder Tosses 64-6¾; O'Brien, Long Are Close

AMERICAN SPRINTERS, HURDLERS, 800 CORPS STAY IN CONTENTION; HARY SPEEDS 10.2

By Ted Smits

Rome (AP) — Mighty Bill Nieder of the U.S. Army and the University of Kansas led the United States to the first one-two-3 sweep of the 1960 Olympic Games Wednesday, winning the shot put with a record smashing toss of 64 feet 6¾ inches.

Parry O'Brien, the Los Angeles banker trying for his 3rd straight Olympic gold medal, was second with 62-8⅜ and Dallas Long of Phoenix, Ariz. 3rd at 62-8.

O'Brien's Olympic record of 60-11⅛, set at Melbourne in 1956, was shattered beyond recognition while a crowd of 60,000 roared.

It was a supreme triumph for Nieder who was almost left off the American team after finishing 4th in the trials.

Satisfying Win

It also was a satisfying victory over O'Brien who had called Nieder a "cow pasture performer who only does well in meets where there is no competition."

Rated an alternate after failing to make the team, Nieder set a pending world record of 65-10 in training. When Dave Davis of Canoga Park, Calif., hurt his wrist, Nieder was moved into the first team.

The American musclemen picked up 19 points among them and sent the United States over the 100-point mark but front running Russia scored heavily in Greco-Roman wrestling and pulled further away.

After 6 days of competition Russia led with 164½ points. The United States had 110, Germany 97, Hungary 76½ and Italy 72½.

Aussies Dominate

Although the U.S. track and field team came through as expected, the swimmers failed to break Australia's domination of the men's 400-meter freestyle and 100-meter backstroke, won once more by Murray Rose and Dave Thiele.

NIEDER . . . wins gold.

Rose broke the Olympic record for the 400 with a 4:19.2 clocking to beat one of the strongest fields in the history of the sport.

Alan Somers of Indianapolis, who set an Olympic record in a trial heat, was 5th.

Record 100

Theile also set an Olympic record of 1:01.9 in the backstroke, breaking the time set by Bob Bennett of Encino, Calif. who was 3rd in the final.

Frank McKinney of Indianapolis won the silver medal for second place.

Chris Sets Mark

Promise of more points for the future was given in the heat performance of Chris Von Saltza of Saratoga, Calif. who broke the Olympic record with a 4:53.6 performance in the women's 400-meter freestyle.

Mike Troy of Indiana University also smashed the Olympic mark with a 2:15.5 timing for a heat in the men's 200-meter butterfly swim.

The strong U.S. team moved its 3-man entry through two rounds of preliminary heats in both the 100-meter dash and the 800-meter run.

All 3 Americans also survived the first heats of the 400-meter hurdles, but the entire delegation was wiped out in the 5,000-meter race.

Gals Fare Poorly

The American women's track and field team didn't fare as well as the men. The 3 girls were eliminated in the first heats of the 80-meter hurdles and the best U.S. performance in the broad jump final was a 16th by Willye White of Greenwood, Miss.

Russia's Vera Krepinka set an Olympic record with a leap of 20 feet 10⅝ inches.

Armin Hary of Germany, co-holder of the world 100-meter record, exploded with his patented start as the crowd yelled "ho" and wiped off the books the Olympic record shared by 5 Americans.

Off like a flash, Hary won his second round heat from fast-closing Dave Sime of Durham, N.C. and was credited with 10.2

Sime Does 10.3

Sime was timed in 10.3, equalling the old Olympic mark first set by Eddie Tolan in 1932 and equalled by Jesse Owens in 1936, Harrison Dillard in 1948 and Bobby Mor-

NU's Mullins Falls Short

Rome (AP) — Joe Mullins, former University of Nebraska runner competing with Canada in the Olympics, was eliminated from the 800-meter run Wednesday when he finished 4th in his qualifying heat.

Mullins' time was 1:51.3. P. Schmidt of Germany did 1:50.8 to win the heat.

ZIMMER, WILL DECIDE FIRST; BRAVES EXPLODE FOR SPLIT

Chicago (AP) — Home run shots by Bob Will and Don Zimmer gave the Chicago Cubs a 5-4 victory over Milwaukee in 10 innings Wednesday. But the Braves struck back and grabbed the second game of a doubleheader 11-7.

Zimmer averted a first-game loss when he slammed one of Lew Burdette's pitches out of the park with two outs in the 9th inning to knot the score. Will nailed down the victory with his two-out homer in the 10th.

Burdette, suffering his 9th loss against 15 victories, was pitching brilliant ball after a shaky first inning in which the Cubs scored a pair of unearned runs.

Home runs by Del Crandall, Chuck Cottier and Johnny Logan put Burdette ahead 4-2 before the Cubs turned on their late inning heroics.

A 5-run second-inning rally —capped by Billy Bruton's 3-run homer—sent the Braves winging in the nightcap.

Adding another run in the 3rd and two unearned runs in the 4th, Milwaukee held an 8-1 lead before the Cubs threatened.

The Cubs pushed across 4 runs in the 5th, 3 on Frank Thomas' 20th homer, but Milwaukee iced the contest in the 7th with a 3-run outburst touched off by Eddie Mathew's 31st homer.

Bombers, A's Swap Shutouts

New York (AP) — The New York Yankees and the Kansas City Athletics traded shutouts Wednesday, the A's taking the nightcap of the doubleheader 6-0 after rookie Bill Stafford had blanked them 1-0 on 4 hits in the opener.

Veteran Ned Garver baffled the Yankee hitters in the second game as the Athletics nicked Ralph Terry for two runs in the 6th on 3 walks and a single.

Then they got to Duke Maas, who relieved Terry at the start of the 8th, for 4 hits and 3 more runs in that inning and two hits and a final run in the 9th.

Garver has a 6-21 lifetime record against the Yankees and this was the first time he ever shut them out.

Terry allowed only 3 hits in the 7 innings he worked, but one of them was Russ Snyder's single with the bases loaded.

Mickey Mantle's tremendous triple scoring Yogi Berra, who had singled, in the 6th inning gave the Yankees the only score in the first game.

Ray Herbert was working on a two-hit shutout until then. He went the limit and allowed only 5 hits.

The Yankees now lead the A's on the season 16-4.

—GREEN BAY RALLY PAYS—

Chiefs Absorb 9-5 Walloping

Lincoln Star Special

Green Bay, Wis. — Lincoln's pitching fizzled in the late innings here Wednesday night as Green Bay rallied for a 9-5 Three-I League victory.

The Dodgers overcame a 5-3 deficit with 3 tallies in the 6th, then sewed it up with another outburst in the 8th.

Lincoln started fast when Don Buford tagged Larry Williams' first pitch for a homer.

Buford's single, Dick Selinger's triple—one of his 4 hits—and two errors added a pair of runs in the 3rd and the Chiefs got singletons in the 4th and 5th before Green Bay exploded.

The onslaught started against Ed Szyczewski, working in relief of Dick Kimball.

Fran Boniar's triple for 1 run and Dick Smith's 3-bagger for two more Dodger markers kayoed Szyczewski in the 6th.

Chuck Julian's sacrifice fly with the bases full and a two-run single by Don Carrasquel belted out Jerry Moeller in the 8th.

Dan Osinski, 4th Lincoln hurler, finally got the Dodgers out.

Szyczewski took the loss for the second night in a row, while Williams survived 12 Chief hits for the victory.

The two clubs close out their season series here tonight.

Shot Sweep Boosts U.S. Olympic Hopes

(Cont. From Pg. 41)

row and Ira Murchison in 1956.

The crowd apparently felt Hary jumped the gun but the officials ruled otherwise.

The first 3 in each second round heat qualified for the semifinals and all 3 Americans came through. Sime was clocked in :10.3 behind Hary, Ray Norton of Oakland, Calif., finished 3rd in his heat in :10.6 which was won by Horacio Esteves of Venezuela in :10.5. Frank Budd of Asbury Park, N.J., won his heat in :10.4.

The hopes of Lt. Bob Beck of San Diego, Calif., of winning the individual modern pentathlon title were dashed when he faltered in the cross-country run and Ferenc Nementh of Hungary took the crown with 5,024 points.

Beck Wins Bronze

Ermc Nagy, another Hungarian, was second with 4,988 followed by Beck with 4,981 — a bronze medal the United States never expected to win.

Hungary took the pentathlon team title with 14,863 points followed by Russia with 14,309 and the United States with 14,174.

In the second round of the 200, with the first 3 in each heat qualifying for the semi-finals, Tom Murphy of Brooklyn, N.Y., won his heat in a neat 1:48, Jerry Siebert of Willits, Calif., finished 3rd in his heat in 1:51.3 and Ernie Cunliffe of Claremont, Calif., did 1:49.7 to take second.

Hurdlers Score

In the 400-meter hurdles, Dick Howard of Albuquerque, N.M., qualified with a second place in :51.2, Glenn Davis, of Columbus, O., the defending champion, advanced with a second place in :52.2, and Cliff Cushman of Grand Forks, N.D., won his heat in :51.8.

MORYN'S POKE HOISTS CARDS

Cincinnati (AP) — A 6-hit pitching performance by Ray Sadecki and Walt Moryn's two run homer boosted the St Louis Cardinals back into second place in the National League Wednesday night as they whipped the Cincinnati Reds, 2-1.

It was the youthful Sadecki's 3rd victory over the Reds this season.

Moryn's game-winning blast came in the 6th inning just when it appeared Cincinnati's starter, Jay Hook, was on his way out of trouble.

Hambletonian To Blaze Hanover

Du Quoin, Ill. (AP)—In a historic 4-heat session, fastest ever trotted by 3-year-olds, Blaze Hanover Wednesday won the record $144,590 Hambletonian by a neck in a race-off with Quick Song and Hoot Frost.

It was a great comeback and a personal victory for Blaze and his crafty driver-trainer, Joe O'Brien.

The big chestnut son of former winner, Hoot Mon, owned by the S. A. Camp Farms of Shafter, Calif., had not a victory all year after setting a record for 2-year-old trotters in 1959 by winning $142,052.

This was only a 3rd time in the history of the trotting classic that 4 heats were needed to determine a winner.

KEEPING SCORE

With Al Beebe

Star Sports Staff Writer

Vince Aidrich, Pius X coach, will be sweating out more than the progress of his Thunderbolt gridders in the next few weeks. He'll also be interested in whether his team will be in Class A or B this campaign.

With 201 boys last year, Pius was the second-largest Class B school. The school has grown continuously in enrollment, and the trend is likely to be followed again this year.

"I'd just as soon get in there and get it over with," says Aldrich, who has been trying to improve his schedules every year. Vince has problems, since it's tough to break in on a Class A school's schedule, generally planned well in advance.

This year's slate has 5 Class A opponents, 3 in B, plus strong Sioux City Heelan.

One of the Pius A foes, Falls City, is in danger of falling to Class B. Falls City had 205 last year, and could drop along with Lexington. Ogallala is the other B school likely to move into Class A.

Shake Up Ratings

Enrollment shifts will likely shake up the ratings this year, particularly in 8-man ball.

Under the new classification system, 4 of the Class A 8-man schools in last year's final ratings will be in Class B this fall, unless they gain in enrollment.

These include 8-man champion Lawrence, plus the 8-9-10 clubs, Dorchester, Eagle and Amherst.

The new classification system, set last year for basketball, presents a problem for the prep rater. We won't know, for certain, what class any school is in until every school has reported its enrollment.

Previously, the system was such that we knew as soon as a team sent in its enrollment to what class it belonged.

But this year, the breakdown will, in 11-man, put the largest 32 schools in Class A, the next 64 in B, and the rest in C.

For 8-man ball, schools Class C or larger will be called Class A, the rest Class B.

So teams may find themselves rated in Class C, for instance, for the first week or 2 of ratings until new figures come in upping them a notch.

Few Teams To Repeat

Few 1959 champions are likely to repeat this campaign.

David City St. Mary's, Class C champ, should have another powerhouse and may win again.

Fairfield, Class B 8-man king, has nearly all its stars returning, but will find B competition rougher this season.

State champion Creighton Prep should be down a bit after 2 fine seasons. Class B king Holdrege has only 7 returning lettermen. Lawrence lost its best, as did 6-man champion Bladen.

Doris Injured; Can't Compete

Rome (AP) — Doris G. Fuchs, a 22-year-old student from Rochester, N.Y., will not be able to compete in the Olympic gymnastic competition following an injury she suffered during practice.

Miss Fuchs suffered a fracture of the little toe in her left foot. Doctors declared her curable in 15 days.

Gernert To Tigers

Chicago (AP) — The Chicago Cubs have announced the sale of outfielder-first baseman Dick Gernert to the Detroit Tigers.

SACRIFICE FLY BEATS CHISOX

Washington (AP) — Washington shoved across a run in the bottom of the 9th tonight on Earl Battey's sacrifice fly to beat Chicago 2-1.

Jack Kralick, a rookie left-hander, pitched 6-hit ball, marking up his 6th win against 3 losses. White Sox starter Bob Shaw took his 11th loss against 12 wins.

Defeat dropped Chicago 4 games behind the American League leading New York Yankees.

Oldtimers Woodling, Brown Carry Orioles

Baltimore (AP) — Two "Old Men" among the youthful Baltimore Orioles carried them to a 6-3 victory over the Cleveland Indians Wednesday night. Gene Woodling hit a grand slam homer and Hal (Skinny) Brown pitched 8 scoreless relief innings.

The Orioles moved to within one game of the American League leading New York Yankees whom they meet in a 3-game home series starting Friday.

The 38-year-old Woodling's homer in the 4th inning was the second of his 16-year major league career with the bases loaded. It also extended his current streak of hitting to 17 straight games.

It brought the 10th victory to the 35-year-old Brown who shut the door on the Indians on 6 hits after the first inning.

Lefty Steve Barber's wildness provided Cleveland with its 3 runs in the first inning.

Ex-Gridder Paralyzed:

DICK KADIS IS 25, CELEBRATION QUIET

Cleveland (UPI)—Dick Kadis celebrated has 25th birthday here quietly, without moving a muscle or saying a word.

Mr. and Mrs. Charles Kadis had only a small family gathering at the home in suburban Seven Hills where their son sits paralyzed in a lounge chair.

Dick was a 223-pound sophomore lineman for Geneva College, Beaver Falls, Pa., on Sept. 29, 1956, when he helped recover a fumble that led to a 12-6 Geneva victory at Waynesburg, Pa.

In the bus after the game he collapsed.

Brain surgery was performed in St. Francis Hospital, Pittsburgh. Months later, still in a coma, he was removed to a hospital here and last Jan. 26 he went home.

$67,000 Given

Contributions to a Richard Kadis fund, headquartered in Beaver Falls, totalled nearly $67,000 to pay for the costly hospital care which continues.

"Dick is up to 200 pounds, healthy, strong and feeling fine," said his father. "But we still don't know how much he recognizes, how much he understands when we talk to him."

Early this year, Mrs. Kadis was stymied in plans to move her son to Spears Hospital, Denver.

Airlines refused to accept the responsibility of such a passenger.

"We had planned to leave for Denver in a couple of weeks" said the elder Kadis. "The Burlington railroad made all the arrangements, including a transfer at Chicago.

"However, my wife's father suffered a stroke and she is bringing him to our home" he added. "This complicates our plans and probably will mean a delay of several weeks at least."

Kadis said he thought there was a "great possibility" that something could be done for his son at the Denver hospital.

Watches TV

Young Kadis spends most of his waking hours watching television. A nurse helps care for him part of the day and a doctor calls frequently.

Geneva College did not carry insurance to pay for hospitalization costs of its athletes. It did contribute $1,000 toward the expenses.

In addition to contributions in the Beaver-Ohio valley area, money flowed in from individuals, from numerous college benefit games, dances and organizations.

HARLAN COUNTY:

Duck Blinds Draw Slated On Sept. 18

Lincoln Star Special

Republican City—Permits for the location and construction of duck blinds at Harlan County Reservoir will be issued on Sunday, Sept. 18, reservoir manager W. H. Frazier has announced.

Standing in line for permits will not be necessary this year, Frazier promises. Blinds will be issued by drawing, scheduled for 8 a.m. Sept. 18.

Available blind sites are being staked out now to give those hunters interested in obtaining one a chance to become familiar with the area and to decide which site he will select.

The reservoir area west of the highway crossing at Alma will again afford additional space for both shore and floating blinds. This area will not be staked out for the draw.

Nebraska's duck hunting season begins on noon Oct. 8, running 50 days.

BABE RUTH TITLE

St. Paul, Minn. (AP) — Two-hit-pitching by 200-pound Tom Wolfe and a 3-run spree in the 3rd inning brought Huntington, W.Va., the National Babe Ruth League title with a 3-0 victory over Charlotte, N.C.

Owner Honore (left) And Folse . . . Check Out Offy Pete Will Drive At State Fair Races.

OFFYS, CHEVROLETS HEADLINE STATE FAIR BIG CAR RACES

Offenhausers and Chevrolets are expected to be in the spotlight when the nation's best dirt-track drivers clash in the big car races at the Nebraska State Fair Sunday.

Of 21 drivers already entered, 10 will pilot Offys, 9 Chevrolets. One Ford and one Plymouth are also in the lineup.

Pete Folse of Tampa, Fla., who won all 3 races he entered last year at the State Fair, is again back with his Hector Honore Offy.

Another clean sweep could boost Folse and his Offy into contention for the International Motor Contest Assn. (IMCA) crown which they won last year.

The big cars run Sunday, Monday and Thursday. Early entries, their home towns, owner and make of car, number and color:

1. Pete Folse, Tampa, Fla., Hector Honore Offy, No. 2, black.
2. A. J. Shepherd, Gardena, Calif., Diz Wilson Offy, No. 71, orange.
3. Buzz Barton, Tampa, Fla., Red Lempelius Offy, No. 5, red, white and black.
4. Jerry Blundy, Galesburg, Ill., Helm Offy, No. 3, red.
5. Jerry Shumaker, Wichita, Kan., Goodrich Chev., No. 69, blue.
6. Bob Malhouser, Omaha, Mocca Offy, Circle Deuce, blue and gold.
7. Eddie Loetscher, Kirkwood, Mo., Howard Offy, No. 6, gold.
8. Hugh Randall, Louisville, Ky., Lawhead Offy, No. 14, white.
9. Kenny Wines, Kokomo, Ind., Seachrist Offy, No. 44, black.
10. Carl Williams, Kansas City, Mo., Randol Offy, No. 5, blue and yellow.
11. Wally Roberts, Des Moines, Roberts Chev., No. 7, pink.
12. Jerry Hayes, Topeka, Kan., Still Plymouth, No. 17, brown and white.
13. Frank Wright, Danville, Ill., Wright Chev., No. 23, yellow.
14. Dale Reed, Wichita, Kan., Chet Wilson Chev., No. 25, red.
15. Eldon Wilson, Canton, Ill., Eldon Wilson Chev., No. 33, red.
16. Al Sherman, Van Nuys, Calif., Sherman Corvette, No. 88, blue.
17. Bill Nelson, Wichita, Kan., Forshee Chev., No. 3, red and white.
18. Bob Stokes, New Castle, Ind., Butler Thunderbird, No. 33, pink and black.
19. Walt McWhorter, Wichita, Kan., McWhorter Chev., No. 15, maroon.
20. Bill Sullivan, Broderick, Calif., Pitman Chev., No. 98, red.
21. Johnny Knox, Des Moines, Knox Chev., No. 77, blue.

CIGARETTE TAX INCOME UP IN STATE

The state received $553,432 in August cigarette tax collections compared with $522,494 reported for August of last year, an increase of $30,938, Frank Golden, chief of the Cigarette Tax Division, said Wednesday.

Collections for the first 8 months of 1960 amounted to $3,983,942 compared with $3,773,642 collected during the same period in 1959, an increase of $220,300.

14 Applications For Sewage Plant Funds

Fourteen applications for a total of $767,532 in federal sewage plant funds for fiscal 1961 have met the Wednesday deadline, T. A. Filipi, Nebraska state sanitarian, reported.

Filipi said there was no last-minute rush to fill applications.

The amount of money forthcoming from the government, however, is still unknown. Filipi said that according to congressional action still pending, Nebraska could receive between $250,000 and $675,000.

A meeting of the State Water Pollution Control Council to assign priorities to the applicants has been set for Sept. 6, but may be delayed if the amount is still unknown by that time.

Last year the state received $686,650, which was divided among 24 applicants. It and previous programs brought the state about 60 per cent of the way toward cleaning up its streams. The federal aid program, which started in 1956, pays up to 30 per cent of the cost of sewage treatment facilities. The state goal is to have all the state's sewage treated by 1966.

8 Applications Filed

In addition, 8 applications for additional funds on projects already started have been filed. The total additional money requested is $128,723. The allocation of funds on the additional requests will also be up to the ater pollution control council.

The new applicants, types of facilities planned, total project cost estimate and amounts of requests are as follows:

Waco—Sewage treatment plant and outfall sewer; $24,870; $7,161.

Firth—Sewage treatment plant, lift station and force main; $23,010; $6,936.

York—Treatment plant, expansion and appurtenances; $230,600; $69,000.

Shelby—Waste stabilization lagoon; $19,577; $4,853.

Franklin—Treatment facilities; $103,600; $30,600.

Grant—Outfall extension and sewage oxydization lagoon; $26,180; $7,580.

Funk — Treatment facilities, outfall sewer, pumping station, lagoon; $44,110; $6,450.

Broken Bow—Treatment plant, outfall sewer; $294,844; $71,294.

Friend—Treatment plant; $73,352; $22,005.

Curtis—Treatment plant; $96,740; $28,902.

Niobrara—Force main and stabilization pond; $21,275; $5,550.

Omaha—Monroe Street interceptor from 12th and O'Herne Streets to 11th and Madison Streets; $1,397,960; $250,000.

Omaha—Missouri River sewage treatment plant; $9,582,040; $250,000.

Rising City—Sewer system and disposal facilities; $91,000; $72,000.

The additional requests were as follows:

Seward, $14,320; Red Cloud, $4,761; Plattsmouth, $21,753; Omaha (Hascall Street interceptor), $21,183; Nebraska City, $45,332; Bellevue, $10,677; Omaha (Seldin Heights), $7,830; Schuyler, $2,866.

NEW WORLDS UNFOLD . . .

There is one magic day in the year when a neighborhood sidewalk becomes the high road to adventure. It is that first day of the new school year when homes in every neighborhood send forth their little ones to join the army of starched, well scrubbed bundles of energy converging on the school. Pleasant anticipation runs high because today old friendships will be renewed, "new kids" will be met and tested, and the new teacher will be evaluated to the last detail. The first few days find Mom experiencing a strange awe at the silence in the house. It is a good time for her to ponder the wisdom of putting a Family Want Ad to work, to sell items the family no longer needs , to help defray cost of the new outfits which are at school with the youngsters. Journal and Star Family Want Ads live up to their name. They can help you in a hundred ways. Read them and use them.

JOURNAL and STAR WANT ADS

926 P Street Dial GR 7-8902

Stocks Show Small Gain

New York (AP) — The stock market Wednesday stemmed a retreat of 4 straight sessions and posted a small gain on balance. Trading was moderately active.

A late recovery by motors following a published prediction by a General Motors vice president that passenger car sales in 1960 could be as high as seven million stiffened the market's backbone. Most of the day it was a hesitant and mixed performance, starting with a decline, firming about midday and staging an irregular recovery in late dealings.

Telautograph and Comptometer, the two stocks which have been so jammed with buy orders that consecutive trading at "reasonable prices" has been impossible most of this week, again were in the spotlight.

The pile-up of buy orders was so great that neither stock could be opened until the morning was almost over. Then Telautograph was traded for only 27 minutes and Comptometer for only seven minutes. Enough orders were matched to effect final trades in each stock just before the final bell.

In the last trades, Telautograph was up ½ at 24½ on 36,000 shares and Comptometer was up 6 at 30 on 34,600 shares. Telautograph was sold earlier on a 25,000-share block and Comptometer was opened on a 65,000-share transaction. Both firms have equipment for sending visual messages via telephone, and now this can be done at regular telephone rates.

Gains of selected utilities, rails and aircrafts also helped the average. A number of specially situated issues made strides.

The Dow Jones industrial average dipped .41 to 625.99.

The Associated Press average of 60 stocks rose .10 to 220.40 with industrials off .30, rails up .40 and utilities up .70.

Of 1,208 issues traded, 506 advanced and 473 declined. New highs for the year totaled 49 and new lows 11.

Volume rose to 3,130,000 shares from Tuesday's 2,890,000.

Twelve of the 15 most active stocks advanced, two were unchanged and Foremost Dairy declined, dropping 1¼ as directors declared a dividend in stock instead of cash.

American Stock Exchange prices were mostly higher on volume of 1,330,000 shares compared with 1,330,000 Tuesday.

Both corporate and U.S. government bonds were mixed. Trading was quiet.

Volume totaled $3,900,000 par value. The daily average for the month has been close to five million dollars. The only lower total during the year was $3,690,000 for Feb. 12, Lincoln's birthday. Tuesday's figure was $4,270,000.

Market Holiday

Financial and commodity exchanges generally will be closed next Monday for the Labor Day holiday.

Markets At A Glance

New York (AP)—

Stocks — Slight gain.

Bonds—Mixed; trading lags.

Cotton — Steady; mill buying.

Chicago:

Wheat—Lower; liquidation.

Corn — Lower; September weak.

Oats—Lower with corn.

Soybeans — Lower; liquidation.

Hogs—Mostly steady; top $15.50.

Cattle — Slaughter steers steady to 25 cents lower; top 26.75.

Bell Telephone Officer Is Dead

Omaha (AP) — George A. Carlson, 61, assistant vice president of the Northwestern Bell Telephone Co., died after being stricken ill while on his way to work.

He had been in the Omaha office since 1951. He joined the firm in 1921 and was at Burlington and Des Moines, Ia., and Minneapolis before coming to Omaha.

3rd Setback In Grains Market

Chicago (AP) — The third straight general setback in the grain futures market dropped corn futures to their lowest levels of the season Wednesday and left several oats and rye contracts within fractions or so of their lows.

The losses were nearly all in small fractions, reflecting the dull trade. Dealers said commercial influences were virtually absent and that the trade apparently was standing off awaiting more conclusive indications of the volume of delivery tenders to be made on September contracts.

Wheat was ¼-⅜ cent a bushel lower at the close, September $1.84¾; corn unchanged to ⅛ lower, September $1.13½-⅝; oats unchanged to ½ lower, September 64¼-½; rye ⅜ higher to 1 cent lower, September $1.12⅝-½; Soybeans ⅛-½ lower, September $2.15-14¾.

Cheyenne Atlas Site Operational

Cheyenne, Wyo. (UPI)—Atlas Missile Site A northwest of here became fully operational when the last 3 launching positions were turned over to the Strategic Air Command.

The other 3 launching pads at the site, one of 13 located in a 60-mile radius from Cheyenne, were turned over to SAC earlier this month by the Air Research and Development Command.

The new facility was constructed under the supervision of the Air Force Ballistic Missile Division. The 564th Strategic Missile Squadron will operate the pads.

The Atlas complex at nearby Warren Air Force Base is the second SAC base to have an operational Atlas. Vandenberg AFB, Calif., also has Atlases operational, but the base is also used for training purposes.

Site A and 3 other sites are located 15 miles from Cheyenne, while the other 9 sites are located in Colorado, Wyoming and Nebraska in a radius of 60 miles from the capital city.

9:51 p.m., 59th and Vine, considerable damage to cab of a Grand Island rented truck.

Diligent Sleuthing Brings Recovery Of Cartier Gems

New York (AP) — Hour after hour the two men drove about the streets in Manhattan, over to Brooklyn and then back to Manhattan.

And hour after hour 7 other cars with some 30 men in them kept following, using radios to communicate with each other and to change the nearest shadowing vehicle.

Finally, just about midnight, the police in the 7 cars closed in and halted the vehicle they had been trailing.

The two occupants were taken into custody, and officers said they found a brown paper bag containing $30,000 worth of gems.

The jewelry was identified as that taken June 25 in a daring burglary pulled off by smashing a window of the famous 5th Ave. jewelry firm of Cartier, Inc.

In the pocket of one of the men, police said, was a packet of $30,000 worth of negotiable bonds of the American Telephone & Telegraph Co. believed taken in two Queens burglaries in July.

Those arrested were identified as Joseph Coffey, 23, and Kingdon De Normand, 51. A short time later police took into custody a third man identified as Juan Pasquale Fuca, 27. All had criminal records.

The trio's arrest came about because a sharp-eyed guard at Cartier's caught a quick glimpse of a man diving into the getaway car.

The guard, Conrad Millson, looked over criminal picture files and picked out some 30 photographs resembling the robber's features. Weeks of work by police and FBI men narrowed the list.

Wheat Growing Story To Be Told In Fair Exhibits

Three wheat exhibits will help tell the story of the wheat growing industry in Nebraska at the Nebraska State Fair.

The Nebraska Wheat Commission exhibit will tell the story of the wheat growing industry in 9 wheat importing countries. The 4 major exporting countries. The exhibit will feature wheat samples from: Japan, Equador, Colombia, Peru, Chili, Brazil, Romania, The Netherlands, India, Russia, Argentina, Canada, and the United States. Samples of eastern, central and western Nebraska wheat will also be included in the exhibit.

An exhibit by the Nutrition Education Division of the commission will tell the story of the work of that program aimed at educating more Nebraskans to the nutritional value of wheat.

The Nebraska Wheat Hearts, womens' auxiliary of the Nebraska Wheat Growers Assn., will also have an exhibit at the fair. Mrs. Ted Olson, Venango, president of the Wheat Hearts, and other officers of the ladies organization will be attendants at the exhibit.

All of the exhibits will be in the Agricultural Hall at the Coliseum at the Fairgrounds.

DEATHS

CELL—Funeral of Minnie May Cell, 86, of 1243 No. 22nd., who died Sunday, will be 3 p.m. Thursday at Umbergers, the Rev. Merrill Willis officiating. Mrs. Don Gossard, singer, Miss Barbara Unvert, organist. Wyuka.

CRAWFORD—Funeral of Mrs. Fannie Crawford, 99, of 1331 K, who died Tuesday, will be 4 p.m. Friday at Roper & Sons, 1319 N. Dr. C. Vin White officiating, Maryalice Macy, organist. Burial at 1:30 p.m. Saturday at the Urbana, Ia., cemetery. Friends may view at Roper & Sons, 1319 N, until the funeral. Mrs. Crawford was a member of First Presbyterian Church, and had been a Lincoln resident since 1912. Survivors: sons, Nelson A. of Topeka, Kan. and R. P. of Lincoln.

GIESBRECHT—Funeral of David M. Giesbrecht, 89, of 3020 D, who died Tuesday, will be 2 p.m. Friday at St. Paul's Lutheran Church, Beatrice, the Rev. Phillip Fry officiating. Burial at Evergreen Cemetery at Beatrice. He came to Nebraska in 1880 from Germany. After farming near Beatrice, he went into the cement contracting business there. He came to Lincoln in 1955 after the death of his wife. Survivors: daughter, Mrs. Donald E. (Viola) Hill, 3020 D, Lincoln; sisters, Marie Epp, Indianapolis, Ind., Lena Giesbrecht, Beatrice; brothers, Herman Giesbrecht, Odell, Nebraska, William Giesbrecht, Beatrice; numerous grandchildren and great-grandchildren. Griffiths-Fox Chapel, Beatrice.

HANSEN—Funeral services for Neil L. Hansen, 30, of Genoa, who died Wednesday at Veterans Hospital, will be held in Genoa with the Hasch Funeral Chapel in charge. He was born in St. Edward, and was a former employee of the CB&Q Railroad. Survivors: wife, Beulah; sons, Bruce and Steven; parents, Mr. and Mrs. Ernest Hansen of Genoa. Hodgman-Splain.

PHILIPPS—Funeral of Joseph A. Philipps, 74, of 131 No. 18th, who died Wednesday, will be 9:30 a.m. Friday at St. Mary's Cathedral, the Rev. John Flynn officiating. Calvary, Knights of Columbus Rosary at 7:30 p.m. Thursday Rosary at 8

Journal and Star Want Ads

Your low-cost Want Ad appears daily in the Lincoln Star (Morning) and the Lincoln Journal (Evening) or the Sunday Journal and Star at the following cash rates:

Words	Lines	DAYS 1	4	7	10
1—10	2	.80	2.56	3.64	4.00
11-15	3	1.05	3 60	5.25	5.70
16-20	4	1.32	4.64	6.44	7.20
21-25	5	1.60	5.60	8.05	9.00
26-30	6	1.85	6.48	9.24	10 20
31-35	7	2.10	7.28	10.29	11.90

These low-cost rates apply to Want Ads which are placed for consecutive days and are paid for within 10 days after the ad expires or is canceled.

Single paper rates either evening Journal or morning Star, are 95% of the combination rates. These ads would appear under "Too Late To Classify" column.

DEADLINES FOR FAMILY WANT ADS—Lincoln Journal (Evening)—Call before 10 a.m. Monday through Saturday for publication the same day. Lincoln Star (Morning)—Call before 6 p.m. Monday through Friday for publication on following day. Call before 5 p.m. Saturdays for Monday morning publication. Sunday Journal and Star—Call anytime before 1 p.m. on Saturdays for publication Sunday.

ERRORS: Advertisers should check their ad on first insertion and report any errors at once. Dial GRover 7-8902.

ADJUSTMENTS: The company is responsible for typographical errors or misclassification only to cancel the first day's charge on that portion of an ad that may be rendered valueless by that error. All ads will be classified properly.

AD ANSWER: Answers your phone when you can't. To have this service, include your own phone number and the words "or call Ad Answer GR 7-7873" in your ad. Dial GRover 7-7873 to receive names and phone numbers taken in your absence.

BLIND BOX SERVICE: There is a 50c additional charge for this confidential service. When using a Blind Box Number, add 4 additional words to your Want Ad copy, figure the charges from the above table and add 50c for Blind Box Service Charges.

OFFICE HOURS: Daily, 8 a.m. to 6 p.m., Saturday, 8 a.m. to 5 p.m.; Sunday, 9 a.m. to 12 noon.

TO PLACE ADS:
Dial GRover 7-8902
Visit Want Ad counter or mail copy to Journal-Star, 926 "P" Street, Lincoln, Nebr.

Milford Trade School Jam-Packed; Expansion Need Cited

Early registration shows that Nebraska's only state technical school will be jam-packed this fall, a condition that may be relieved only through the construction of new buildings.

That's the situation at the Nebraska Vocational-Technical School at Milford as seen Wednesday by Cecil Stanley, assistant state commissioner for vocational education.

Stanley said 433 students are registered, and about 450 are expected to sign by the end of the week—by far a record.

Previous High

The previous high was last fall when 380 began courses.

In addition, there will be about 150 on waiting lists, including about 45 for the new term starting in January and another 30 for the fall term of 1961, Stanley said.

Filled to capacity are the courses in electronics, diesel engines and automotive mechanics. There were still "two or 3" places open in watch repairing, carpentry and electrical technology, however.

Expansion Needed

The school must be expanded to accommodate all eligible comers in order to support Nebraska's drive for new industry, Stanley said.

Another educator, Dr. F. B. Decker, Nebraska commissioner of education, has previously stated he believes expansion of technical education would be the largest boost for industry that Nebraska could muster.

Stanley said the staff is available; only the buildings are lacking.

Levy Supported

The school receives about $90,000 a year through the state institutional building levy with which to construct new buildings. Three new units have been built in the last 4 years, and a fourth will be completed probably in January.

However, it will take 6 more years at the present rate to provide enough room for 700 students, the present goal, he said.

The 1961 Legislature will be requested to advance sufficient money to finish the job soon. It has been suggested it would come from the general fund or the institutional building fund, in either case being paid back later as money is allocated to the school.

Stanley said the first 3 buildings were put up at a cost of $5.90 per square foot, a below-average cost. The total institutional building levy is 1.1 mills, and is to finance building at all state institutions.

Eastern Railroads Increase Fares 5%

Washington (AP) — Fares of 15 major eastern railroads went up 5 per cent at midnight Wednesday.

The Interstate Commerce Commission said it would not interfere with the proposals of the 15 big lines to boost their passenger fares.

It said no protests against the increases had been received since the railroads proposed the boost a month ago.

WAVERLY MAN, NEIL HANSEN, DIES OF HURTS

Neil Hansen, 30, of Waverly, died Wednesday at Veterans Hospital from injuries suffered July 30 in a car-truck crash near Seward.

Mr. Hansen, who had been in critical condition since he was admitted, suffered 2nd and 3rd degree burns over 60% of his body, hospital attendants reported.

He was a passenger in a truck driven by Eugene H. Steenson, 42, of Lincoln, who was killed.

Mr. Hansen had been employed by the CB&Q Railroad.

Survivors include his wife, Beulah; sons, Steven and Bruce, both at home, and parents, Mr. and Mrs. Ernest Hansen of Genoa.

Services are pending at the Hasch Funeral Chapel at Genoa.

Mr. Hansen's death brings the state highway fatality toll to 167 to date, as compared with 229 for the same period in 1959.

Ex-Disc Jockey Insistent That He Told Truth

Washington (AP) — Former Boston disc jockey Norman Prescott Wednesday sharply contradicted sworn testimony by his former employer that Prescott had lied to congressional payola investigators.

However, a two-day House hearing called to clarify conflicts in statements by Prescott and his former employer, Paul G. O'Friel, ended with both sides seemingly as far apart as ever.

Rep. John E. Moss (D-Calif), a member of the Legislative Oversight subcommittee, said the purpose of the hearing was to try to determine whether perjury had been committed.

Chairman Oren Harris (D-Ark) ended the hearing after hearing O'Friel, general manager of Boston radio station WBZ, enter emphatic denials of Prescott's testimony to the subcommittee last February.

Prescott, in turn Wednesday, challenged O'Friel almost point by point.

Harris, who called the hearings after O'Friel protested last May that Prescott had reflected on O'Friel's personal integrity, declined to tell reporters what he thought the hearing had accomplished.

"Draw your own conclusions," Harris replied.

Prescott, a relaxed, fast-talking witness, accused O'Friel of slanting his testimony "by omission of very important facts."

Pakistanis To Congo

Karachi, Pakistan (AP)—Five planes of the U.S. Air Force left for the Congo carrying about 240 soldiers and officers of the Pakistani Army who will join the U.N. emergency force.
